Live Better Electrically

"She thinks she's so great just 'cause she lives in a Medallion Electric Home"

Not really! It's just that pride of ownership is part of the pleasure of living in a Medallion Home. So many things are "great" about it!

The Medallion Standard gives you a great deal of home comfort, convenience and safety, and protects your home investment through power, light and appliance conditioning.

These features include a full capacity service and housepower panel-plenty of appliance circuits, outlets and switches to take care of your present and future electrical needs. And completely installed in every Medallion Home is a new fast-... recovery, two-element electric water

heater, ready to supply an abandance of hot water at all times the low-cost, flameless way. And as you would expect in a truly modern home, the lighting in Medallion Homes is planned for extra beauty and safety both indoors and out. Before you buy or build a new-homefind out how you can enjoy the wonderful advantages of Medallion electric living ... call your electrical contractor or your local Hydro Office.
