

### Compete...

not sure of her plans for the future.

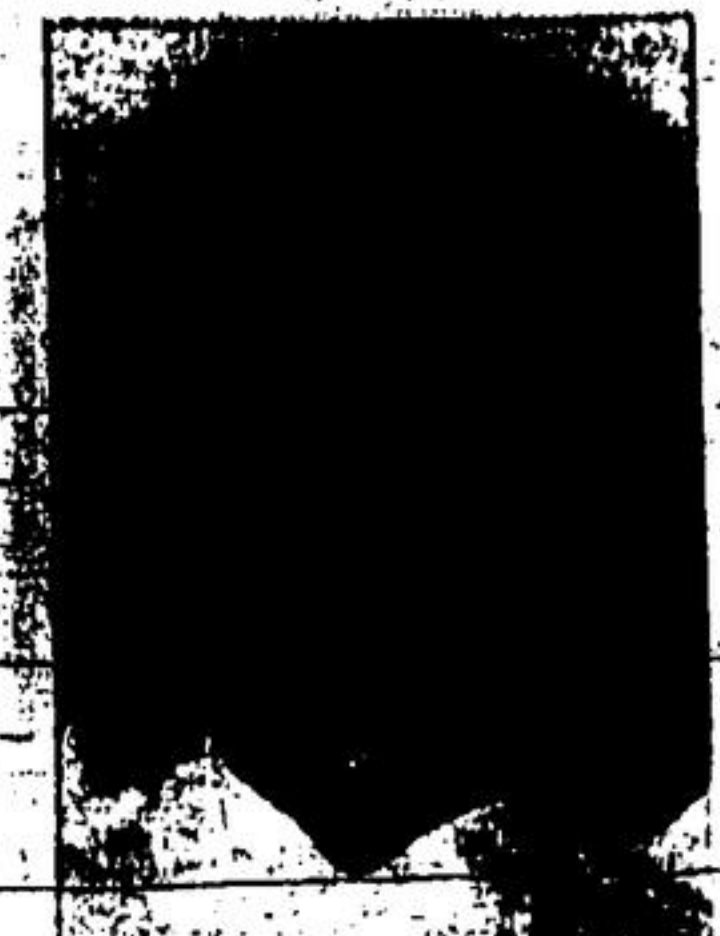

She is 18 years old and is the president of the Norval Junior Farmers' Institute. Adrienne enjoys boating, curling, skating and sewing. In 1962 she was Miss Georgetown High School and was vice-president of students' council. She teaches Sunday school at Ashgrove United Church and is secretary of the church's Young People's group. She enjoys milking cows, and often helps her father milk the 19 Jerseys on the farm. Asked why she had decided to enter the competition, Adrienne answered, "It's a challenge and I think every girl

MARION HUNTER

November. Among her hobbies she lists swimming, sewing and cooking.

The new contestant to the competition is Adrienne Nurse, daughter of Mr. and Mrs. Fred Nurse

ADRIENNE NURSE

should enter a contest like this at least once. Even if you don't make much of a showing, it's an experience."

On the day of the contest, the girls will be interviewed by the judges and give a talk on the Dairy Industry. Halton has done well during its seven years in the competition at the C.N.E., having twice had representatives with the Ontario Dairy Princess title.

#### Ajax Engineering Co. To Erect Huge Tower

Two key men, six tons of manufacturing equipment and six carloads of lumber left the Ajax Engineering plant last weekend for Maple Creek, Saskatchewan. The equipment and lumber will be used for the construction of a huge industrial cooling tower for Pacific Petroleum Ltd.

Two brothers, Charlie and Bruce Barber, employees at the Acton plant, motored out west and will supervise the construction of the tower. It is expected to take at least two months to complete the unit.

JANETTE FINNIE

of the Seventh Line. Equipping Adrienne has just finished writing her grade 13 exams at Georgetown District High School and is

LINDA COXIE, daughter of Mr. and Mrs. Mike Coxie, El Caim, California and former Acton resident, graduated from Mount Miguel High School and won the Medical Arts Scholarship. She will enter San Diego State College and major in Nursing and Psychology.

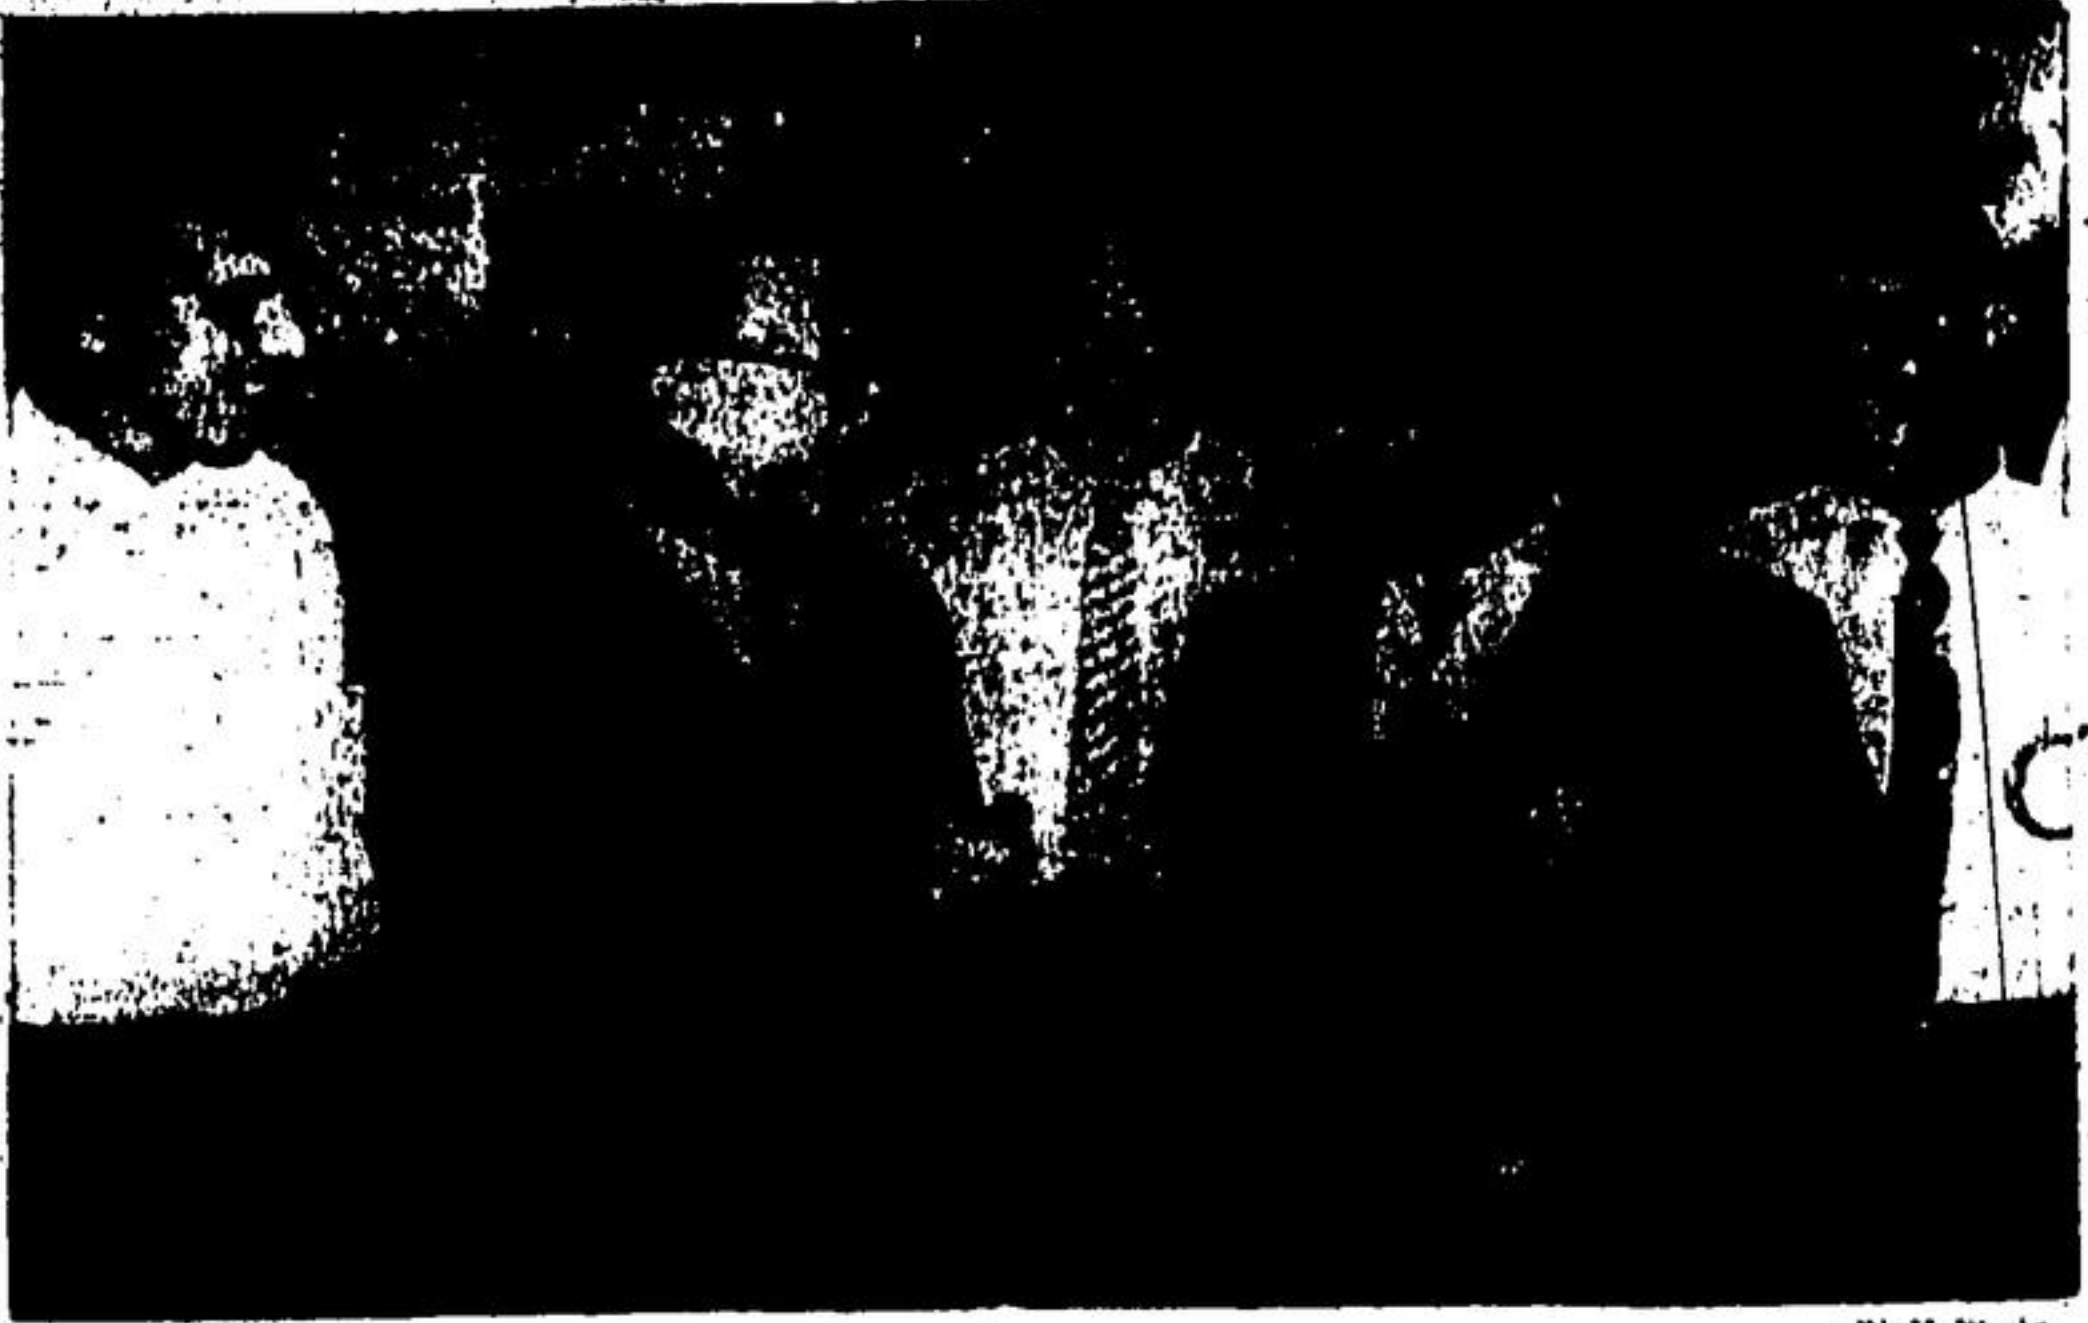

Yes, even most NEW cars need wheel balancing jobs

A good wheel balancing job will save money. Balance your wheels fast. That's true because unbalanced wheels pound your tires to an early death—and increase wear and tear on the front end of your car.

You get more pleasure out of driving—greater comfort, smoother riding, easier steering when you get a wheel balance job done with the modern Hunter Balancer. Yours will be a safer car on the highway, too.

Get your wheels checked FREE—in just 7 minutes. Stop in today.

PAST PRESIDENT Tom Shields hands over the gavel to incoming president Ron Lewis during the Rotary Club meeting Tuesday night of last week. Watching the ceremony are Vice President Fred Gordon, secretary William Pendleton and treasurer Gordon McKeown.

### Lessons Continue at Kelso

Despite the cooler weather this past week, swimming lessons for children at the Kelso swimming pool have continued with 50 enthusiastic swimmers joining in the fun. The lessons are held on weekday mornings for three weeks.

The Conservation Authority is planning two more three-week courses, with the next starting July 22. The present group of pupils is a young crowd, and the Authority would like to see some older children attend as well. A course will be held for adults, in the evenings, if enough interest is shown. Application forms are available at the pool or at the Conservation Authorities office on Main St., Milton.

### School Caretakers Busy

School summer vacation period means very little to caretakers at Acton's three schools. It is a time for them to pitch in and get everything in order for the fall term.

At the High School Rudolph Spielvogel and Ken McKinnon are busy cleaning windows, walls and floors as well as polishing desks. Painters are busy refinishing the exterior of the high school building and painting the lockers inside the main lobby.

Doug Price and Bob Anderson at the Robert Little school have supervised refinishing and sanding of some desks and now are hard at work cleaning windows, walls and floors.

Colin MacColl, caretaker at the M. Z. Bennett school is following the usual pattern during the holiday period and conducting a general cleanup program.
