Plea for Ald

The Crown Attorney made a strong plea for some solution to the problems in administration of justice space at the Court House, when he noted council was meeting that day in the Milton town half instead of the Court House, because of a large citizenship court. He said it was becoming increasingly hard to avoid conflicts in meeting and court times, and asked haste in the crection of a new administration building.

rowing of up to \$1,000,000 to meet the expenses of the year. It was agreed to approve the salary increases for employees, as recommended in the finance committee report at the last meeting.

Delegates to Meeting Memberships of \$10 each were renewed in the Association of Assessing Officers, and the Municipal Clerks and Finance Officers Association. The agricultural committee was delegated to the annual convention of the Ontario Agricultural Council, in February. with expenses paid by the county, Also approved was the annual \$50 membership fee in the council. Payment of the \$750 subsidy for Halton farm ponds to the Department of Agriculture was approved. It was noted the money was provided for in the 1959. budget.

A. P. Green Co. Install Bases For Missiles

G. V. Barbeau, manager of the A. P. Green Company in Acton, announced today (Thursday) that a branch of the company has received the contract to provide all refractories and installation service for the new Saturn project at Cape Canaveral, Florida.

This will be the largest refractory launching facility construct-

ed to date. The original castable launching platforms for the Redstone misprovided and installed by the same company.
