THIS SUNDAY'S Church Calendar

FAITH OF OUR FATHERS
In the rush and hurry of life, we would be wise to stop and ask ourselves, have I availed myself of that faith so much needed today? The daily devotions, the family reading of the Bible, and that quiet commitment of each day in prayer. Church on Sunday can be a good fortification for the week, and its problems that follow.

See Rules First
Warden Gallagher told the delegation the matter would definitely not be neglected but the county would have to investigate the Department of Highways regulations to see what was possible.

Reeve C. A. Martin suggested the police responsible for the present speed limit since this could be undertaken immediately. The area concerned is located in Oakville.

Mrs. Hood also noted that when the trucks stop at night the "hot rodgers" start. "It's just open road to everyone," she stressed.

Here's an excellent suggestion we read somewhere: let everyone who favors the Red Ensign fly it as much as possible—at home, cottage, on the car and even just taped into a window. The more people see it, the more accepted it will become. There are some in town for just a dime each. Both the Legion and I.O. D.E. officially back the Red Ensign—so how about living it more?

Visitor to remote area: "What's the death rate around here?"
Native: "Same as everywhere—one to a person!"
