He'll be back home tomorrow in Winnipeg, Manitoba, in time to attend a druggists' convention which he doesn't want to miss. Mr. Brown left home July 8 on a tour which took him to Egypt, Lebanon, Jordan, Israel, Greece and Italy. He was especially impressed by the Garden of Gethsemane and the Sea of Galilee, which he felt were still authentic while much else of Biblical interest has been spoiled through time and profit-seeking. They crossed the Israel-Jordan border through a gap in the sandbag wall, with rifle barrels trained on them. The misery in Jordan was overwhelming while the terrific progress in Israel was remarkable. He especially mentioned the vast irrigation scheme — financed by overseas donations of millions of dollars — which is making the desert productive. At the end of the tour Mr. Brown went to Scotland to visit a friend and to rest from the strict regime of the four which covered many thousands of miles in a few weeks. He found Scotland especially beautiful. "If I lived in Scotland I'd be a painter!" he declared.

Bandsmen Practice For C.N.E. Visit

Acton Citizens' Band members have been warming up their lungs for the past few weeks as they practice for the C.N.E. competition August 22. They will compete against five other bands in class three.

The test number this year which is entitled "Land of Oz" is considered a tricky number and a challenge to any musician.

Acton's population shrank drastically on the holiday weekend. The exodus was pretty general.
