Minister's Wife, Mrs. Bell Interred in Rockwood Saturday

Rockwood — The funeral service of Mary Alice Bell, wife of Rev. G. S. Bell D.D. was held in Rockwood United Church on Saturday afternoon, July 4th. The service was conducted by the pastor, Rev. E. R. Connor assisted by Rev. Roy Webster, associate Secretary of the Board of World Missions of the United Church of Canada.

Mrs. Bell went to West China with her husband in 1915 where she taught in a mission school in Yulin Hsien and in the Canadian School for Missionaries' Children in the city of Chengtu. Mrs. Bell in later years despite ill health, refused to let it ever interfere with her husband's work as secretary of the United Church of Canada's large field of work, a work that took him from their home city in Chengtu for periods of many weeks at a time, even during the perious days of the China Japanese war. The Bell's home in China ever had a warm welcome for Chinese and Western alike.

Mrs. Guild Hostess For Rockwood U.C.W.

Rockwood — "God in Nature" was the devotional theme taken by Mrs. W. Guild at July meeting of Unit one Rockwood United Church Women. Held at the home of Mrs. Alex McPhedran, the meeting was well attended. Mrs. Guild spoke of the hand of God so plainly shown in the beauty around us, and wondered how any could doubt his presence.

The minutes and treasurer's report were read and a generous gift from Dr. Bell and family gratefully acknowledged. Mrs. F. Hawking introduced the guest speaker, Mrs. Blaney of Waterloo, who is the president of Guelph Presbtery U.C.W. Mrs. Blaney in her pleasant and informal manner, outlined the duties and responsibilities of the members of the U.C.W. not only those who had paid their fees but every woman in the church. We must extend the hand of welcome to newcomers and show our spirituality in the home as well as in the church, said Mrs. Blaney.

The meeting closed with a hymn and the Benediction. A lovely lunch was served by the hostess assisted by her sister Mrs. P. Sim. Mrs. Connor thanked Mrs. Blaney for her fine message and Mrs. McPhedran for opening her home for the meeting.

Picture Highlight W.M.S. Meeting

Rockwood — Mrs. G. Aitken was hostess for the Twilight Group of Rockwood Presbyterian Church recently. Mrs. Aitken presented and took the devotional — "The Invitation". This theme was one used in Montreal during May at the 100th anniversary of the W.M.S. and W.A. The scripture lesson was passages taken from the four Gospels. During the business period the ladies made plans to cater at the Stram Fair and to collect good used clothing for a fall sale.

Mrs. Aitken gave a most interesting talk on the 100th anniversary celebrations in Montreal and also showed pictures taken while in Quebec. The speaker stated how impressed everyone was at the choir of Indian boys and girls. Their lovely expressive faces and neat appearance were an inspiration to all. At the conclusion of the meeting a lovely lunch was served by the hostess assisted by Mrs. Gordon Gray.

Judge Posters Water Safety

Monday there was a poster contest for all the swimmers in the three classes at the wading pool. All but three of the boys and girls brought posters depicting safety do's and don'ts, some with lurid illustrations of the consequences.

Instructor Jim Casburn is judging them, and the best will be on display in a store window this weekend.

Charles Cutts Sells His Farm Property

The farm home of Charles Cutts has been sold to James Bradford of Georgetown. Mr. Cutts is retaining the house.

Mr. Cutts erected all the buildings on this property, cutting quite a lot of timber out of the bush and having it sawed into timbers. He framed the barn with the help of the late Clarence Johnson. He also cleared and ploughed some land which was bush 12 years ago.

BELL LINES

LOWER TRANS-CANADA LONG DISTANCE RATES

You've probably read the news stories about the lower Trans-Canada Long Distance rates that went into effect last month. It occurred to me that reductions have been implemented so often over the years that they're in danger of not being "news" anymore! However, they're refreshingly different, considering the price trend of just about everything else.

Trans-Canada Long Distance Service is made possible by close co-operation among the various telephone companies over whose territory a call travels. Before 1928, there was no interconnection of lines between the main Canadian telephone companies, so a call between Guelph and, say, Edmonton, had to travel over American lines. By 1932, however, an all-Canadian East-West route was completed and, of course, continued expansion has occurred since then. Today your call may speed over actual telephone lines, or through the air via microwave (alongside television programs!), or over radio-relay systems that reach out to isolated sites, some well beyond the Arctic Circle. Telephone companies certainly don't just sit on the accounts collected from customers; money is continually ploughed back into the Canadian economy to provide better and better service, and a higher standard of living for all.

TAILORED TELEPHONES
On the average, masculine fingers are 10 per cent longer and 30 per cent wider than feminine fingers. Also, on the telephone, men's voices are two decibels louder than women's, and men tend to talk even louder when talking with other men. "Who cares?" you ask. Well, telephone engineers care very much. They even care about the average distance between the human mouth and ear: the handset must "fit" both for ideal transmission and reception (the mouthpiece should be held from one-half to one inch from the lips). Careful study of these human factors has led to the best possible design for items of telephone equipment.

WHERE YOU ARE
Ever notice how some Acton folks answer the phone promptly when you call them? Well, they MIGHT just always be right alongside the telephone. But it's more likely that these prompt-answerers have discovered the convenience of having extension telephones where THEY are — in the kitchen, for example, where the lady of the house spends so much time. She can make and take calls with ease — keep an eye on what's cooking at the same time. Some people find it handy to have extension telephones in the family room, or Dad's workshop. And, of course, a bedroom extension is not only convenient, it adds a reassuring sense of security, knowing a phone's close at hand. Extending phones come in three models — wall phone, regular desk set, and the little Princess with its glowing night-light. Why not find out how convenient it would be to have extension phones in places handiest in YOUR home. All it takes is a call to our Business Office, or ask the telephone service man.
