Knox Ladies' Aid Planning Summer Picnic, Baking Sale

The members of Knox Ladies' Aid met in the church parlor for their regular monthly meeting. Presiding was the president, Mrs. A. McPherson.

The worship service was taken by Miss Marjorie Hall reading the lesson and Mrs. E. Grindell leading in prayer. Mrs. John L. Davidson contributed a vocal solo, in the Garden, accompanied by Mrs. D. Moran.

Plan Sale
Mrs. McPherson reported on the work being done in the vestry at the church and plans were made and a date set for a baking sale in August.

Mrs. A. J. Murray offered her home for the summer picnic in August. Mrs. J. Denny and Miss Rubena Clark were appointed as a program committee. Mrs. McPherson, Mrs. A. J. Murray and Mrs. Anderson as the lunch committee.

Save Labels
Ladies of the church are reminded to save the Canada Packers labels. The time is drawing near for the completion of this project. York brand and Maple Leaf products are the labels asked for. Information is available from any member regarding these for those who do not have a list.

Mrs. McPherson introduced a star contest. Mrs. Moran and Mrs. Anderson tied with the correct answers.

Meeting closed with the Lord's Prayer and the group adjourned to the basement for lunch, during which time good wishes were extended Mrs. G. Somerville, the secretary, who was leaving the same week for a trip to Scotland, England and some European countries and will attend the conference of the Associated Country Women of the World.

Mrs. R. L. Davidson expressed the thanks to the committee for a pleasant afternoon arranged by them.

The weather's been sticky.

WHICH SHE DOES

A flirt is a woman who feels she might as well make a fool out of a man as to let some other woman do it.

Here's one for the road

A man whose favorite pastime was golf married a woman whose hobby was attending auction sales. As it turned out, both talked in their sleep.

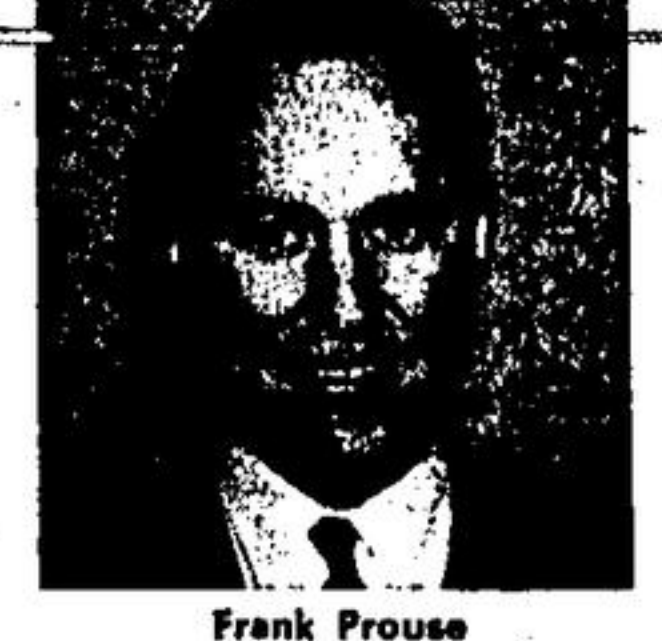

One night the husband hollered "Fore!"

His wife immediately shouted, "Four twenty-five!"

HEADACHES

By **ALBERT D. MOORE, D.C.**
Doctor of Chiropractic

After an interview and questionnaire of 6,000 people, it was found that 80 per cent. of 30-year-olds have headaches. Indeed, headache is one of the most common symptoms seen in a doctor's office.

It has been found that most headaches arise from tension of the muscles of the head and neck at the base of the skull. One of the most common causes of this tension is a misalignment of one or more bones in the neck pinching the nerves in the neck.

To merely treat the headache with pills without giving thought or care as to the cause of the headache is folly and can lead to more serious conditions.

Scientific Chiropractic care removes the cause of your headache by correcting the misalignment. It is the most logical way to treat most headaches. If you have been suffering with headaches, consult your Chiropractor for a spinal examination to determine the cause of your pain.

One of the series of articles written in the public interest to explain and illustrate the practice of scientific Chiropractic. Author's office is located in Acton.
