

86th Birthday, W.I. Meeting Presentation Party in News

(Intended for last week.)
The infant son of Mr. and Mrs. Keith Sinclair is quite ill in the Geolph hospital; Mrs. Sinclair was able to come home last week.
Visitors on Sunday with Mr. and Mrs. William Isley included Mr. and Mrs. George Johnson and Dale and Robert Isley, all of Toronto.
Mrs. Barden of Eden Mills and Mrs. Fred Lambert of Rockwood spent Sunday with Mrs. M. Jackson.
Due to other attractions, the crowd was not as large at the euchre on Friday night. Prizes were won by Mrs. J. Watson, Mrs. G. Jackson and Alvin Fisher. Harvey Jeslin and Lionel Watson.
Miss Emma Beldic quietly observed her 86th birthday on Sunday. She is unable to be out during the colder weather, but enjoys working among her flow-ers during the summer. Quite alert, she enjoys visits from neighbors and keeps posted on world affairs. Friends enjoyed a cup of tea and birthday cake with her.
On Wednesday, her sister, Mrs. G. Sinter had a birthday dinner for her, when her guests were Arnold and Mrs. Sinter from Niagara Falls.
The Christmas meeting of the O-Aspring Women's Institute was held Wednesday afternoon at the home of Mrs. T. Fines, with 20 ladies present.
The district president, Mrs. J. Baldwin was guest speaker and was introduced by Mrs. W. Auer. Mrs. Baldwin's topic, "How Vital is the Women's Institute Today?" was quite informative and timely.
Miss Doris Fines presided and Mrs. C. Storey read the minutes. Financial statement and corres-

Georgetown Man President Retarded Children's Group

A new president was named for the North Halton Association for Retarded Children — operators of the district's Sunshine School at Hornby — at the annual meeting last week. Gerry Addison of Milton stepped down from the office he has held for several years when the group named Dr. Kenneth W. McCauley of Georgetown for the post.
Mrs. Treahy in Georgetown or Mrs. John Turkoz in Acton.
All officers gave reports on the year's work during the annual meeting. Dr. McCauley expressed sincere thanks to retiring president Addison and past education chairman Mrs. J. J. Kennedy of Milton for their work on the Association's behalf.
Treasurer Jim Sprout reported \$5,000 would be added to the budget requirements over the 1963 fiscal year, due to increased transportation costs. Transportation, he reminded members, accounted for one-third the operating cost of the school. Next year the Association will have to raise \$9,000 over and above government and municipal grants.
Emphasis was placed on the need for facilities to train retarded adults. This year two students have reached age 18 and will be forced to leave the school, and the Association is hoping some form of training centre can be established to help those over the school age limit.
Other officers named at the annual include past president Mrs. G. Addison, treasurer Jim Sprout of Milton, corresponding secretary Mrs. I. Sillars of Milton, recording secretary Mrs. Margaret Treahy of Georgetown, educational chairman Fred Bickers of Milton, finance chairman Ray Banner of Milton, home care convener Mrs. A. Howdell of Milton, special fund raising chairman Paul Armstrong of Georgetown, membership and bulletin editor Dr. Harry Greig of Georgetown, public relations William Treahy, institutions and research Mrs. John Hill of Hornby, programs Mrs. Florence English of Georgetown, and recording secretary Bob Ross of Hornby. The post of adult services chairman was left open until the new year.
One big project facing the executive this year is the inauguration of pre-school clinics to aid pre-school retarded and parents of these children. As the Association cannot go out and seek students (they must come voluntarily at the wish of the parents) they asked interested parents to contact Mrs. Howard in Milton.

Tree's Needles Can Stain Rugs

Pitch and pine needle stains on rugs are easier to prevent by under-the-tree protection than to correct. But, spilling such stains with cleaning fluid is the best remedy after the fact.
The fireplace, because it is often the centre of festivity, should look its best. And rugs often need to be scoured with a moist steel wool soap pad before a metal cleaner is used to polish them. Even smoke-stained bricks can be scoured with a strong, warm water solution of trisodium phosphate and a scrubbing brush. Wear household gloves to protect your hands. After scouring bricks thoroughly, rinse well with clean water.

WHAT'S COOKING? Two and a half-year-old Larry Houle watches as his cousin, Wendy White, enjoys her meal. The youngsters were among the many attending the annual Baptist church Christmas program Friday evening. At the conclusion of dinner everyone enjoyed a variety concert and, of course, Santa Claus arrived later.

'64 Jet-smooth Luxury CHEVROLET

Any car this luxurious ought to have its price examined!

Here are looks, luxury and comfort you'd expect to set you back plenty — if they came from anybody but Chevrolet.
Fresh-minded styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness.
Rich new interiors with supple fabrics (sink your hand into the new vinyl upholstery of the new Impala Super Sport Series, for instance, and ask yourself if you've ever felt softer seat covering).
Here are the niceties of Body-by-Fisher craftsmanship such as you'll find on expensive cars. And stylish touches like the vinyl-clad roof* you can order on the Sport Coupes.
Door-to-door carpeting and foam-cushioned front and rear seats are standard now in all models, including the modestly priced Biscaynes.
And there's a wealth of power to pick from: Engines from a peppery 140-hp 6 to a 425-hp V8*. Transmissions that are refined for smoother, more silent operation. Fourteen power* trims in all. Then, with all of that going for you, you've got the '64 Jet-smooth ride at work to cushion you from road noise and vibration such as few other cars can at any price.
Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you.
*Optional on many cars.
