Phone for Help To Serve Crowd

The six Y's Menettes ready to act as clerks when the Rummage Sale began in the Y at 6.30 last Friday had to put in rush calls for more help to handle all the customers. They thought there must have been 100 people shopping at once among the piles of goods.

The sale was a Y's Men - Y's Menettes project headed by Guy Ross. Taking in the money were Mrs. Walter Dubois, Mrs. Sid Saitz, Mrs. Louis Bonnette, Mrs. Earl Masales, Mrs. C. L. Rogvaldson, Mr. Rogvaldson, Mr. Ross, Sid Saitz, Jack Blunn, Nancy Rogvaldson and Kathy McKenzie. Others helped at different stages of the project.

About \$150 was raised. Some clothing went for five cents an article. Old hats and round-toed ladies' shoes, a radio, books, toys, pictures and lamps were found. Boys bought old lawn mowers to make go-carts with the wheels.

The success of the event was in the tradition of the giant auctions held by the Y's Men several years ago.

10-Night School Classes Before Christmas Planned

There will be 10 night school classes next season, all before Christmas, with the annual Display Night early in December. The decision to hold all the classes before Christmas, reducing the number from 12 to 10, was made following a telephone poll of last season's students. The majority favored the change.

Classes will be held on Tuesday and Wednesday nights. Lessons will start the middle of September and continue without a break for 10 weeks. In previous years a marked drop in attendance was always apparent after Christmas.

Usual plans for publicity and registration were made at the night school committee meeting in the high school Tuesday night, chaired by Mrs. J. Creighton. Courses to be offered were discussed.

Community Health Plan Endorsed by Physicians

On Monday, June 11, Acton residents will be eligible to participate in the first P.S.I. sponsored community health plan for this area. Acton residents will probably recall the excitement created by the enrolment of the towns of Orangeville, Markdale, Lindsay, Hanover and Mono Township in 1961 and 1962.

The plan being offered in Acton is identical and is the same coverage enjoyed by the employees of such major industries as Ford, General Motors, Studebaker and the Steel Company of Canada.

Physicians' Services Incorporated through which the Acton Community Health Plan will be made available is a non-profit corporation sponsored by the Ontario Medical Association and the doctors of Ontario and the plan has the 100% endorsement of the physicians of Acton.

Gerry Lynch, a spokesman for the corporation, told the Acton Free Press that this non-profit corporation is the largest of its kind in Canada and currently has approximately 1,500,000 people covered in Ontario. The plan is designed to adequately look after the medical needs of the average person.

Four Seeking Sandy's Seat

It's official. There will be four candidates running in the Halton riding federal election on June 18, all vying for the House of Commons chair that Sandy Best has held for five years.

Monday afternoon at the Milton Town Hall, returning officer Dick West held an official nomination hour, when the candidates handed in their \$200 deposit and presented a nomination by 25 Halton voters.

In alphabetical order, the nominees were C. A. "Sandy" Best of the Conservatives, Dr. Harry

Carley of the Liberals, Carl P. Rouleau of the New Democratic Party, and Irving R. Wilson of the Social Credit party. Speculations that Mr. Wilson would not run were refuted when his nomination was made official.

Halton's 56,000 voters will take their pick on June 18, or at the advance poll June 9 or 11. A staff of 261 deputy returning officers, 261 poll clerks, and several hundred other party scrutineers will be busy on those days at the county's 252 polls and nine advance polls.
