Three Vehicles Receive \$1,200 Damage Friday

Damage was estimated at a total of \$1,200 when two trucks and a car west-bound on Highway 7, east of the fourth line, Acton, were involved in a chain reaction collision last Friday afternoon, August 7.

The pile-up, in which no one was seriously injured, occurred when Fred Hancock, R.R. 2, Rockwood, slowed his pick-up truck just past the corner, Ken Hurron of Acton, driving a dump truck owned by Jack Ridley, also of Acton, collided with the Rockwood vehicle, and Harold Doune of Willowdale was in collision with the dump truck.

Lawn Bowling

In league play last week, Georgetown played at Rockwood. Final results were Georgetown 8, Rockwood 4.

Over the past four weeks, Georgetown bowlers have been burning up the league, and are threatening to take over first place.

Monday night, a fine turn out of local bowlers enjoyed the social which followed the games of the evening. The men did a fine job in providing lunch, and several demonstrated lots of ability at washing and drying dishes.

Wednesday night in league play, Acton was at Rockwood. Acton won three games to two and outscored Rockwood 85 to 73.

Acton: B. Voldhuis, Mrs. H. Heilwig, 20; A. White, Mrs. D. Carruthan, 22; J. Buckman, Mrs. V. Taylor, 20; W. Neer, Mrs. S. Oehlrich, 18; H. Rogers, Mrs. B. Veldhuis, 16; total, 86.

Rockwood: F. Alton, Mrs. M. Taylor, 18; D. Gray, Miss T.H., 8; A. Malby, Mrs. F. Kelso, 9; F. Kelso, Mrs. F. Kelso, 10; R. Darou, Mrs. Malby, 10; total, 73.

Also on Wednesday night Guelph played at Georgetown, but no results had been heard at press time.

League standing, August 8: Guelph 53, Georgetown 52, Acton 51, Rockwood 20.

Only in Prince Edward Island and Saskatchewan is pulp and paper not the leading or among the leading industries.

Driver of the Willowdale car and a passenger, Miss Norma McDowell, were treated by Dr. D. A. Garrett of Acton for minor cuts and bruises.

O.P.P. Constable Dave Hardy of the Halton detachment investigated the accident.

Seventh Day Adventists - Put Others to Shame - Rev. Moore

Continuing with the series of sermons, "Rivals to the Christian Faith," the Rev. G. A. B. Moore, minister of Rockwood United Church preached the second one, "Seventh Day Adventists" on Sunday morning.

He began by saying that the members of this large group that numbers 300,000 put the rest of the churches to shame by their devotion. He quoted the latest figures available, those of 1957 when statistics showed that each member of Seventh Day Adventists had given \$212 a year towards the support of their church. Members of the United Church had given \$45.00 a year.

As with Christian Science, this sect had a woman founder, Mrs. Ellen White, who learned from a Baptist farmer, William Miller. He was born as long ago as 1782 in Pittsfield, Mass., and never had much education.

William Miller set the date of the coming of Christ for 1841. Admitting his error later, he again set a date for 1844. Again in error, he gave up attempting to read what he called "the signs of the times." He frankly admitted his disappointment, saying "we should never be afraid to confess our errors."

Was Neurotic? Later Mrs. White, who was neurotic, said Christ had come. By an ingenious theory, Christ had come to the invisible sanctuary of Heaven.

Mr. Moore explained something of the change over from the Jewish Sabbath to our observance of Sunday. The old laws were superseded by a new era of Grace. In the light of Scripture, the claims of the Seventh Day Adventists stand condemned, he said.

Their second claim about the return of Christ to our earth belongs not only to them but is the very heart of our gospels. Many churches have prayed for the coming of the

Community Vacation School Attracts Nearly 100 Children

The second Rockwood Community Vacation School got underway on Monday morning with the registration of about a hundred eager children. They are from other churches in the village as well as the United church, with a few from Eden Mills and Ebenezer church.

Kindergarten and primary classes are being held in the United church with leaders Mrs. Lloyd Johnson, Mrs. Elwood Tash, Mrs. Loren Guild and Miss Naomi Jaffe. Junior and intermediate are in the Presbyterian church.

Their leaders are Miss Helen Byrne, Mrs. Fred Hosking, Mrs. Pearce and Miss Dianne Jackson. Others helping the leaders are June Lawrence, Darren Gordon, Edith Taylor, Fran Kelso, Marilyn Ostrander and Marilyn Patterson.

The program consists of singing, games and exercises for the younger children. The making of small scrap books, always a favorite

pastime for children, is one project.

Many Projects: Spatter work, a type of painting and the making of toy dolls, are two others. The dolls, made from pipe cleaners, are completed in a very short time. When done they are dressed, ready for a "village" to go on exhibit at the end of the week when parents will have a chance to see all the work on Sunday evening.

Morning past all too fast for the children who do most of the work with only a little assistance such as the painting on the faces of the dolls. This is watched with genuine interest as the instructor handles the brush.

The Rev. G. A. B. Moore, minister of the United church, opened the program on Monday morning and will work with the leaders throughout the week. Mrs. Gordon Harris is pianist, dividing her time between both churches.

Guest Speaker's Topic Highlights W.I. Meeting

The August meeting of the Acton Women's Institute was held Thursday afternoon at the home of Mrs. George Fryer, Mrs. George Hargrave, first vice-president, presided and conducted the business.

Mrs. F. Anderson was appointed acting secretary for the meeting in the absence of Mrs. A. Wilderspin, who suffered an accident a few weeks ago.

The roll call was answered with a gift parcel containing something made from a yard of material or a sugar bag. These were sold at the close of the meeting.

Guest Speaker: A special feature of the program was an interesting talk given by Miss Daisy Foster, a special guest, who spoke on the topic, "It is not what you start that

Fracas Halts Lacrosse Game Charges Laid

Acton Nicola lacrosse team, although victims in a 3-4 win over the Woodbridge club on Saturday evening, will possibly suffer the loss of one of their star players involved in a drawing room fracas.

In the early stages of the game, Fred Kentner of the Acton club and Ed Longhouse of the visiting club were banished for fighting and on reaching the sun room continued their fracas until ordered from the game by the referee. An automatic game suspension follows a match misconduct.

After returning to their respective dressing rooms Kentner is reported to have gone to the Woodbridge dressing room where he continued his battle with Longhouse.

The fracas continued unknown to the players on the field until the battling couple entered the spectators section near the playing field and the game was called until the fight was broken up.

Charges Laid: Constable Merv Hennessey of the local O.P.P. Detachment was called and charges were laid against Kentner who suffered facial injuries.

The game continued after the incident was broken up and Longhouse played a shoddy game as he held the visiting club to four goals.

Goal getters for the locals were Tallifer son, Gashy, Garbail and Hilsen, each counting twice and Fred getting the final tally.

The last morning Acton club played an out-of-doors game and kept the Woodbridge goalie Young on his toes throughout the tilt.

Review Caribbean Isles At Ebenezer W.M.S. Meet

Mrs. S. Grounble was hostess for the August meeting of the Ebenezer Auxiliary of the W.M.S. when many members and visitors attended. Mrs. M. Moffat presided and opened the meeting with the poem, A Prayer for Every Day.

The roll call was answered with verses containing the word, Harvest.

Mrs. Earl Ward had charge of the devotional part of the meeting. After the hymn, Birds Are Singing, Mrs. A. Norrish and Mrs. W. Dowby read scripture passages. Fern Wagner delighted all with a violin solo.

Reviews History: Mrs. Earl Ward reviewed the chapter on The Islands in the Caribbean from the study book in Cuba, African Negroes were brought over to replace Indians who were dying. About 1650, Anglican laymen from the U.S.A. brought the story of Christianity to these islands.

Missionaries were welcomed to the homes and did much to help overcome illiteracy and superstition. In the 20th century, many industries have been added to the sugar industry. Airplanes have brought many tourists.

Often Sunday Schools are held three days a week to accommodate all who wish to attend. This community brings light to the dark recesses of the Caribbean isles.

W.A. Meet: Mrs. G. Thomas presided for the W.A., when final plans were made

for a wedding dinner and a check on business.

What could taste better on hot buttered toast than peach jam? Here's my very successful recipe.

PEACH JAM
4 cups prepared fruit (about 2 quart ripe peaches)
1/2 cup lemon juice (2 lemons)
7 1/2 cups (3 1/4 lbs.) sugar
1 bottle Certo fruit pectin

How to prepare fruit. Peel and pit about 2 quart fully ripe peaches. Grind or chop very fine. Measure 4 cups into a very large saucepan. Add 1/2 cup lemon juice.

How to make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to full, rolling boil. Boil hard 1 minute, stirring constantly. Remove from heat; stir in Certo at once. Stir off foam with metal spoon. Strain and skim for 5 minutes to clear thoroughly, to prevent floating fruit. Ladle into glasses. Cover at once with 1/2 inch hot paraffin. Makes about 11 medium glasses.

Pectin: What is it? Here's the answer! Pectin is the jelling substance found in all fruits in varying amounts. Certo is pectin extracted from fruits rich in this natural substance, then refined, concentrated, and performance controlled. Using Certo and following the tested Certo recipes, means your jam and jelly will always set right.

Preserving Pointers: Certain fruits, such as peaches, pears, apricots and apples darken easily while you're preparing them for preserving. To help keep their color, place the fruit in a bath of 1/2 tablespoon salt and 1/2 tablespoon of vinegar to 4 cups of water. Then rinse them in clear water before you pack them in jars. That way they'll look every bit as good as they taste!

More recipes—more hints. Watch for them! If you've had a problem with your jam or jelly making, drop me a line. I'd be glad to help. Bye for now.
