## Emphasize Safe Christmas Time

Everywhere in Canada, safety organizations join with federal, provincial and municipal police forces in promoting the annual December-long campaign against holiday hazards.  
The nation-wide Safe Driving Week campaign serves as a tee-off point for this energetic drive against the particular perils that arise in traffic with the approach of Christmas and New Year's. As the organizations draw public attention to these hazards of the highway, police strengthen their efforts to control drivers and pedestrians imbued, at holiday time, with more than usually high spirits.

Wood and paper products and mineral products made up 60 per cent of Canada's 1960 exports.

Due to the approaching holiday season, garbage will be collected as per the following schedule:

**MONDAY - DECEMBER 18th**  
**FRIDAY - DECEMBER 22nd**  
**WEDNESDAY - DECEMBER 27th**  
**TUESDAY - JANUARY 2nd**

Christmas Trees only will be collected on starting January 8th, 1962.

Regular Monday collection will be resumed January 8th, 1962.
