Headpin Hillites

In the Inter-county League, things remain the same. On the

home front, the Acton Merchants turned back Oakville with a three game loss. Down Streetsville way the Acton - Beardmores were absorbing a three game defeat, so the situation is this. With one Saturday to go, Acton - Beardmores currently hold down the third play-off spot. They need one game and totals from Oakville to make it. They play Oakville next Saturday. Acton Merchants trek Streetsville way and have to wipe out a three point deficit to regain first place and a bye in the playoffs.

With the award winners, it was Hank Earle uncorking a hot 847 which included a 373 single to walk off with the Gordon's Hardware award and likewise the Henry's clothing award for the

ladies; it was Jean Heppler making a neat 288 single to stock up the cupboard with some of the Ledger's I.G.A. foodstuffs. A 705 triple of Beryl Jordan's wins the cleaning services of the "Tops Cleaners" with the thirsty Teen-n-Unders, bowling the best over their averages to win the Reinharbs, Seven Up and Coca-Cola refreshments were Jim Jennings, Keith Andrews, Jill Morton and Sue Walters.

Latest banquet date is the High School League. They tie on the bib and tucker May 28. If he didn't believe it before, Martin Oehrich will believe the adage that "youth will be served", now. Bowling with

sun Hasey, a lad of 10 years, Harry beat Poppa by one pin in the first game. Poppa wasn't convinced and went for a second game. He lost again by one pin. Couldn't happen again, decides Poppa, but it did and by the same margin - one pin. To save Martin's pride, we admit that four games was too much for young Harry and Martin finally won one. And that, amigos, is it. Adios.

In the past 10 years inflation has reduced the purchasing power of the Canadian dollar by 22 1/2 cents, an average of about 2 1/2 per cent a year.

This minister of health and welfare insists on —
The large economy size
 Mother, as the family minister of health and welfare, knows the value of vitamins. She also knows that they cost money. So she has an eagle eye for the large economy size in vitamins, and many other things, when she shops. This way she keeps the family budget in line.
 The Minister of Health and Welfare at Ottawa has a budget too. He uses it to pay for various important services. Among these are Family Allowances and Old Age Benefits.
 Money for the Minister of Health and Welfare's budget comes through the Minister of Finance. This is true of other departments also.
 It's no secret how the Minister of Finance obtains this money. He gets it largely in taxes from millions of Canadians like you. If he spends more than he gets from you, he must turn around and borrow from you the amount he has overspent... or else create new money.
 The creation of new money is one factor that leads to inflation - when the dollar buys less and less. So, as a thrifty Canadian, you are wise to ask government only for those services you are willing to pay for... with taxes.
 Personally, you try to pay as you go, to live within your income. It is important that government try to do the same thing.
 You want to live well now and to realize all your ambitions for the best possible future. That future is tied up with a sound dollar - a dollar whose purchasing power you can depend on.
A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU
 THE FIGHT AGAINST INFLATION NEEDS YOUR ACTIVE SUPPORT
