He is looking forward to making many new friends in his new position and invites any and all inquiries pertaining to this extremely beneficial Medical - Surgical and Income Protection Plan.

Acton Area Families To Enroll In Hospital Medical-Surgical Plan

During Week of December 7-12

NEW HOSPITAL - MEDICAL PLAN EASY ON FAMILY PURSE

ACTON, December 3—Here is good news for Acton area families. Imagine what it means in peace of mind to have protection provided for those unexpected sickness and accident bills. Don't be caught short. We take pleasure in announcing this new Hospital-Medical Insurance Plan of the Combined Insurance Company of America with features that you and your family should have. Why should you drain your precious family savings or go into debt because of HOSPITAL BILLS?

You don't have to. Starting next week during the special enrollment activities in the Acton area you can have peace of mind that thousands of other families enjoy through the Combined Hospital-Surgical and Medical Plan.

Be sure to read every bit of the message on this page and then plan to be ready for the Acton area special enrollment week. **COMPARE THE LOW COST OF THIS PLAN WITH ANY OTHER YOU MAY HAVE.**

Some folks in the Acton area will read this message and say to themselves, "That's all very well but I have hospitalization protection." To these folks we wish to suggest that they check up right now, this week, to find out if the coverage they have would actually be adequate in time of serious emergency. Would it provide sufficient money to pay for private nurses around the clock in the event of really serious operations? Ask your doctor or hospital what it costs for room and board, special nurses around the clock, serious surgery or doctor's calls in the hospital.

So far this sounds very much like other hospital and surgical plans you have heard about. Here's where the difference begins:

Liberal allowances are paid for DOCTOR'S CALLS at HOME, DOCTOR'S OFFICE and HOSPITAL. That's right. You do not have to go to the hospital or be confined to bed at home in order to collect. This plan allows \$5.00 per treatment at home, \$3.00 per treatment at the hospital or doctor's office on a one-treatment per day basis from the very first visit the doctor makes for an accident anywhere, and from the first visit the doctor makes at the hospital for sickness, and, after the second visit or in the doctor's office. These medical benefits are limited to \$250. You may choose between a medical care or a surgical benefit.

Yes, if you require it, this plan will pay Maternity Expense for hospital, medical or surgical. Normal birth up to \$75. Caesarean section up to \$150.

In addition to all above, this policy allows \$15 for ambulance service.

HERE IS ANOTHER OUTSTANDING BENEFIT

In addition to the surgeon's fees, this policy allows up to 10 per cent. of the surgical benefit for an anæsthesiologist.

BEST OF ALL, YOU DON'T RENT THIS PROTECTION — YOU OWN IT

Unlike many other plans offered, this plan is Guaranteed Renewable in accordance with special policy provisions for the rest of your life. The Company cannot take it away from you when you develop a chronic condition and need it the most. They cannot take it away from you because you have retired or reached a certain age. The Company agrees to renew this policy—unless it declines to renew all like policies in the Insured's province of residence—upon payment from term to term and before expiration of the grace period, of the renewal premium then in effect. Yes, at last, here's a plan you can buy and keep for the rest of your life even though you use it over and over again.

EFFECTIVE DATES

Accident immediately and sickness originating after 30 days from date of issue are covered. Maternity benefits after 9 months.

ONLY EXCLUSIONS AND REDUCTIONS

No coverage is payable as the result of sickness or injury, if: (1) caused by war or any act of war; or (2) rest cure, physical checkup; (3) mental disorder; (4) dental care; or (5) while in hospital operated by the Dominion or Provincial government or any other hospital when no charge is made; or (6) sickness or injury covered under Workmen's Compensation or similar laws; hospital confinements beginning on and after 61st birthday; are limited to 100 days coverage; (7) hospital benefit provided under the Ontario Hospital Services Commission Act.

THE COMPANY BEHIND THE PLAN

1 The Combined Insurance Company was established in 1919

IMPORTANCE OF WORLD WIDE FEATURE

In this ever shrinking world of ours, families never know from month to month when they travel to the United States, Europe, or another Province or Commonwealth nation. They may even go as far as Asia or Africa. All of us know of someone who has had this experience. We also know that when in a strange place or country, that it is important to have adequate medical-surgical and hospital expense insurance to provide the best medical care, particularly where there may be hazardous and unhealthy living conditions. Many people attempt to buy limited accident in-

urance before a trip. Your Combined policy, because it provides worldwide benefits travels with you wherever you go.

RETURN PREMIUM BENEFIT FOR ACCIDENTAL LOSS OF LIFE OF THE INSURED ONLY

To the best of our knowledge this is an absolutely exclusive feature of Combined's Medical-Surgical-Hospital Expense policy. It provides for the return of all premiums during the 10 years immediately preceding the accidental death of the insured. Imagine, if after 10 years the premium for your entire family has amounted to \$1,000.00 or \$2,000.00 and the Insured is killed accidentally, the Company will turn all premiums paid on the entire cover through you may have received thousands of dollars in benefits under the policy. We know of no plan available in Ontario which provides all of these outstanding benefits, no matter how large the premium may be.

IT'S TO YOUR ADVANTAGE TO COMBINE ALL OF YOUR MEDICAL - SURGICAL AND HOSPITAL POLICIES UNDER THE COMBINED PLAN.

Yes, by having all of your Hospital - Medical - Surgical coverages combined with Combined's (with the exception of Group or Governmental insurance) you know where you stand at all times and can deal with one company for fast, efficient claim service.

Ask our Enrollment Representatives about Combined's Golden Age Policy. This plan is available to anyone at any age who can qualify as to good health. While it is not exactly the same as the policy outlined above, it also is Guaranteed Renewable in the same manner. All of the Combined plans are good anywhere in the world. With Combined you don't have to worry about something happening on that trip you always planned to take. If it does, your benefits are good wherever you may be.

Be sure to get the facts next week. In your own interest and for the protection of your family, find out all you can about the Combined plan. There is no obligation. Information is provided by our Enrollment Representatives for your benefit. Compare Combine's plan, talk it over with your friends. You will agree that this protection is vital to every family in your community.

LICENSED ENROLLMENT REPRESENTATIVES

Leslie Weaver will be assisted during the enrollment week only by the following licensed, especially trained enrollment representatives. These men are qualified to explain the plan to you, provide you with all the information and pertinent facts without obligation or, if you desire, to provide you with immediate protection for accident.

YOU MAY PUT YOUR TRUST IN COMBINED

Our Licensed Enrollment Representatives personally deliver each policy and explain all of its provisions to you. We want you to be completely satisfied.

MONEY BACK GUARANTEE

If you can obtain the same protection for less money within 30 days, we will be happy to refund any premiums you may pay. We will also refund any premiums you may pay if you can obtain anywhere more coverage for the same premium. We insist on satisfied customers and will do anything possible to achieve that end.

YOU CAN HELP YOURSELF TO PROTECT THE SECURITY AND FUTURE WELFARE OF YOUR FAMILY BY USING ANY OF THESE SIMPLE MEANS:

1. Ontario licensed representatives will call on YOU.
2. If you are missed, write Box 25, Acton Free Prem with your name and address and the most convenient time for our enrollment representative to call.
3. You may, if you prefer, mail this coupon direct and receive full information on Combined's plan.

ONE OUT OF THREE FAMILIES WILL SEND ONE MEMBER TO THE HOSPITAL THIS YEAR — BASED ON AVERAGES

Don't say to yourself, "It can't happen to my family" because averages prove that it can. That's why it's best to be on the safe side, when an accident and sickness does strike, you don't have to worry about high hospital, medical and nurse bills, in addition to your other worries. Today, in addition to the fast pace of life that seems to contribute to serious illness, sometimes whole family groups are hospitalized as a result of automobile accidents. Actually we're all alike in this respect. We just don't like to think of these things, but once again, let us remind you, you'll be mighty glad you've protected yourself and your family if you are suddenly faced with staggering bills for a serious accident or prolonged illness.

HERE IS WHY COMBINED NOW OFFERS THIS BROAD INSURANCE PLAN

It is often impossible in advance of sickness or accident to determine just what expenses are going to be incurred. For this reason Combined designed this policy providing for benefits that are not covered under the Ontario Hospital Services Commission Act, paying you \$10.00 a day for as long as 250 days of hospitalization in addition to any other protection that you may have for each covered sickness or accident.

BACKED BY LEADING TORONTO AGENCY

The Personal Compensation Agency, Ltd., with offices at 1415 Lawrence Avenue, W., Toronto, Ont., and Leslie Weaver stand ready to serve you and give you the kind of local claim service you deserve. Moreover, the Combined Insurance Company of America, and other companies in the Combined Group of Insurance Companies have offices throughout the entire North American Continent and are always ready to serve you anywhere.

QUICK RUN-DOWN ON PREMIUM COSTS BENEFITS AND EXCEPTIONS UNDER THIS PLAN

Pays up to 250 days for hospital room and board. Each year your policy remains in force, the number of days increase at the rate of 25 days per year, until it reaches a maximum of 500 days available to each member of the family for each covered accident or sickness.

In the event of a visit to the hospital and are fully protected by this plan. In addition to 250 day hospital plan including the hospital plan provided by the Ontario Hospital Services Commission Act you may use \$100 per day toward the cost of a graduate registered nurse.

You may also receive up to \$250-\$575 or \$300 surgical schedule. These amounts are payable for maximums chosen depending on the seriousness of the operation.
