My friend: have you been among them, or will you be this coming Sunday? You and I need to come for we are in dire need not of Christmas presents and not of some romantic scenery, but we are in need of a Savior; one who is able to save us.

We ask: "Do we need a Savior is sable to save us.

To celebrate Christmas is easy. It is easy just the same to go and adore the baby Jesus. As long as we look at Him as a baby we have no difficulties whatsoever. But to look at Him as a Savior does make a radical

UNTO YOU IS BORN THIS DAY change in our lattitude toward A SAVIOR, Luke 2:11. Christmas. To let Him reign in A strange message to a strange our hearts. A scribbreaking message to a strange our hearts. It demands sacribred speaking with shepherds. Shepherds Shepherds, watching their sheep, are informed of the great Christmas of lifes on our part, and a continual speaking with shepherds. Shepherds situation we wonder what this situation we wonder what this all meant to be. Shepherds were the outcasts of society. They were the lost people, they were the lost people, they were despised and dejected.

And let us now read Luke 2:11 Christmas. God became the outcasts of society. They were disrupted when man fell away throm God.

It means that in every walk is of life. I must reveal that I have neelebrated Christmas; that I have not not my sinful nature and have not not my sinful nature and have should my savior; that I will subject myself to Him in all of life. It found my savior; that I will subject myself to Him in all of life. Christmas . . God became whan — to heal what was disrupted when man fell away trom God.

Christmas . . God became the Man — in order to heal the breach slain in order to heal the breach slain by evil.

Christmas . . God became the God?

Turn off those lights. Turn them off. Never go to bed or leave the house without remembering to turn off the Christmas tree lights. Another thing: would you like to know how to make your tree last and last and yet be fire safe? All you do is to saw off the trunk an inch above the regular cut—saw it on an angle—and set the tree firmly in water Keep the water level up and you will have a tree that's as nearly firesafe as possible. Remember—there's no such thing as a tire-proof Christmas tree.

Keeps shining down ... there'll be Christmas and lo There'll always he Christmas ... as long as a tree Grows on a hilltop ... as long as the sea Breaks into foam on a white pebbled heach. As long as there's laughter and beautiful speech. There'll always he Christmas ... as long as a street Gives back the echo of homeward bound feet. And children with mittens and warm winter clothes Have bright eyes that sparkle and cheeks like a rose. There'll always be Christmas ... with holly and snow And church bells that ring in the valley below, Shop windows lighted and door-ways ajar, and over the housetops the glint of a star. The cavernous length of a stocking to fill. A wreath on the window ... a light on a hill the song of the angels ... and over again. The heautiful message ... Goodwill among men.
