TWO-WAY ACTION AGAINST PROFIT-ROBBING POULTRY DISEASES

Terramycin

Now! Get two-way insurance on poultry profits with Terramycin Poultry Formula with Anti-Germ 77. This double-barrelled weapon, specifically designed to fight poultry diseases, embodies a powerful water disinfectant that kills germs in the drinking water while potent Terramycin fights disease in the birds. The superior antibiotic action of Terramycin controls more poultry diseases, faster, including profit-robbing CRD. It also combats secondary infections, enabling birds to get back on their feed fast after setbacks due to disease or stress.

Use Terramycin Poultry Formula with AG 77 for prevention and treatment of disease, against stress and to stop laying slumps. It helps you get young birds off to a disease-free start and promotes greater uniformity of growth. Full directions on package.

Dissolves Instantly Stays Potent Longer Available wherever animal health products are sold
