may have slipped the mind since last fall. Here are a few-examples: Remember to keep the shooting controlled by a hill or other back stop, identify your game before you shoot, allow only empty guns in cars, boats, camps, and boines, never leave a loaded gun unattended and carry your gun so you control the muzzle at all times, etc. These are just a few of the many important safety rules any hunter should be familiar with. We also like to remind customers not to fire in the direction of wire and cable, insulators or inicrowave towers. You will be helping to protect services that are vital to you and your friends. We also like to wish everyone happy. SAFE hunting,

fully. And remember to being your Blue Book of Telephone
