

HARLEY...to HALTON

By DR. HARRY HARLEY, M.P.

The government has decided that the tolls on the Welland Canal will not be re-imposed. As has already been announced, the Welland Canal locks are being widened. These two measures should speed up traffic throughout the canal, making such traffic more economical and more efficient.

Paper Made Public
The White Paper on defence has been made public. I have not had a chance to study this in detail as yet but the highlights of the White Paper are as follows:

1. 10-Year Plan (first such long-term defence plan).
2. Flexibility to meet wide range of possible uses.
3. Mobility to get force where required, fast.
4. Integration to improve efficiency, eliminate overhead, permit allotting greater share of budget to equipment, less on "housekeeping".
5. Single Chief of Defence Staff to be appointed.
6. Deputy Minister's powers increased.
7. Management system for defence programming to be introduced.
8. Peaks and valleys of equipment buys to be evened out.
9. NATO support continued and improved through increase in air transport, better equipment.
10. Two brigades in Canada to be re-equipped and re-trained for wide range of deployment, from back-up in Europe to world-wide peace-keeping operations.
11. Fourth Brigade in Canada to be converted into a compact special service force, provided with air-portable and all-drop equipment.
12. Many Glasco Commission recommendations to be implemented.
13. Future air squadrons to be in direct support of ground forces.
14. "Air Truck" fleet being expanded; Sea-Lift being augmented.

15. Study underway to determine best cost-effective anti-submarine equipment for future.

16. Defence research and development to be increased.

Old-Age Security

The other day in the House of Commons, I introduced an Act to amend the Family Allowances Act and the Old Age Security Act. This will come up for debate later in the session. The purpose of the Bill is to provide a means whereby a recipient of either of these allowances or pensions may conveniently donate this allowance or pension to any one of the following:

1. aid in research on the disease of children;
 2. the Canada Council;
 3. international aid programs;
 4. mental retardation and mental illness;
 5. medical research;
 6. any charitable use designated by the pensioner and named by regulation of the Governor-General.
- I am sure there are many people who receive these allowances who do not need them financially and who would welcome an easy opportunity to donate them for specific uses. By returning the cheque, they can donate any amount they wish, perhaps some would like to donate one cheque a year, perhaps some would donate them all. They could also give their donations to various causes, varying each cheque if they wished between any of the projects listed.

If living in disobedience to Him, we ought to feel no security, although God is good.

—Mary Baker Eddy
