Clean-Up Bee

Why must Acton be so dirty and ill kept? It could be a pretty town if the schools would encourage the kids to help and clean up papers off curbs at their feet.
People can't keep the yards tidy with all that junk out in front of houses.
The grass and weeds on the Main St. side of the lake should be burned off or it could cause a big fire to those homes on that side of Main St. If it got into some of those back roads no truck could reach it, and some of the alleys ways are fenced off. That over bank could be made into a playground fenced off from the river - no more danger than the way it is where weeds can't see their kids for needs and grass.
Why not make a clean up Bee? Give the kids a prize for helping.

No Vote Yet
Although Conservative, Liberal and New Democratic Party candidates are all going for an early by-election for the Provincial riding seat in Milton, Premier Robarts has announced he cannot legally call a by-election until the Ontario House is in session.
The seat has been vacant since the death of Conservative M.P. Stanley Hall last August. Other non-political groups and several candidates in Milton have supported an early by-election as the county has been without representation since Queen's Park eight months.

Was Station Agent In Village 45 Years
