

The first congestion for the midway arrived Tuesday!

—Don't forget to list fair visitors for the Free Press.

—Fair board members are really "pushing" their closing dance Saturday this year.

—Leaves are tumbling, nights getting shorter and fakes are out as fall sets in.

—Several encouraging remarks have been heard regarding the widening and paving of Main Street North highway.

—A number of residents are having their driveways paved while heavy equipment is in town.

—Attractive items for the fair have been drawn and shown in the town square at 8:45 Bluejean Burnings.

—The Y.M.C.A. will have a float emphasizing physical fitness in the fair parade Saturday afternoon.

—So far there's just a hole in the ground to show where the new shopping centre on the corner of Queen and Longwell will be.

—The school reunion for 1968 was held on the weekend of Sept. 7-8. The reunion was held at the Blue Springs resort.

—Some boys with the Alton day after tomorrow for the fair showing of their school projects.

—A group with a singing group is being sought by the Y.M.C.A. for the fair. The group will sing at the fair on Sept. 13.

WHICH COURSE to enroll for seems to be the problem for Mr. and Mrs. C. (Circled) as applications secretary Mrs. Allan Lauder reviews the night school courses for the couple. Day sessions were taken at the high school Friday evening when some 100 turned out. Anyone who hasn't already enrolled will have an opportunity to do so at the Acton Fall Fair. A booth will be set up on the grounds.

**Maples Fall For Progress Seventh Line is Widened**

Heavy bulldozers are not yet out there and dumps on the Seventh Line to make way for road widening. It seems now that the city is ready to begin paving but such a program is under a budget review.

The fall becomes a busy time for the city. It is now about a year before the road widening will be completed.

The city is now in the process of widening the road between the Y and the school. The project is being done in two stages.

would have to be hired.

The road department was authorized to proceed with plans for new bridges on Church Street West and Brock Avenue to replace crumbling structures. The work would be included in the 1968 budget. At the present time, the Highways Department pays an 80% subsidy on bridges if the cost is included in the road budget. If the plans are approved by the Department and if the tender is advertised and the contractor approved by the Department.

Councillor Peal reported there were still 16 of the original 37 maple trees available for fall planting. Methods of trimming trees by the hydro department came in for some criticism and the mayor was authorized to discuss the problem with the commission.

**Other Business**

● Accepted the resignation of Jack Doherty as chairman of the Committee of Adjustment.

● Received letters of thanks from the St. John Ambulance Association, and the families of the late Stan Hall and Wilfrid Bird.

**RESTORE ALGONQUIN**

A long-term policy to restore Algonquin, Ontario's largest provincial park, to its natural state, adopted in 1954 by the Ontario Department of Lands and Forests, will see the eventual elimination of private and commercial resort buildings. Before 1954, leases covering parcels of summer resort land were issued for a term of 21 years, renewable for a similar term. Many are now enjoying the final lease period. Leases still in effect now number 497.

● Accepted a United Gas invitation to tour the Genie home in Hamilton on September 20.

● Approved November 17 as a date for the annual Urban Board Christmas dinner.

● Received a letter from Jack Gordon commending the local police and council for their efforts to reduce traffic problems on Acton Boulevard.

● Received the police and dog control officer's monthly reports.

● Agreed to declare November 11, Remembrance Day, and November 9 and 10, Poppy Day.

● Heard a report by the clerk on the cost of curbing and sidewalks on Main St. N.

**Water Y's**

Acton Water Y's first meeting will be at the Guelph post on Monday, September 21. Those interested will be meeting outside the Y at 7:20 and will go up by Tyler Transport bus.

**FIRE INSPECTION** is being offered by Acton Firefighters to residents of Acton and district. A number have already taken advantage of the offer and firemen have inspected homes for possible fire hazards. Although firefighters may find hazards, no homeowner is condemned but simply advised to correct the fault in order to save disaster. Fire Chief Mick Holmes stated this week, "Firemen are only too happy to take time out in order to prevent a fire and possibly save lives." Pictured above are firemen Jack Pink and Harold Townsley making a check of a control panel.
