From a single school, considered obsolete even in 1950, public school accommodation in Acton has increased to two completely modern new schools in the last decade. Expansion has also necessitated utilizing what was formerly the high school as an adjusted to the public school systems.

As early as January, 1950, plans acre being laid for an addition to the old brack school, a school-bome for generations of Acton scholars. The fast addition to his building bad been in 1892 about the population of Acton and 1500 showed a population of over 1950 showed a population of over 1950 showed a population of over 1950 showed a population of the construction.

Bulging at Seams

Enrolment in the school consisted of Ne stadents in 10 class rooms and was considered to be bulging at the scams by Department of Education authorities. There was another into euronic that public school beard, consisting at Dr. G. Oakes, chairman, J. M. Creighton, T. Jones, C. Heard, T. Watson and J. W. Wolfe investigated the practicability of a new school adjacent to and connected with the old bifely building. With all their facts marshalled, the board met with Acton council in November, 1950. They presented blusprints and a boiler room. Estimated cost of the project—\$235,000.

Plans for Vote

Council endorsed the project immediately and gave approval for a vote to be taken at the December municipal elections, placing the issue diregitly in the issue diregitly in the school.

I after suppose elements of come is to hobbyists, and there are some is the many made entertainment? est to hobbyists, and there are dozens of clubs waiting to well an evision and reading of papers; bands and reading of papers; bands and church choirs; lotournaments and handicrafts.

But Acton has the advantages in the winter, skating and skiing to winter, skating and tilms of the stown was dense virgin forest.

But Acton has the advantages in the winter, skating and skiing to well an come with the stommer there's swim.

Outside speakers and tilms of the stown was dense virgin forest. The schools and the Legion sponsor ce lated to the many who have come to the Licentee. The stown was dense virgin forest.

The tender of J. B. Mackenzie and Son at \$143,700 for construction was accepted in January with additional contracts let out for plumbing and heating of \$29,000 and wiring \$9,390.58. Architect's tees of \$10,925.35 brought the total contracting price up to \$193, of \$15.93, well within the estimates. Dr. Oakes turned the first sod of the new addition in May, 1951, and the cornerstone was laid in August, 1951. On Tuesday, September 2, 1952, the new school addition opened its doors along with its elder vister, to welcome?

Leisure Hours

Nen. how short a period of time 125 kenwn, Mrs. Chins Languar, Mrs. Mari May single work is historically?

Yet, the best of the world's cock, entertainment is available—with the efforts of turning a dial. Trips to Toronto, Hamilton or Guelph for entertainment are regular.

The Night school classes have opened a whole new field of intercent dozens of clubs waiting to well come new members.

In the summer there's swim in the winter, skating and skiing sages ages.

Let to hobbyists, and there are lis 1955 Christmas present was in automatic cancelling Machine and an automatic cancelling machine, and 1957 to provide more space New boxes were installed making a boxes were installed making a new high of 663 available.

Let come may be world's low.
