

New \$600,500 Sewerage System Serves Every Part of Community

In May of 1952, after negotiations for the site, a pumping station, and lines to the treatment plant, the sewerage system was installed in the town. This system will serve the entire town, including the area around the old town site, and will be in operation by the end of this year.

The activated sludge system treats the effluent to a range of 95 to 97 per cent purity and the average daily flow is 250,000 to 300,000 gallons. It was engineered with the ability to handle an increase in flow to 400,000 gallons per day.

There were a few trench cave-ins, but they were not serious. The system was installed in a record time, and the town is now served by a modern sewerage system.

The town council has decided to purchase a new fire truck to replace the old one. The new truck will be a modern, all-terrain vehicle, and will be used for fire fighting in the town and surrounding areas.

The town council has also decided to purchase a new fire truck to replace the old one. The new truck will be a modern, all-terrain vehicle, and will be used for fire fighting in the town and surrounding areas.

Mason Knitting Co. Founded 35 Years Ago by Local Man

The Mason Knitting Company, founded in 1917 by Amos Mason, has grown to become one of the largest manufacturing concerns in the town. It produces a wide variety of knitted goods, including sweaters, socks, and underwear.

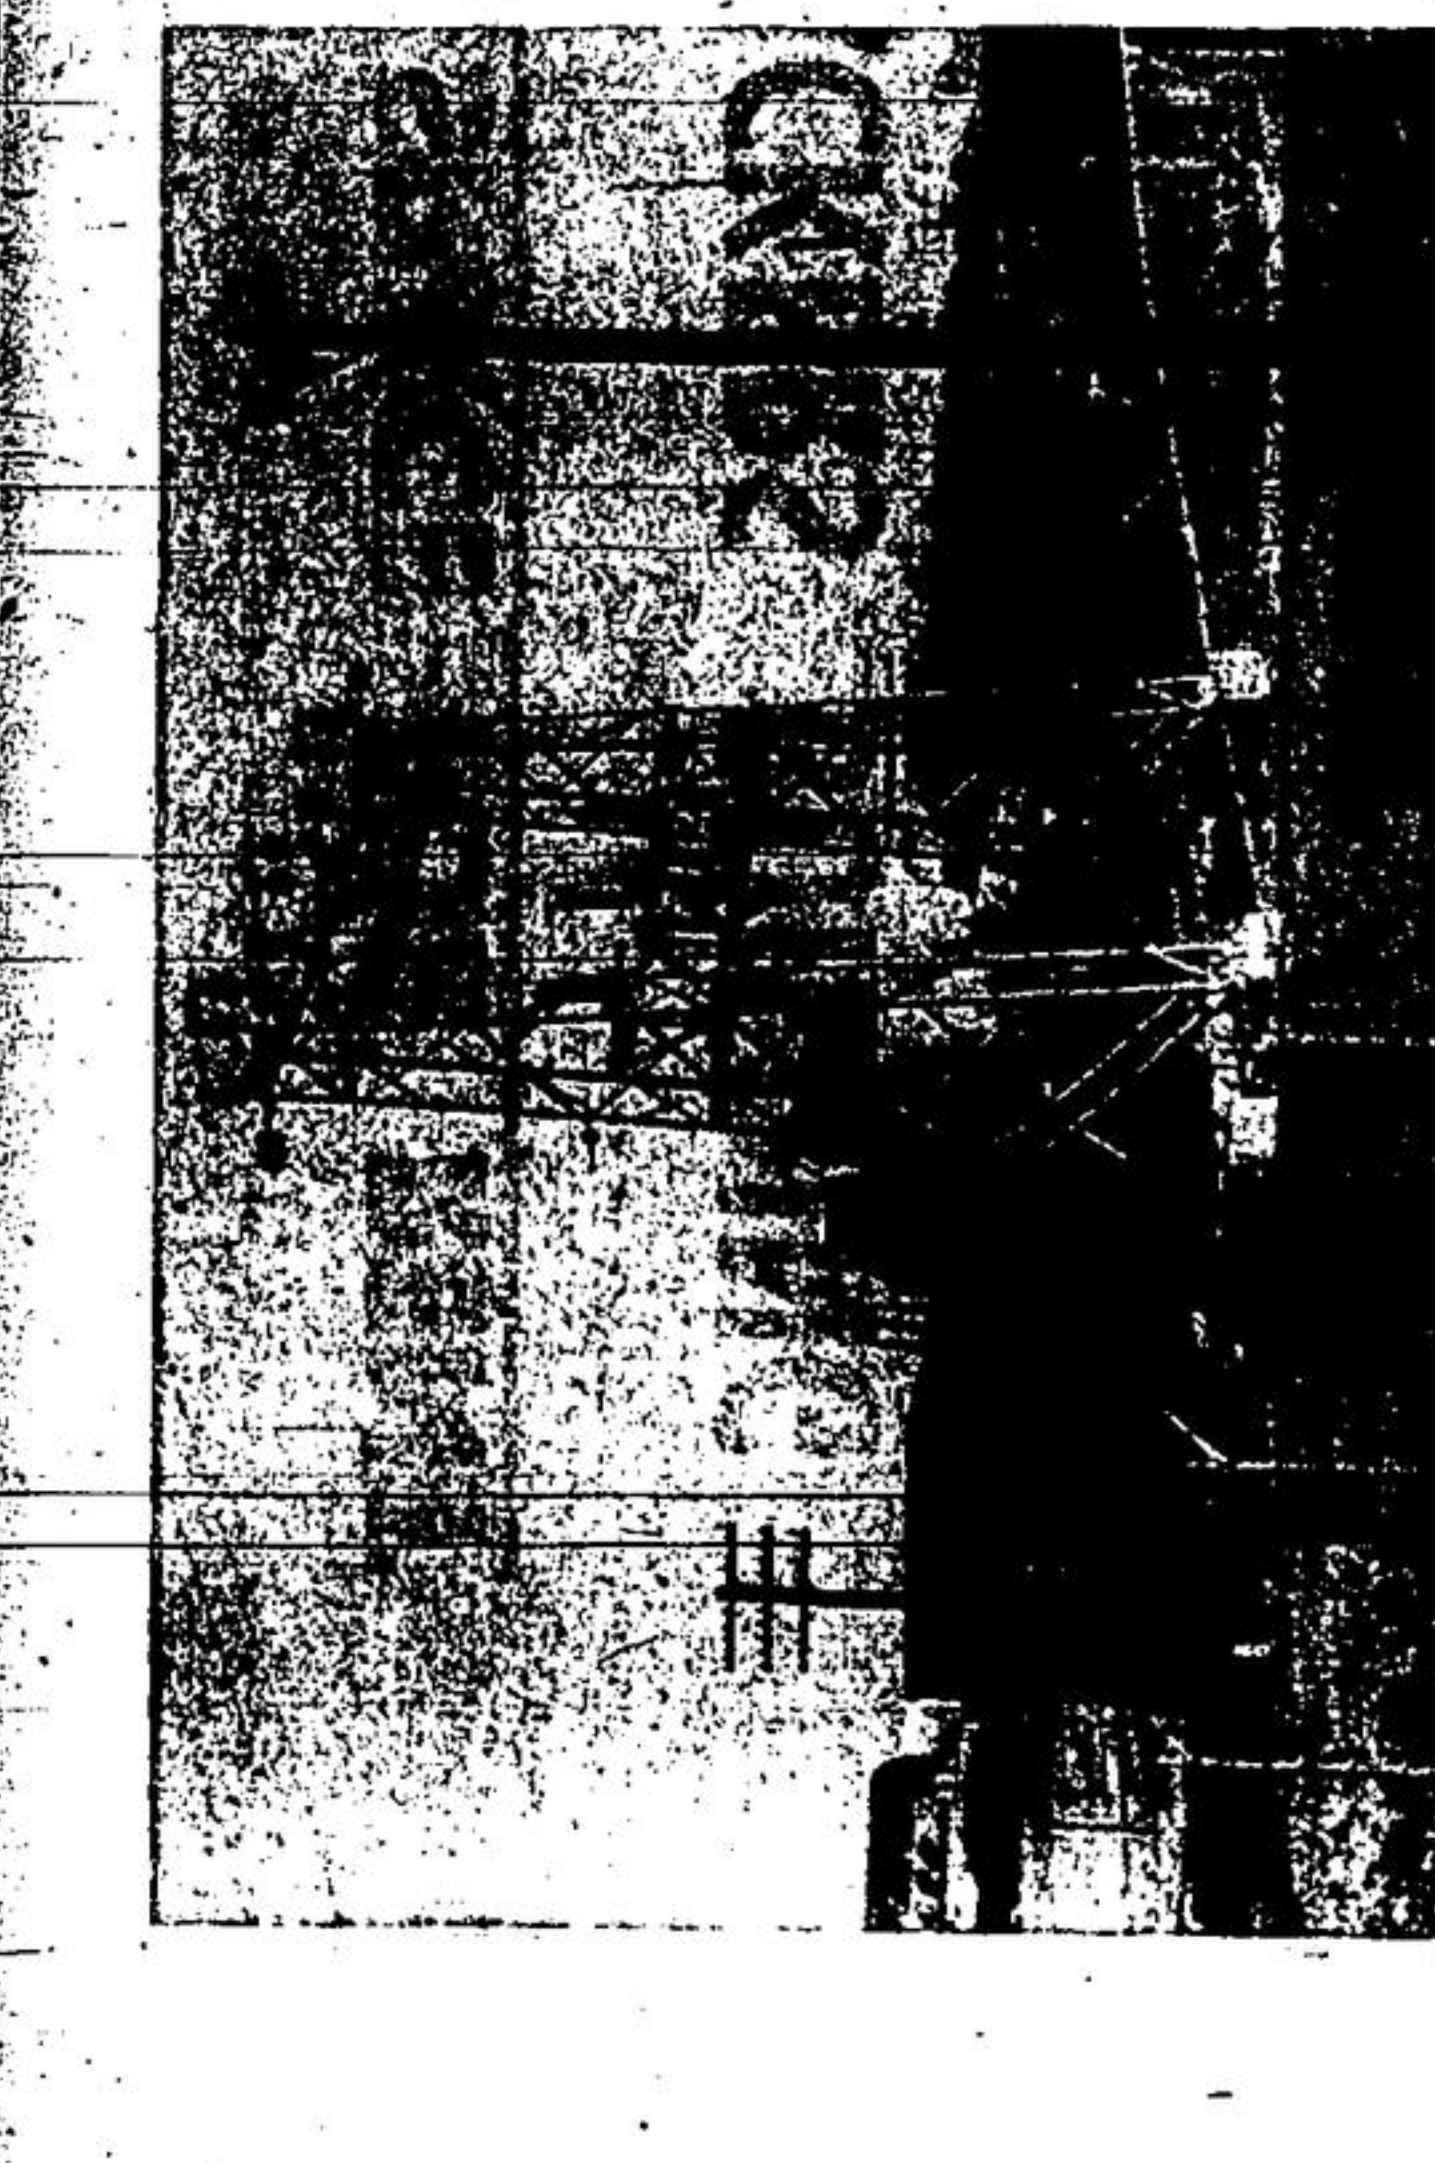

At the beginning of the year, the company employed 50 people. Today, the workforce has grown to over 100, and the company continues to expand its operations.

The company has a strong reputation for quality and service. It has built a loyal customer base and has established a reputation as a leading manufacturer of knitted goods in the region.

NO. 2 HYDRO SUBSTATION was brought into service in 1950. Situated on Queen Street at Hillcrest the new substation had a 2,000 KVA capacity which more than doubled the original capacity supplied by No. 1 substation on Willow Street. A new workshop was completed on Alice Street and new equipment has been acquired in order to keep pace with the town's growth.

Volunteers Erect New Parish Hall In Memory of St. Alban's Rector

The late Rev. W. G. Luxton was instrumental in starting the hall five years before, and died before its completion. The hall was dedicated to his memory in 1952, and the project was completed in 1953.

The hall is a modern, well-equipped building that will serve the parish and the community. It is a testament to the vision and leadership of the late Rev. Luxton.

Make Gloves for 30 Years

In the years before confederate materials and secured from the action of Canada, gloves were made in Acton, and today, still being made in Acton. Thirty years ago the late John Mowat started the Superior Glove Works, today the business is still run by the son, J. Albert Mowat, still on the same street—Main Street.

Telephone directories issued in 1951 for the first time included street numbers and addresses of "indicative of continuing growth".

HOUSEWORK'S AS EASY AS 1, 2, 3
