More and more children are on the streets again — some of them going to school for the first time. Children will be crossing the streets, walking along country roads, waiting for school busses. Children are sometimes unpredictable, and it is up to drivers to stay alert and in full command of their vehicles in case an emergency arises. PLEASE drive extra carefully. Watch for children at crossing and on the streets. Give the right of way to school-busses. Be alert. The children may not see you — be sure you see them!
