Dear Sir,
We, the ladies of the Acton Auxiliary of the North Halton Association for Retarded Children, would like to bring to the attention of the citizens of Acton the closing exercises of the Sunshine School for Retarded Children, which is to be held Tuesday, June 19, at the Parish Hall of the Anglican Church.

When our own children appear in school operettas, we flock to see them; but how many people will take the time to learn how the mentally retarded child can be helped at the Sunshine School?

We would also like to bring to your attention the box for contributions of tapes to be used in aiding the furnishing of the new school in Hornby, that is now in

Successful Season Reviewed At Dance Club Final Meeting

The annual general meeting of the Acton Scottish Dance Club was held at the home of Mr. and Mrs. R. W. Gardner, Longfield Rd. The minutes of the last meeting were read and adopted, and the financial statement was given by the secretary-treasurer. During the year, a cheque for \$700 was given to G. Addison, chairman of the North Halton Association Committee for Retarded Children. This cheque was the proceeds from the Community Night which was held in the Acton Park last summer, in aid of the new school now being built near Hornby. The proceeds from the club's annual Christmas party also were sent to the Retarded Children, as their annual contribution to the school. This cheque for \$50 will be put towards books and music.

The club has enjoyed a most successful season under the guiding hand of Dave Izatt of Clarkson, who is the dance instructor, and it was decided to carry on next year in the same manner with two dances per month, every two weeks, with one night for instruction, the other as the regular dance. The committee in charge this season was voted back into office for the coming season.

Some Idea

Idea: make a four-wheel vehicle out of just the front ends of two cars. The Fire Dept. of Dragunian, France, did it to help in fighting forest fires. With men in both driver's seats it's more manoeuvrable on wood paths because it can retreat quickly from dangerous spots without making a turn.

Through School

Congratulations to Beverly Bruce, Linda Ferguson, Gail Fuller and Barry Bruce who completed Grade 9, on their years work and didn't have to write any subjects.

Miss Georgina Wragg who completed Grade 12 commercial at John Ross Collegiate, Guelph has obtained a position in an insurance office in the Royal City.

Reg Bulloch is enjoying a week's holiday before starting to work in Guelph as an apprentice in a machinery shop. Reg completed Grade 12 Technical at John Ross Collegiate.

First Competition

Mr. Izatt reported that the Acton Lads and Lassies, the dance team of children which was entered in the Kivans Festival in Hamilton, in May had made a very good showing for their first time in competition. They gained 81 marks plus a great deal of experience. The set dance they chose for the festival was Machine without Horses. It is hoped that these children will continue on in the fall when Mr. Izatt will again be instructing, and that in
