

Three-Day Lions Carnival Provides Rides, Games for Many Patrons

SANDRA ROSS, seven-year-old daughter of Mr. and Mrs. Cecil Ross, Mill Street, had a gay time at the Acton Lions Carnival Saturday. She didn't miss a ride and ended up with candy floss to complete her trip to the park. On the extreme left she is shown on the miniature car ride. Next she enjoys the thrill of the Ferris Wheel. The chair ride was more for older youngsters but Sandra decided to give it a try. A merry-go-round is also a thrill for youngsters and the last and most exciting thrill for any kiddie is the train ride and above she enjoys acting as engineer. Lion Vic Bristow was chairman of the project and awarded the gate prize of a transistor radio to Ron Hagen, 166 Poplar Avenue, Acton.

RECIPE OF THE MONTH

By the Editor of the Acton Free Press

Bridge Club Peach Tarts

Makes twelve 3 1/2-in. tarts or twenty 2 1/2-in. tarts.

- 2 (15oz) cans "Canada Choice" Sliced Peaches
- 1 1/2 cups peach syrup
- 1/2 cup sugar
- 2 tablespoons cornstarch
- A few grains salt
- 1 teaspoon almond flavoring
- 1 pint dairy sour cream
- Whipped cream (optional)

Drain peaches. Stir 1 1/2 cups peach syrup into sugar, cornstarch, salt combined in saucepan; thicken smoothly over medium heat stirring constantly. Cover and cook 5 minutes over low heat, stirring occasionally. Remove from heat and cool completely. Stir in almond flavoring and sour cream, fold in peach slices. Spoon into prepared tart shells. Chill. Serve topped with whipped cream if desired.

This recipe prepared especially for this series by Dairy Foods Service Bureau.

O.A.R.C. Special Projects Co-Ordinator Explains New Legislation at Sunshine

The May general meeting of the North Halton Association for Retarded Children was held in the Sunshine school. In the absence of Dr. K. McCauley, president, Dr. E. Craig, vice president chaired the meeting.

J. Spivak, treasurer, outlined the operating costs of the Sunshine School for 1963. Total cost for that year was \$14,000. Provincial and municipal grants total \$6,800, which left \$7,400 for the Association to raise.

Two movies were then shown by the Rev. R. P. E. Jeffares with commentary by Mrs. Jeffares, principal. The films were made at the Sunshine School and commenced with the children arriving in the school bus, it then went on to show some of their activities, both outdoors on the swings, slide and climbing tower, and indoors, where their music and rhythm sessions are varied to say the least. The Twist is a great favorite enjoyed by both

pupil and teacher, (if the hip swinging is any indication) there are a couple of budding champions among the pupils.

Explains Legislation

Mrs. George Mitchell then introduced the guest speaker Brian Holliday. Mr. Holliday who lives in Burlington has worked for the cause of the retarded children for a number of years, he has served several times on the Ontario Association for Retarded Children Board of Directors, he has also served as vice-president and recreation chairman for Ontario. He has now taken a full time position with the Ontario Association as Co-Ordinator of Special Projects.

Mr. Holliday spoke of the great progress which has been made in the care of the retarded during the last decade. He went on to speak in general terms of the new legislation which comes into force January 1, 1965. Locally this will mean that

Sunshine School will receive a grant to cover in full all approved operating costs. This he said does not mean our job is done, it will simply enable us to release our energies to open up new avenues, namely, preschool classes, home care, adult work shop and recreation for the retarded in our area. He stressed that we must advance these necessary steps.

Six-Man Authority

Regulations of the new legislation are as yet incomplete. Locally a Retarded Children's Education Authority will be appointed by the North Halton Association for Retarded Children and four appointees will be drawn from within the North Halton area. When asked if the Provincial Government will assume responsibility for the existing mortgage of \$5,000 on the Sunshine School, Mr. Holliday's answer was a definite NO.

Speaking generally of the programming for the retarded in Ontario, he said there are now 23 established Adult Workshops. Mr. Holliday informed members of two Centennial Projects in Ontario, one in Hamilton and one in Toronto. The Hamilton project is a Model Community Service for the Retarded. It will serve the Niagara Peninsula and surrounding territory. This will include a Diagnostic and Assessment Clinic.

Adult Workshops

The second, which is the project of the Metropolitan Toronto Association for Retarded Children, will be a Sheltered Workshop with complete programming for all Adult retardates including job placement for those trainees with higher ability.

Similar projects are planned in all Provinces to mark our Centennial and all projects are geared to be of advantage to Canada as a whole through research and learning.

Mr. Holliday went on to explain the J. F. Kennedy Memorial Fund for the Mentally Retarded. He said it would be used in a variety of ways in order to benefit all retardates in Canada. He likened it to the Teletthon Fund, which was money raised when Channel 9 first opened on T.V. He gave examples from the Teletthon Fund such as the establishment of a visiting professorship, a loan fund set up to assist local associations, financing of teachers' workshops and seminars, to name a few.

Mr. Holliday said with the lit-

SIX STUDENTS will represent the high school at the Model United Nations Assembly at Waterloo beginning June 21. The students are members of the United Nations Club. Left to right are Axel Nieszer, Gay White, Carol Swackhamer, Marjorie Mackenzie, Don Long and Tom McKeown.

U.C.W. Meeting Held at Manse

Twenty-five members of the United Church Women attended the June meeting, which was held at the manse, with Mrs. Leeman as hostess. The roll call was answered with the word "Understand". The president, Mrs. Horace Blith, presided. The convener for the evening were Mrs. Sheldon Trousdale and Mrs. Mervyn Thomson, who had prepared an interesting program on the Bible study Mrs. Thomson read the Scripture from the "Apocrypha".

A "tripped" panel, consisting of Mrs. A. Frank, Mrs. Wynne Dunbar, Mrs. Young, Mrs. Earl Ward, Mrs. Thomson, Mrs. Wilson Bewley, Mrs. Murray Hayward and Mrs. William Early answered various questions concerning the Bible.

In conclusion, Mrs. Trousdale quoted St. Paul's guide to the good life: "Whatever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue and if there be any praise, think on these things."

Some members hope to attend the Gospel Presbyterial executive meeting in Harcourt Memorial Church, Guelph, on June 12. Plans for catering for the grade eight banquet next Monday were finalized.

Mrs. Hayward and Mrs. Frank helped Mrs. Leeman serve lunch. Mrs. M. Moffat thanked those who had taken part, also Mrs. Frank for opening her home for the May tea.

Representing Ghana, Nigeria At United Nations Assembly

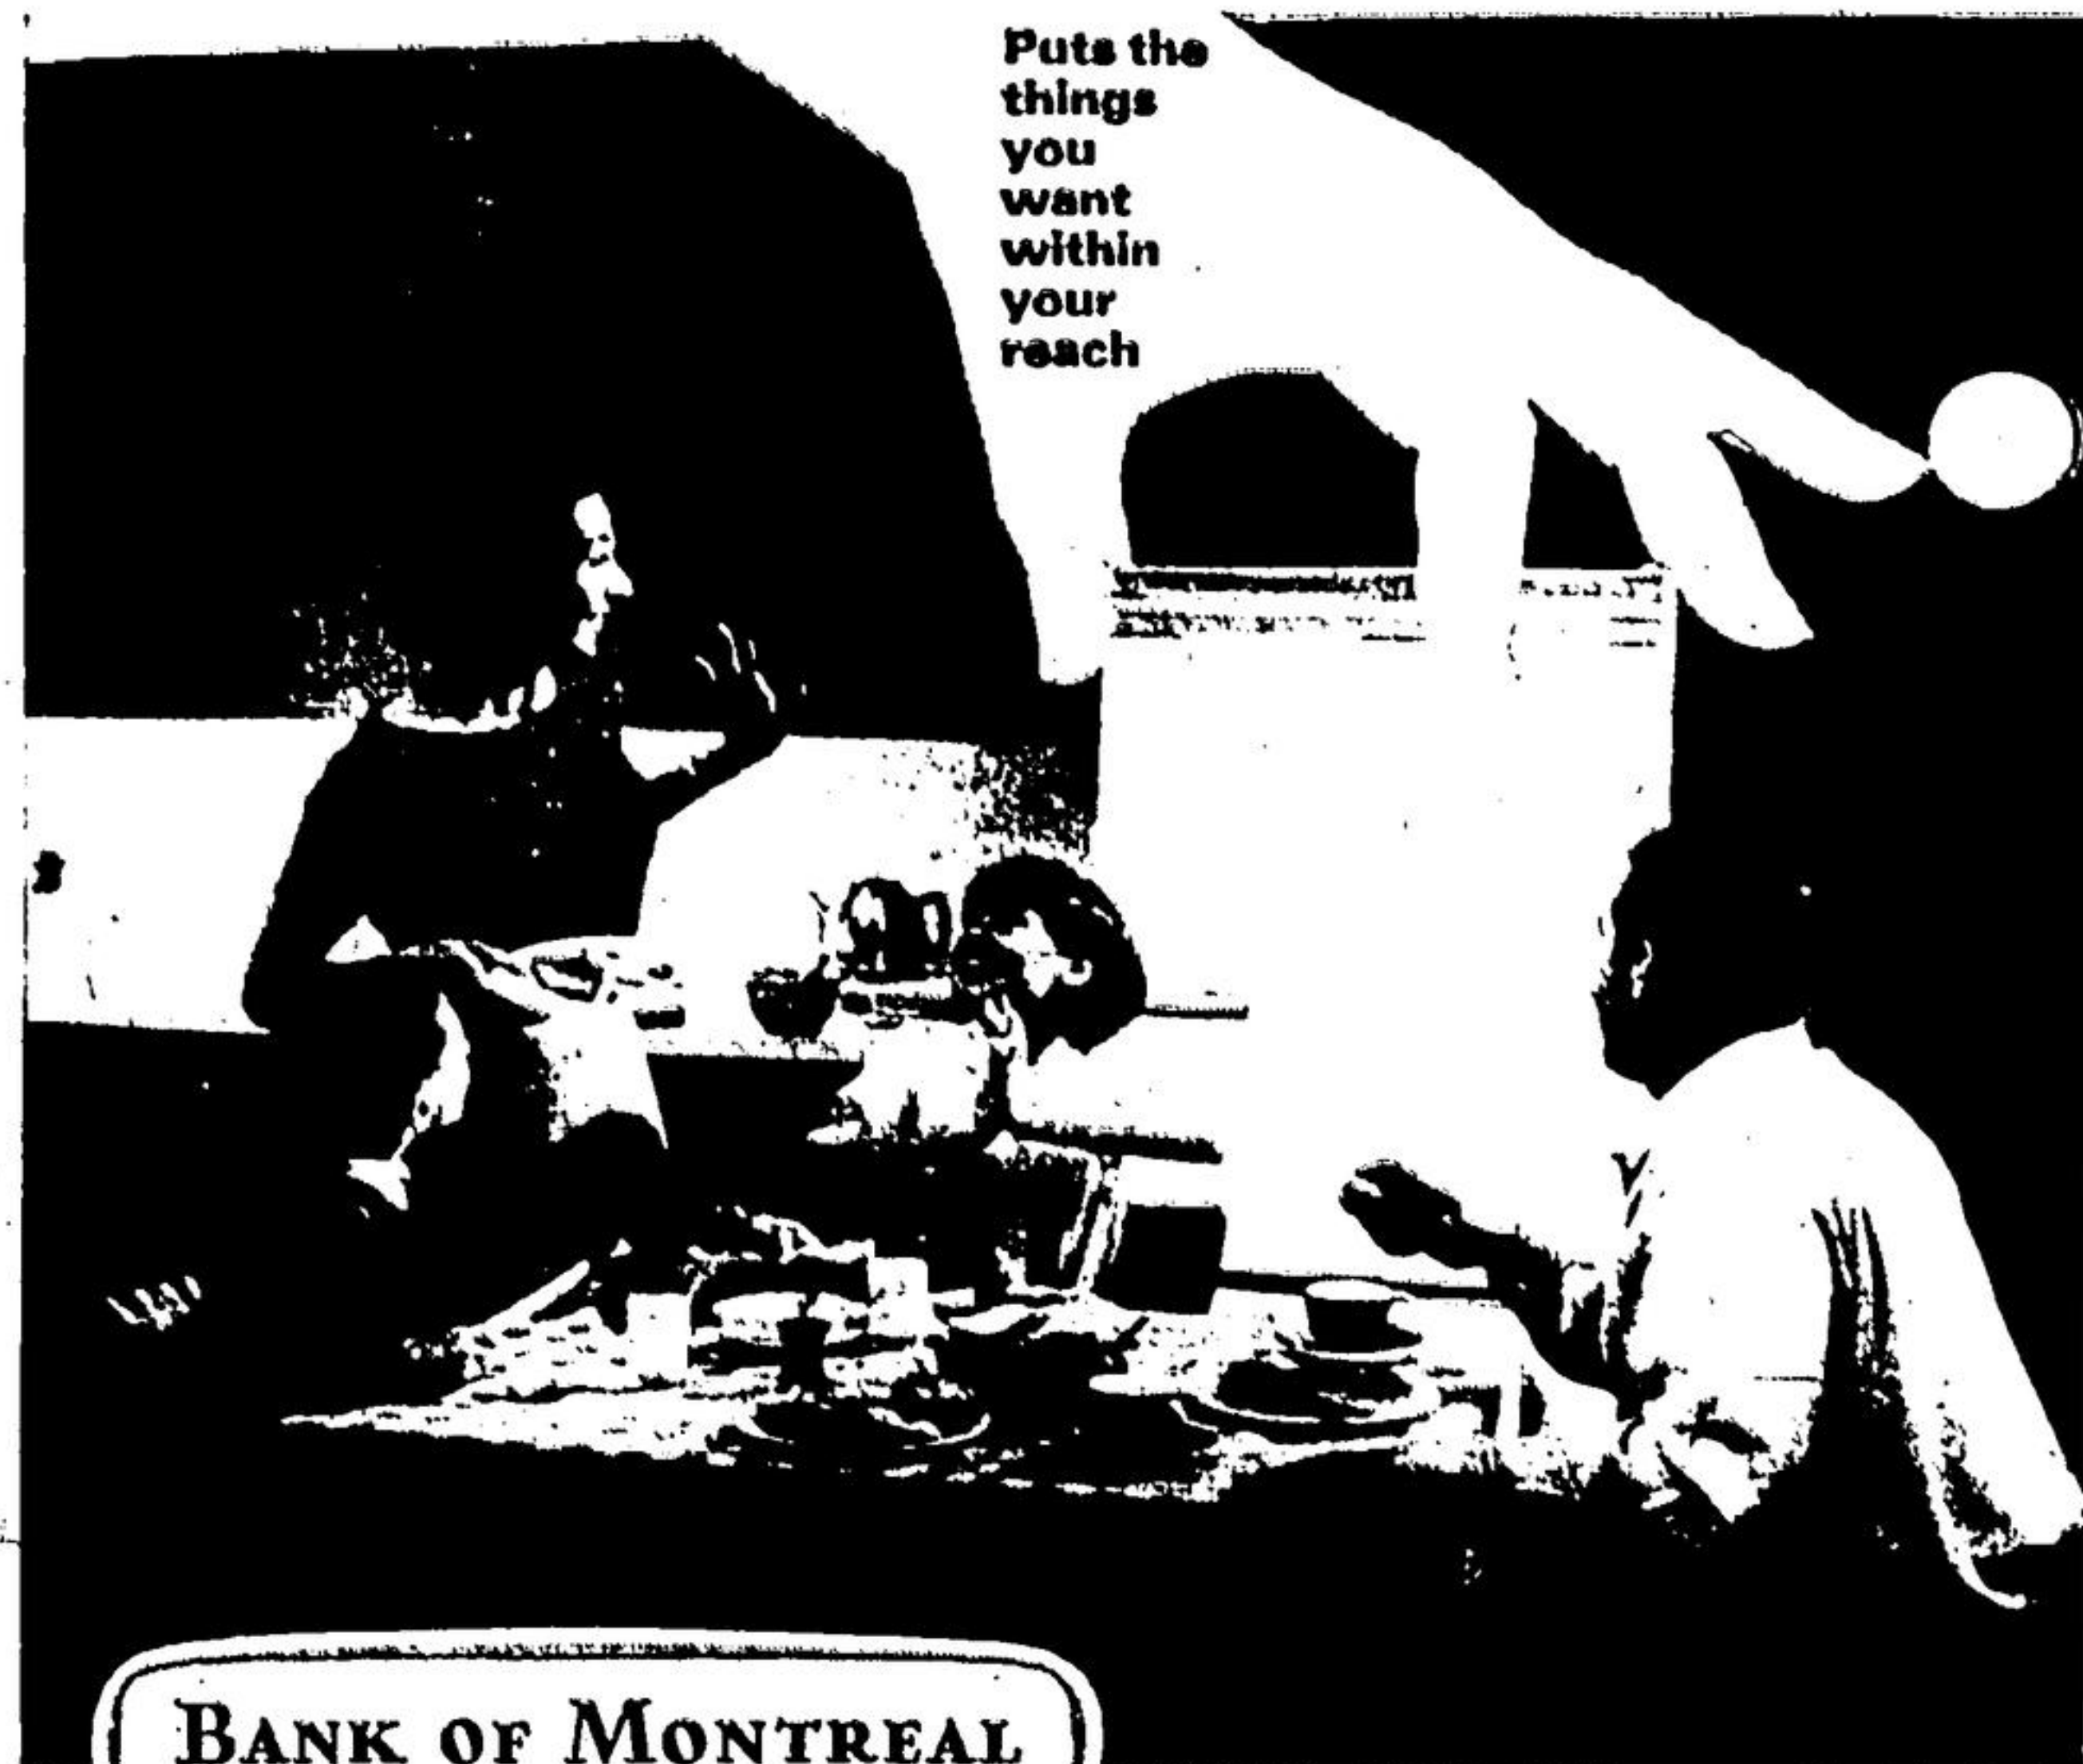

By Axel Nieszer, IIA

On June 21, a group of six Acton High School students and members of the United Nations Club will drive up to the Eaves of Waterloo. We will stay there for a week and while we are there, we will attend a Model United Nations Assembly.

Our group will represent two African states - Ghana and Nigeria. We are proud to be representing these two countries, as we feel that both are rising in importance in the world and especially in Africa. Gay White, Tommy McKeown and Axel Nieszer are representing Ghana, while Carol Swackhamer, Marjorie Mackenzie and Don Long will be representing Nigeria.

This is the second year our club has attended the seminar and we are once again being sponsored by a number of local organizations and clubs, who have kindly consented to pay our expenses. They are the two chapters of the F.O.D.E., Rotary Club, the Legion, Beardmore and Co. and our Students' Council. The price, in case you were wondering, is \$55 per person for one week. That is a lot of money, but we hope to make good use of it.

That is all that I can tell you about it now, except that when we get there, we intend to work hard and to have as much fun in doing it as we possibly can.

Don't Lose Toes Use Your Head

It's grass cutting time again and the roar of power rotary lawn mowers is a common sound across the land. And the scream of someone getting his toes cut off by those same whirling blades is all too common. Perhaps you didn't realize that the end of those rotary blades are travelling up to 200 miles an hour. So keep your feet and your fingers, out of the way. Use your head and save your hands and feet.

KEEPING UP
Doctor: Why do you work so hard?
Patient: It's the only way I can keep up with those easy payments.
