Praise for Scout Movement Concludes with "Bitter Pill"

Acton, Ontario, February 1, 1960.

The Editor, The Acton Free Press, Acton, Ontario.

Dear Sir: As National Boy Scout Week is close at hand we of the Scout Group Committee would like to pass on to you and through you to your readers some pertinent facts relative to the Scout movement.

In Acton the movement is not sponsored by churches or any other organization as is the practice in most towns. The people of Acton are therefore the sponsors and they should be rightly proud of their charges. At the present time we have two Brownie Packs, one Girl Guide Company, two Wolf Cub Packs, one Scout Troop and one Rover Crew.

These boys and girls are under the direction of a few really dedicated leaders and assistants who deserve the highest praise for their labours but more so for the fine future citizens they produce.

"Good Scout" We have all at some time heard the expression "A Good Scout" applied to some person who is in all respects the "Top". Believe us this expression is not wasted on any of the youngsters or the leaders in this organization. We would like to say now that the training is not only giving knots but also learning the fundamentals of future citizenship and comradeship.

Our Rover Crew, formed a few weeks ago, is perhaps the best example we can offer of the aforementioned attributes. This group was formed with a nucleus of the recently invested Queen's Scouts, which honour is one of the

Chairman Outlines Scouting Asks Help to Retire Loan

Greeting: It's a long time since we have had a chat on Scouting in Acton, so let's go. Let us refresh our memories.

Do you remember? That the citizens of Acton are the sponsors of Scouting in Acton, subject to its obligations, responsibilities and acclaim.

That Scouting in Acton embraces the Brownies, Guides, Cubs, Scouts and Rovers, who enjoy the accommodation of Home-saw-nee.

That A.A. has found sanctuary there and use our scout home every Saturday night.

That the members of A.A. were a very real contributing factor in the recent major renovation and decorating project which has made our scout home more home-like, bright and cheerful.

That your Scout Group Committee acknowledges a debt of gratitude to them for their whole-hearted support.

That your Scout Group Committee will hold Open House during the month of May. A hearty invitation is extended to all to attend.

That the Brownies, Guides, Cubs, Scouts and Rovers' concert will be held in the Robert Little auditorium on Friday evening, February 12. A real treat for you. Don't miss it.

That we, the citizens of Acton, are co-owners of our scout hall. That we built it, enlarged it and maintain it.

That our scout hall is insured for \$20,000., contents \$2,000.. That last year we retired \$1,000 of bank loan.

That we have an outstanding bank loan of \$2,000.

Mrs. G. Harrap, Circle Hostess The Baptist Women's Mission Circle held their February meeting at Mrs. G. A. Harrap's home on Bower Ave. The president, Mrs. C. Landsborough, opened the meeting with the hymn "Stand Up, Stand Up for Jesus" and a prayer.

Miss Alice Pilkington read the minutes of the previous meeting, which were approved. Roll call was answered by members giving an article for the White Cross parcel.

Mrs. D. Cohen and Mrs. H. Cripps brought a most interesting devotional, reading scriptures, Psalms 127 and Corinthians 3, as an extensive resume of work in Angola and Africa. Mrs. Cohen gave a missionary reading entitled, "Mother's little boy".

most coveted in Scouting, and in our opinion, these young men are the type who cause parents to throw out their chests.

We cannot, however, show favoritism in this movement. All the kids make us very proud to work with them, their eagerness to help and learn and their fellowship to each other are our best reward.

Hard Working Groups To make over to the administrative side, we are very fortunate to have a body such as our Scout and Guide Mothers' Association, who have been active for quite some time and really perform a great job.

The Group Committee are a hard working few, who control the movement in Acton and are responsible to the Boy Scout Association for the efficiency of all aspects of the Movement.

It is now that we come to the bitter pill. We are desperately in need of active members for the Scout and Guide Mothers' Association. We cannot hope to continue satisfactorily without more help and we do not wish to jeopardize the future of the boys and girls.

Welcome to Visit We would like to ask the parents of the boys and girls, if they know what their child does at the Scout Hall? All parents are welcome at any time to visit and watch the activities of the various packs and troops and we would be only too pleased to see them.

And now, sir, we thank you for allowing us to express ourselves in your column and again stress our invitation to all interested citizens, call us or call on us.

Yours very truly, T. S. Newtor on behalf of The Scout Group Committee.

H. K. Porter Sales Highest in History C. L. Holbert, president, H. K. Porter Company, Inc., Pittsburgh, Pennsylvania, announced last week that net sales for 1959 reached an all time high of \$225,956,904, an increase of 66% over 1958.

Preliminary figures, according to Mr. Holbert, show an increase of 72% in net profit per share of common stock, from \$2.96 (adjusted for a 2% stock dividend paid September 30, 1959) in 1958, to \$5.09 in 1959. Holbert pointed out that these earnings were accomplished after a multi-million dollar expense for relocating part of the company's Division manufacturing facilities in a new plant now operating at Danville, Virginia, and heavy start-up costs on the new basic retrofitted plant at Pascagoula, Mississippi—and also after a major increase in depreciation charges from \$4,272,880 in 1958 to \$7,005,488 in 1959.

A review of the progress made by this highly diversified manufacturer shows a growth pattern during the 1950's matched by few if any major corporations. In the past decade, sales have increased by 82%, net income by 55%, and common stockholder's equity by 43%.

Porter Divisions serve industry with 55 plants in the United States, Canada (including Acton), Mexico and Europe, producing steel, rubber and friction products, asbestos textiles, high voltage electrical equipment, contractors' electrical equipment: motors, fans and blowers, paints, specialty alloys, refractories, tools, forgings and pipe fittings, wire rope and strand.
