

RYA DUNKER tries on a blazer at the Duke of Devonshire Chapter I.O.D.E. treasure mart as Mrs. Neil Bowles helps with the fitting. The sale was held in the Van Gils store last Friday. Sales were brisk and ladies were kept busy selling homemade candy, baking, hand made articles, plants and books.

Conservative Picnic

to call a by-election to elect someone who might have an opportunity to sit in the House without contesting a general election. He noted a by-election could not be called while the House was in session, as it had been from November to April. Mr. Hall died in August.

The premier urged support to elect George Kerr in the next provincial contest. "I want George Kerr with me in Toronto and I think you want him on the government side," he urged supporters.

A watermelon eating contest, races, singing by the Sweet Adelines of Oakville, music by the Brampton Crown Band and a massive chicken barbecue were among the scheduled events at the picnic. Children also enjoyed swimming in the stream.

County president Gordon Beatty presided for the program.

ISSUE LICENSES

Nasagaweya Council last week granted 20 gravel pit licenses, to Mervyn Thompson and Don McMillan. The council approved a grant of \$25 to the Halton Agricultural Society, sponsors of Milton Fair.

No 25 highway north of town is being oiled.

He will return to university in September.

Let's Play Bridge

By Bill Coats

One of the major differences between rubber bridge and duplicate bridge is the concern of the duplicate player, not only of getting a good score, but of getting as good a score as the other players. The main object in rubber bridge is to get to a game contract and make it. The main object in duplicate bridge is to get a better score than other pairs who play exactly the same cards.

When a duplicate player ends up in an inferior contract, he often goes to extremes to make extra tricks in order to increase his score. This happened on board number 11 last week at the Acton Bridge Club.

The bidding:

Pass Pass 1S Pass
2C Pass 2H Pass
3NT Pass Pass Pass
Opening lead - 2 of diamonds.

As declarer looks over the cards, he sees that four spades is a good contract and will probably be bid by most pairs. If four spades makes, then North-South will get 420 points, whereas three no trump will net just 400 points. Therefore, declarer must take at least 10 tricks for a good score.

The diamond lead gives South two tricks in diamonds. He has one in clubs and two sure tricks in hearts. That's five so far, therefore he needs all five spade tricks.

Since most declarers at spades will finesse spades in dummy,

Writer's Flash

Not Inspiration

Journalists normally seize on sudden flashes for writing inspiration. Wednesday afternoon reporters at the Free Press were almost blinded by a sudden flash but couldn't seem to write a thing. The lights went out.

Two lightning arrestors at the substation beside the plant suddenly burst into a bright blue flame throwing sparks, several feet and power was disrupted for about one minute.

Hydro superintendent Doug Mason reported some unknown cause had shorted the arrestors and thrown the main switch at Guelph controlling the flow of power of Acton on the high tension lines.

The automatic control system at Guelph kicked back in again and power was restored.

our declarer at no trump will finesse the other way. In this case, it does not matter, since the queen of spades is doubleton.

Declarer ducks the diamond in dummy, and wins in his hand. A spade to the king and a spade return establishes the spade suit. Now the heart finesse is tried. When that works, declarer can lead a diamond to set up a diamond trick. Now he is home with 10 tricks and an average board.

The hand was played four times at four spades with scores of 420, 420, 430 and 480. Don't ask me how one declarer made 12 tricks at spades. I just don't know. Three no trump with an over-trick gives 430 points and is an average board.

This week's winners: first Mrs. F. McDowell and Mrs. M. Hollenback; second, Earl Emond and Mike Larusso; third, Mr. and Mrs. I. Hooper.

—Summer schedule of services begins this Sunday at St. Albin's with services at 9 a.m. and 10 a.m. until September.

Treasurer Resigns Retarded Auxiliary

Acton Ladies' Auxiliary for Retarded Children held their monthly meeting at the home of Mrs. R. Knapp. It was with regret that the auxiliary accepted Mrs. R. Sterritt's resignation as treasurer. Her office has been taken by Mrs. D. Anderson.

On June 3, Mrs. N. Price, Mrs. J. Buckman and Mrs. R. Knapp attended the North Halton Association for Retarded Children executive meeting at the Sunshine School, Hornby.

Plans were discussed for the bake sale. Information will be in this paper, and in local store windows concerning the sale. Members of the auxiliary will soon be selling tickets for their lucky draw, which will be held at the Acton Fall Fair this September and also Christmas cards in aid of retarded children.

The group has now received for the summer and will meet again on September 5 at the home of Mrs. P. F. Dunham.

Enter 120 Birds In Poultry Show

Twenty exhibitors from throughout southern Ontario showed 120 birds Sunday, when the Georgetown and Halton County Poultry Association held its annual summer show at Milton Fair Grounds.

A big crowd gathered to watch the judging and see the standard fowl, bantams and pigeons on display. Exhibitors came from Brantford, St. Catharines, Avon, Guelph, Georgetown, Burlington, Acton and Burlington.

The display was held beneath the grandstand as the regular poultry barn has been turned into a temporary horse stable.

Champion Bird

F. Kentner of Acton exhibited the champion bird, a White Leghorn cock, while J. Johnston of St. Catharines had the best opposite sex, a White Rock hen. Johnston also showed the champion bantam, a Dark Cornish hen, while G. Riddler of Guelph had the best opposite sex, a White Cochon cock.

Champion pigeon was a Blue Fantail hen owned by P. Polley of Burlington. Best opposite sex was a Satinette Silver cock shown by B. Hooton of Avon.

FACTS ABOUT DEGREE

In your Acton and Milton papers for April 4, there appeared a letter by W. A. Johnson of Rockwood, entitled "The Rev. Sandy Best." Although the election is past, I think the facts about Dr. Best's degree are worth passing on to your readers. I know you want the facts for your readers. Here they are: 1. Sandy's doctor's degree was earned by him. It is not honorary, as Mr. Johnson stated, obviously not bothering to check the facts. It takes seven years to get a Ph.D., and when Sandy was first elected to Ottawa in 1957, he still had one year to go to get his doctorate.

2. The doctorate is in Biology, and a Ph.D. in this subject is a difficult one to obtain. It may also interest Mr. Johnson to know that Dr. Best entered University of Toronto at 16!

3. As a reader of your paper for years, I would like you to print this letter. I know Dr. Best would not bother to correct these untruths himself, and as a former constituent with reason to be grateful to him for help, it would give me some gratification to think I had perhaps been of some small service to him.

Respectfully yours,
A. S. Marlow.
