

TRADITIONAL PAIR of white gloves was presented to the Honorable Mr. Justice Moorhouse when he arrived in Milton to conduct the Halton Supreme Court's fall sittings. There were no criminal cases on the docket so Sheriff Andrew Frank, left, presented His Lordship with the gloves to signify Halton County's "clean hands."

23 Non-Criminal Cases at Assizes

Fall assizes of the Supreme Court opened last week at the Halton County Court House in Milton, with 23 non-criminal cases on the docket.

As there were no criminal cases, the age-old tradition was followed as Sheriff Andrew Frank of Campbellville presented the Honorable Mr. Justice Moorhouse with the traditional set of white gloves.

Ten of the cases involved damages arising from motor vehicle accidents, while 10 were uncontested divorces and three contested-divorce cases.

W.I. is "Community Builder" Area President Tells Ladies

Mrs. George Black was hostess to the September meeting of the Campbellville Women's Institute, when Mrs. William Webb presided and opened with a poem, "First September Day." After the singing of the Ode, and Mary Stewart Collect in unison, Mrs. Stewart Cramp gave the secretary's report.

Mrs. A. T. Moore presented the financial report and Mrs. George Inglis the cheer report.

The president and secretary were named to place the Milton Fair Exhibit. Plans were made to present each school in the area with an educational book for their library. Mrs. Frank O'Neil and Mrs. Leonard Andrews offered to plan the November meeting, as the regular committee have sickness.

Teeswater Farmer Has No. 1962 Chosen for FAME Sod Ceremony

A farmer, picked at random, will turn the first sod in a new meat processing plant to which thousands of Ontario farmers have each contributed \$100. The ceremony takes place Wednesday, September 19.

Invited to perform the sod-turning duty is David Ireland, Teeswater. His name was selected simply because his share certificate number in Farmers' Allied Meat Enterprises (FAME) is 1962 — "A year of hope for Ontario livestock producers," explains fame president C. W. McInnis, Iroquois.

Locals to Attend

The ceremony, near Ayr, will be watched by hundreds of FAME shareholders including many from Halton County. Also invited are local dignitaries, provincial political leaders and newsmen. Speaker will be J. A. Courteau.

Montreal, who manages a giant farmer-owned meat processing organization in Quebec.

FAME was set up nearly two years ago to give Ontario farmers some control over marketing their livestock. For years they have maintained that high costs and low market prices are squeezing their margins. Last year, average income per farm in Eastern Canada was only \$2,549, according to the Dominion Bureau of Statistics — and that was a better-than-average year. They hope fame will improve their position.

The meat processing plant which Mr. Ireland's spade will begin is the first of a proposed series of seven spaced throughout the province. Construction should be completed next year, and an advertising program to gain consumer acceptance will be in planning stage shortly.

Home Missions

A discussion on home missions in Ontario was given by Mrs. C. Landsborough, Mrs. H. Helwig, Miss A. Pilkington, Mrs. G. Ralston and Mrs. L. McCutcheon. Miss J. Chapman led in prayer for home missions and the meeting was closed by singing "Lead on O King Eternal."

A special message to all parents of boys and girls now in high school

You can guarantee your youngster's College Education in partnership with MY BANK

BANK OF MONTREAL UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. And the cost to the parent is only a fraction of the interest paid on a straight loan programme.

HOW THE PROGRAMME WORKS

Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

VARIANTS OF THE PLAN

Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from \$1,000 to \$8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs.

| OBJECTIVE: \$4,000 | YOU PAY MONTHLY PAYMENT | PERIOD OF YOUR PAYMENTS BEGIN | YOUR PAYMENTS BEGIN |
|--------------------|-------------------------|-------------------------------|---------------------|
| Plan A | \$49.55 | 7 years | 2 years |
| Plan B | 42.78 | 8 years | 3 years |
| Plan C | 37.56 | 9 years | 4 years |

HOW TO JOIN THE PROGRAMME

See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. Ask for your copy of the Bank of Montreal University Education Programme folder.

P.S. If you need help in financing a student already in University or planning to register this year, talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

LIFE INSURANCE FEATURE

If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.
