KEEP IN TOUCH

Schedule is scheduled and a lot of you, as you will be leaving home for a long time, starting school. It is a good way to keep in touch with your friends by a phone. Lots of folks set a regular time for calling and keeping up on the news. And more often than not this time is on Sunday or after 8:00 p.m. when station-rotation rates are lower. Remember too that after 9 p.m. any evening you get double value on station-rotation long distance calls of 10 minutes or more within Ontario and Quebec under our Night Economy Plan. So it's sure to call 047. The postage is the real cost is small - a lot smaller than you think - when you keep in touch by telephone.

WATCH OUR CHILDREN

The streets of our town are filled again with youngsters on their way back to school. Many of them are very young and still not fully aware of the dangers of passing automobiles. May we remind everyone to exercise extra caution while driving near schools or wherever young school children may be walking. Let us remember that children do not always think before they move and can generally be counted on to do the unexpected.
