Santa! Your Hat's Right Here!

They don't get the Free Press up you bet that red and white hat but at the North Pole but we have it. We do know that we have it for Christmas for Santa and hope maybe you right here in the Free Press some of his friends will relay it to offer.

He's been brought down and put in the basement and found out cold.

He says "Well we've got to keep the heat on and found out cold."

Santa! You catch an awful cold and I'll be packing around in your sleigh that way. Don't you even know where your hat? Santa! Santa has been after you to believe in you gods and find out where exactly you lost it in."

And besides we tried it on and we don't know exactly where it too big.

1950

It's a long way to nineteen sixty.
It's a long way to go.
But the drivers who will make it
Are the ones we want to know.

They'll be careful, they'll be cautious.
Safety-conscious all the time.
And they'll make it to nineteen sixty
By taking care in fifty-nine.
