(Continued from page 1)
meantime, an attempt will be made to collect some of the accounts.

Stall Busy
The superintendent reported his staff was busy reading meters. Newton Hurst, the regular meter reader, is off sick. One other member of the staff is on holidays.

The staff assisted in the rebuilding of the high tension line at Beardmore and Co. Work on the installation of the new underground cable at the Robert Little public school was to be started this week and completed in time for school opening.

The secretary reported the bank balance at \$15,944.18 on July 30.

—One nice thing about the horse was that some designer couldn't make it obsolete before it was paid for.

—Plans are well advanced for the new abattoir at the Ontario Reformatory at Guelph and there should be a tender call in early September.

Whose Medicare?

Gillies Hits at Old Parties

William D. Gillies, Halton candidate for the New Democratic Party in the September 25 provincial election, started his Milton area campaign Monday by issuing a challenge to "Old Party candidates."

Mr. Gillies, speaking to members of Milton area N.D.P. ladies' group at the home of Mrs. C. Fraser of R.R. 6, Milton, challenged candidates Owen Mullin of the Liberal Party and George Kerr of Progressive Conservative Party, to "spell out their programs including the financing of Medicare in detail, so that the voters of Halton can truly decide who can most ably represent all the people of Halton."

Three H.S. Students Receive \$500 Bursary

Three Acton high school students will receive Dominion Provincial bursaries amounting to \$500 each. The recipients are Jean Hart, Kay Dennis and Karl Gathof.

The awards are given for good character and students must meet academic standards set down by the Department of Education.

Noting his party supports a foundation program of educational financing, the candidate stated that "the Conservatives have a record of standing in their half-way house which is strong in appeal but weak in content, when it comes to meeting the needs of the province."

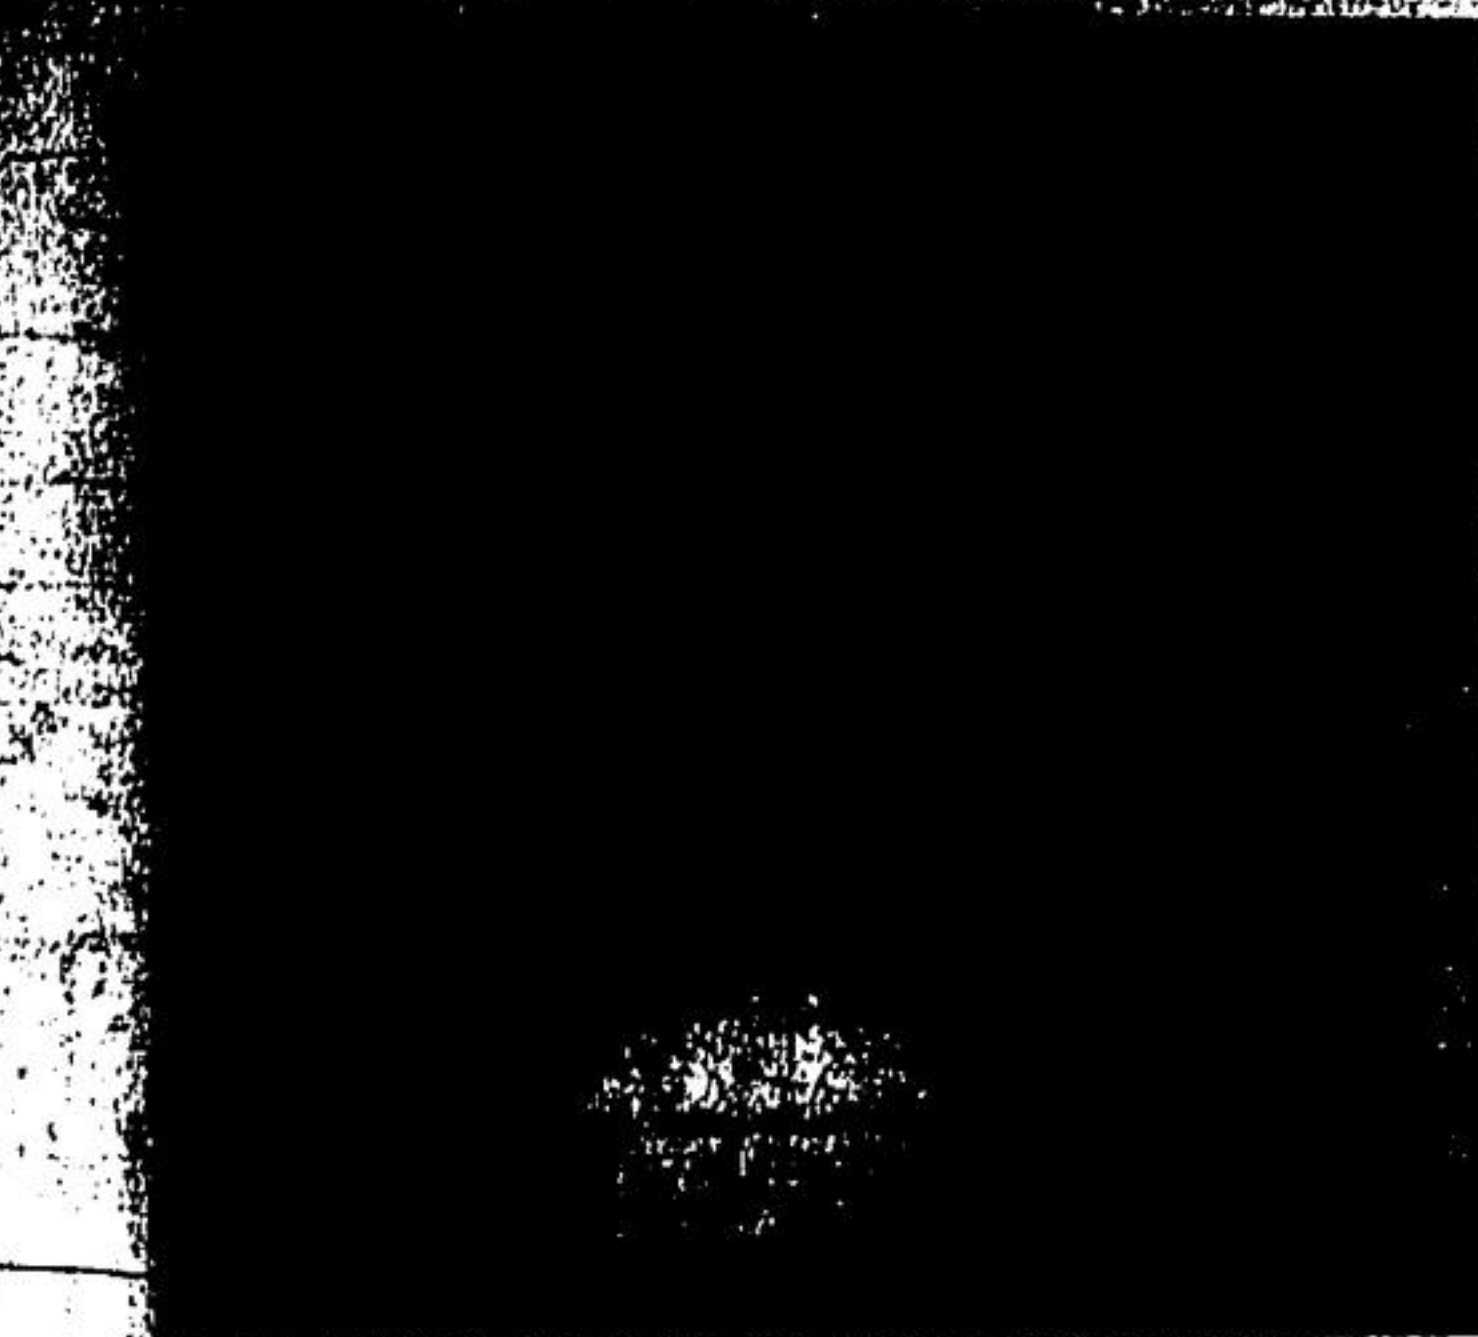

"The Liberal Party," he continued, "is even more cov. Liberal Mullin wants to speak for H.S. but he isn't telling Halton what, if anything, the Winter-meet Liberals are going to say."

Mr. Gillies was optimistic about the election and noted that his party was finding a lot more support from the public and from the Unions than it has ever had before.

During the two hour meeting he broached on pertinent problems such as portable pensions, medicare and public accountability.

His party's medicare policy would cover everyone, he said, and the premium will reach a maximum of 60 cents a week for a family or 30 cents a week for a single person.

—Two cranes were spotted at Fairy Lake this week. It is the first time in many years cranes have been seen at the Lake.

STYLING RANCH is a busy place this summer as leading hair stylists from all over the world are busy learning the latest methods from world champion Hans Bundy and his trainer Frans Tomic, both from Austria. On the left Lynne Sturges has her hair styled by Mr. Bundy as proprietor and leading hair stylist Bruno Scilizzi looks on. On the right Mr. Tomic styles the hair of Josephine Pugliese as Mrs. Evelyn Hathaway, business partner with Mr. Scilizzi, watches.

Enrolment at School for Deaf Doubles Next Week, 163 Total

School re-opens next week at Ontario School for the Deaf, Ontario St., with double the enrolment over last year.

Besides the 83 students returning from last year, the school will welcome 80 beginners — five and six-year-old students starting to school for the first time. There will also be a few new students who are being transferred from the Belleville School for the Deaf and other schools across the province.

Arrive Wednesday
Children coming back for their second term at the school will arrive on Wednesday, and start classes Thursday. The first day will be taken up with registrations and getting settled with their friends in the living quarters.

Newcomers will arrive Thursday and Friday, with classes scheduled as soon as possible after their arrival.

A total of 18 classrooms will be in operation this year.

Government Clinic to Encourage Industry

An export clinic for municipal officials and local industry in the Mid-western Ontario Economic Region will be held at Kitchener November 7.

The clinic, one of nine throughout the province, will deal with reports, municipal industrial development, regional development, manufacturing arrangements and branch plants. The purpose is to encourage increased export of Ontario-made goods and develop new manufacturing in the province.

McDonald Cows Complete Tests

A Holstein cow named Gilpat Pontiac Haven (G.P.), owned by McDonald Bros., R. R. 3, Georgetown, has completed a five year 2x record of 21,564 milk, 695 fat in 305 days; 24,324 milk, 780 fat in 365 days. Her three year 305 day record was 17,827 milk, 598 fat.

Limbout Pactole Abbey Sovereign, also owned by McDonald Bros., has completed an eight year 2x record of 21,214 milk, 893 fat, 4.21 per cent test in 305 days, 182,209 B.C.A. and 22,848 milk, 970 fat in 365 days. She has 102,479 milk, 4.4 per cent test, 4510 fat in six lactations.

33,000 in Trek Back to School

It's back-to-school week in Halton County, as school doors re-open next Tuesday morning to accept an estimated 33,000 Halton public, separate, high and retarded school students.

The student population represents over one-quarter of the country's 128,000 population.

Names Assistant Medical Officer

Dr. L. M. Stuart, presently of Ancaster, has been chosen Assistant Medical Officer of Health for Halton County, it was announced this week.

He is presently M.O.H. for Westworth County. He will take over his duties at the Halton office in Milton September 15, as assistant to Halton M.O.H. Dr. Archie F. Bull.

—There have been many summer weddings. Brides who have not received a form to fill out for the write-up for the Free Press should call at the office for one.

—An old toothache remedy used to be to run around a church three times without thinking about fox. Just try it! It's harder than it sounds.

Halton Juniors Prepare For Big Plowing Match

Halton junior plowmen are preparing to take part in the International Plowing Match to be held at Caledon. Part of the International program will be the Inter-County Class for a team of two boys under 21 from each county.

The Halton Junior Farmers Association and the Halton Plowman's Association are co-operating in holding the Halton Junior Plowing Match on Saturday, September 7. The site will be the farm of Fred Nurse, R. R. 2, Georgetown, in Esqueving Township.

Two classes are offered at the Junior Match for those under 16 and those 16 to 20. In addition to the junior match coaching and demonstration of match plowing will be held.

The program will be directed by three of Halton's Junior Farmers — Ed Segsworth, Burlington, county director of the Halton Junior Farmers Association, and last year's inter-county plow team of John Wilson, R. R. 1, Norval and Ken Robinson, Norval.

Control chemicals include Bordeaux mixture, mancoz or zinc. Commercial and home gardeners should plan to spray or dust to protect their tomato crops. The cool weather has slowed maturity and a heavy volume of fruit remains to be harvested in the coming weeks.

Tomatoes Need Protection Now

Cool, damp weather is ideal for the blight diseases that attack tomatoes. There are two types of "early blights" present now in this area that can be readily controlled by sprays or dusts applied on a weekly schedule. Dead areas on the leaves with a target-like appearance or small tan areas with very small black specks within that area are the symptoms of these blights.

Late blight, a much more devastating disease, has not been reported here yet, but has been identified in eastern Ontario already this year. Leaves with a yellow halo around an area with a water-soaked appearance is the identifying characteristic of this disease.

Control chemicals include Bordeaux mixture, mancoz or zinc. Commercial and home gardeners should plan to spray or dust to protect their tomato crops. The cool weather has slowed maturity and a heavy volume of fruit remains to be harvested in the coming weeks.

Pee Wees Out

The Milton Pee Wee All-Stars, consisting behind the four hit pitching of Ray Evans eliminated Acton from the first round of the O.B.A. Pee Wee "B" playdowns, Saturday.

BE ALERT! Your Children Are Going..

BACK-TO-SCHOOL

SCHOOL SEPT. 3rd OPENS 1963

STOP and WAIT when school buses are taking on or discharging passengers.

GIVE RIGHT-OF-WAY to children at cross-roads, be sure they arrive safely.

KEEP ALERT for children walking to school on the country roads.

DRIVE CAREFULLY!

SCHOOL TIME IS SAFE DRIVING TIME -- THE CHILD YOU SAVE MAY BE YOUR OWN!

More and more children are on the streets again, some of them going to school for the first time. Children will be crossing the streets, walking along country roads, waiting for school buses. Children are sometimes unpredictable, it is up to parents to teach safety habits at home and drivers to stay alert and in full command of their vehicles at all times in case of emergencies. Watch for children at crossroads and on country roads. Give the right-of-way to school buses. Today's children are tomorrow's citizens.

LET THEM GROW UP AND LIVE!
HELP US MAKE THIS AN ACCIDENT-FREE YEAR!
