

Five Make 50-Mile Hike

William Smith, in his 10th year of hiking, led a party of five hikers on a 50-mile hike from the town of Brantford to the town of Hamilton. The party consisted of Smith, his wife, and three other hikers. They started their hike on Monday morning and reached Hamilton on Saturday evening. The hike was a challenging one, with many steep hills and a lot of rain. The hikers were well-prepared and enjoyed the experience. They plan to hike back to Brantford in a few weeks.

How flameless electric heating makes all other heating systems out of date!

- It's the world's safest heating system - does not use flammable fuel.
- It's cleaner than any other heating system - cannot create dust, smoke, soot or dirt of any kind.
- You get custom-comfort in every room - electric heating offers you a separate thermostat in each room.
- Easy to install - no furnace or fuel tank.
- No annual maintenance costs - nothing to clean, no filters to replace, electric heating is truly a carefree system.

Reduced operating costs - in many municipalities the rate for electric heating has been reduced as much as 30% during the last 2 years.
