

ACTON HIGH SCHOOL HIGHLIGHTS

By DALE WOODBURN and DAVE PEAL

Our annual commencement exercises were held last Friday in the auditorium of the Robert L. Public School. The program started off fairly punctual with the singing of O Canada and then the presentation of awards began.

Throughout the course of the evening entertainment was supplied by the boys of a Scottish dance by Jackie Dwyer and a vocal duet by Leslie Anne Daly and Margaret Davidson.

The valedictory address was given by Miss Helen McFadyen. She spoke of the work of the school and the importance of education in our lives. Her address was well received and she was applauded at the end of her speech.

Miss McFadyen was escorted with a valise by Miss Rose Stinson to the door of the St. John's Church.

The girls of the school will have a social at the home of Miss Helen McFadyen on Friday evening, November 21. The social will be held from 7:30 to 10:30 p.m. and will be a very enjoyable affair.

Exhibition Tournament
On November 12 the girls of Acton also got in on the athletic game. They met Georgetown in a three game volleyball tournament. Although it was only an exhibition tournament the girls tried their hardest.

Acton won the first game by the score of 14-12 and Acton also won the second by the tune of 14-6. The third game was not completed. After this strenuous afternoon the girls enjoyed chocolate milk and cakes provided by the Georgetown girls. All in all it was a pretty good day for the girls.

WE WERE SHOCKED

"When the awful truth of the doctor's words finally sank in, we were plunged into the depths of despair. He must be mistaken! For six long years we had hoped and prayed for a baby. And now, 'I'm sorry, but your child is mentally retarded'... the words echoed and re-echoed in the room. Since that heart-breaking day, we've learned there are a number of things that cause a condition like Ted's. Among them, it can be damage to the brain before, during or after birth. An incompatible RH blood factor, or German measles during early pregnancy. And many times, as with us, nobody knows the reason.

"Can you imagine what it meant to us learning there is such an organization as the Milton and District Association for Retarded Children? An average of 35 mentally retarded children are born in Canada every day.

"For the sake of all the parents who must bear the same crushing news—'your child is mentally retarded'... won't you make your donation today?"
