

**Labor Day Monday.**

Grading is being completed at Acton's Community Centre in preparation for landscaping.

Rotarians had several guests at their business meeting Tuesday.

Just 99 more shopping days until Christmas! Got your shopping done yet?

The advertisements in this issue are especially good. Note their advice and back-to-school sales.

You can tell which youngsters have been to the Ex. by their fancy hats.

Thompson Fuel Oils Ltd. has installed another storage tank at their bulk supply station on the Third Line.

Wiring and plumbing are being completed at the new Federal Post Office on Bower Avenue. With the building practically closed in workmen are able to work in inclement weather conditions.

**Rod Force on Trade Mission Third Actonian Within Year**

That three Acton industrialists have taken part in trade missions within the same year rates a mark of recognition for a town with a population of a little over 4,000.

H. R. Force, president of Force Electric Products, was on a 28-day trade mission in Europe last March. W. J. Beatty is currently on a European trade mission and on September 7th, H. R. (Rod) Force Jr. leaves with a group of ten industrialists on a trade mission to England.

Mr. Force Jr., a controller with the company, will be joined by the other industrialists at the Skyline Hotel, Toronto, for a briefing period before departing from Milton airport for London, England.

The trade mission sponsored by

ROD FORCE

The Ontario Manufacturers' Association is sponsoring the trade mission of the representatives of 11 Ontario firms. The group will be accompanied by the Ontario Sales Representative, Mr. J. J. O'Connell.

Stays in England Although Mr. Force Jr. will be in London for only a few days, his mission includes a stop at the west Dorset district. Mr. Force will remain in England for the duration of the mission, but will be in Toronto during the week of his departure.

Mr. Force Jr. is being sponsored by the company's parent, the Acton Electric Co. Ltd., which is a subsidiary of the Ontario Manufacturers' Association.

After the completion of the mission, Mr. Force Jr. will be in Toronto for the week of his departure. He will be in Toronto for the week of his departure.

There were shots of the Pioneer Power steam reunion on Toronto and Kitchener television stations Saturday evening.

Ontario Hydro workers tied in the 27,000 volt power line to Acton Limestone Quarries Wednesday. Power was shut off on Churchill Road North and South and some sections of Glenora subdivision.

A car driven by Roy Nellis, R.R. 1 Acton, received \$200 damage in an accident Saturday morning. The driver swerved to miss a parked car on the Sixth Line, Nassagaweya, and his car rolled over.

Children are having a grand time in the evenings at the Robert Little school grounds as men cut down the trees. Tuesday evening a group of adults gathered and waded verbal bets whether a large elm at the corner of the Stone school would crash into the new section of the Robert Little school. It didn't.

**Three Teen-Agers Hope to Raise Funds for CARE Through Schools**

Three teen-agers who have read how CARE is making friends for Canada and bringing happiness to those who have long suffered in the world have decided to do something here in Acton. They wrote for literature which arrived Tuesday, and by Wednesday they had a box for donations in Bradley's Meat Market and were planning more ways of raising money.

CARE is the Co-operative for American Relief Everywhere, Inc., a non-profit agency for voluntary assistance to needy people in other lands. It distributes food and other essentials for immediate relief; provides tools of education, health and self-support to help the needy help themselves to a decent future.

CARE packages sent as a result of Canadian gifts are specially marked from Canada. CARE — Canada has an office in Ottawa.

Speak at Schools Linda Parker, her room-mate from Havergal College, Carol McMaster, and Lorraine Lasby are spearheading the drive for funds for CARE here. Linda and Carol return to school a week from today and will speak to students there. Lorraine hopes to spread information on CARE at Acton high school. They are writing for more literature.

Any teen-agers interested are asked to call Linda Parker at 853-0835 or Lorraine Lasby at 853-2537.

**\$52 Million Worth of Material In Area Quarries -- Need Zoning**

D. F. Hewitt of the Ontario Department of Mines geological staff makes out a strong case for the zoning of the area surrounding the Toronto-Hamilton district to provide for the full development of local industrial minerals.

In Industrial Mineral Report Number 81, titled, "Urban Expansion and the Mineral Industries in the Toronto-Hamilton Area", Dr. Hewitt points out that the rapid growth of municipalities in the area has created an immediate requirement for planned development and land use if the community is to have an adequate supply of raw materials for its construction industries.

These materials — sand and gravel, crushed stone, brick and tile, building stone, portland cement, gypsum and lime — have an annual value of more than \$52 million at the pit, quarry or plant. In addition to that, the haulage bill for these same materials exceeds \$18,000,000 and the cost of transportation increases by 35 cents per ton for each additional ten miles. Thus, the writer points out, it is economically essential that zoning regulations permit the full development of all such deposits before they are built over or otherwise made inaccessible. Dr. Hewitt maintains that sound conservation practice demands that the deposits be used to the fullest extent, and after the land has been worked out it can be rehabilitated and put to other use.

The general summary of the situation is followed by a list of the sources of structural minerals in the Toronto-Hamilton area.

Call Collect In Emergency Campbellville and Acton telephone exchange subscribers who cannot contact North Halton O.P.P. through a 2E ninth phone number, were asked this week to call collect to the nearest O.P.P. detachment in the case of emergency calls.

Sgt. C. Wilkinson, head of the 20-man detachment headquarters in Milton, said the officers had received complaints from people with emergency calls through the night. From 8 a.m. to midnight daily, the office telephone and radio are manned constantly, but from midnight to 8 a.m. the telephone is not always answered.

Milton and Georgetown telephone customers can reach the O.P.P. by dialling ZEnith 50000, but there is no ZEnith number for Campbellville or Acton exchange. Sgt. Wilkinson said a collect telephone call to Burlington, Oakville, Acton or Guelph O.P.P. would be accepted, if it is an emergency. The police at these stations can then contact a cruiser via radio to pass on the message.

Elms Down Five tall elm trees at the Robert Little school grounds were topped this week. The culprit was Dutch elm disease for which no cure has been found. Lorne Johnston is in charge of the work.

Open Meeting In Scout Hall An open meeting will be held at the scout hall next Tuesday. Purpose is to ready all executives and leaders before the boys and girls start to cub, scouts, brownies and guides, rovers and rangers in the fall. Management will also be discussed.

Leaders and members are needed in all branches of the organizations. Both parents and non-parents are invited to attend.

**Final Outdoor Service In Park This Weekend**

This Sunday will see the final outdoor religious service in Acton park. The series, sponsored by the Ministerial Association, was a new venture which drew increasingly larger crowds as the summer progressed.

Last Sunday nearly 50 seated on benches and in cars heard the Rev. A. H. McKenzie speak on the story of the man who wrote the hymn, Abide With Me. The Rev. J. H. Wilson presided. Three Smith brothers from Hespeler played selections on trombones and cornet. The service was brief consisting mostly of music and meditation.

Band Will Play This Sunday at 6.30 p.m. the Rev. Jelle Nutma will preside and Mr. McKenzie will preach. Acton Citizens' Band is expected to play. Those in the congregation hear the viewpoints of the town's ministers.

A couple from Barrie, picnicking in the park, spoke Sunday to the ministers of their appreciation.

EVERTON Guests on Weekend In District News Mr. and Mrs. Harry Hancock of Terra Cotta visited on Sunday with Charles Hamilton.

Mr. and Mrs. Ted Fountain and family of Guelph are holidaying with Mr. and Mrs. Charles Fountain and family.

Mr. and Mrs. Harvey Jestin visited Sunday evening with Mr. and Mrs. Joe Pliska, Milton.

Mr. and Mrs. Nelson Snow (nee Mary Fountain) of Toronto visited on Sunday with Mr. and Mrs. Charles Fountain and family.

Lloyd Cutting returned home last week after several weeks at White River.

Heads Parade Halton's Dairy Princess, Miss Marion Hunter, will definitely head this year's enlarged version of the fair day parade. Word has been received by the board of her acceptance. Several W.I.s have also indicated they'll have colorful floats that day.

No Hydro Just two hydro commissioners, Ted Tyler Sr. and Gordon McCutcheon, and the secretary-treasurer, Mrs. Audrey Urquhart, arrived for the regular hydro commission meeting Thursday, August 23, so the meeting was cancelled.

FOR SALE COUNTY OF HALTON DEBENTURES The County of Halton is offering for sale at a price to net the purchaser 6%, a number of 5 1/2% debentures, maturities eight to twenty years, denominations \$1000, dated August 15th, 1962.

For further information apply to COUNTY TREASURER BOX 998, MILTON or Telephone Milton TR 8-2335

**Prouse Motors Sold Owner Peter Masson**

Franklin Prouse Motors changed hands this morning (Thursday) when the new owner, Peter Masson, formerly of London, Ontario, turned the key in the lock to open for business.

Mr. Prouse, who came to Acton six years ago, later established a garage and sales office in Georgetown as well. Both the Acton and Georgetown businesses have been purchased by Mr. Masson.

Mr. Prouse headed for Sault Ste. Marie today where he takes over a garage. Further announcement of the change of ownership will be made next week.
