

Expect Record Crowd At Weekend Steam-Era

Milton's population is expected to swell by over 30,000 this coming holiday weekend, as thousands surge into town to visit the annual attraction at the Fair Grounds — the 1964 edition of the "Steam-Era", annual reunion of the Ontario Steam and Antique Preservers Association.

Daily activities all day Friday, Saturday and Monday are expected to attract record crowds, and the iron monsters of yesterday go through their paces. It's a live show, with all equipment restored and cleaned and ready to go.

Parades, demonstrations of equipment, threshing competition, operating sawmills, stationery displays and two halls full of antiques and souvenir shops will be available for visitors to see.

"We want to show the generations of the future, the best of the past," sums up Gordon E. Smith of Orillia, 1964 president of Steam-Era.

Addition, Three New Teachers At Brookville Public School

Over 400 students are expected at Nagsayweva's two schools this fall. The pupils heading back to Brookville School will be greeted by an almost complete two room addition, plus three new teachers.

Workmen are hurrying to finish Brookville's addition, but the work is not expected to be completed until later in September and some temporary measures will have to be taken. Board of Education secretary Mrs. B. Fletcher reports.

New staffers there are Miss Jacqueline Seiveth, Miss Alice Sher-

Campbellville Merchants Wallop Cannifton 23-5

Campbellville completely overpowered Cannifton in the first game of the first round of the Intermediate "C" Playdown's. Campbellville batters, out of action for almost three weeks, were hungry and consequently smashed out 24 hits good for 23 runs. The final score was 23-5.

Possible Knot...

(Continued from Sports Page) ties by the Legion lumbermen who fanned twice and walked three.

There was never any doubt of the outcome. Legionnaires had a 100 margin at one stage but Farmer Sheppard's two run triple spoiled Salmon's shut-out bid in the fifth.

Big gun for the winners was Wayne Marshall. He smacked one for the circuit and added a pair of doubles. Gary Masales smashed a bases-loaded triple in the second frame while Dan Arbie collected a two-bagger and a pair of singles. Brian McGrail socked a triple and a single. John Leath-erland and John Salmon a pair of singles each.

For the losers Clarence Sheppard and Gord Fricker each had a pair of hits.

Roberts Wins

Winning pitcher Jack Roberts, showed his long layoff and was not as sharp as usual. Hurling against a predominantly left handed hitting team, the veteran Campbellville southpaw gave up five runs off eight hits. He only struck out three and walked two. Dave Helfernan worked the last two innings. He allowed one hit and struck out one.

Hitting Re-Cap

Earl Cairns hit a home run, a double and two singles for Campbellville. Stu King banged out a home run and three singles. Al Wingrove had two doubles and two singles. Ken Moore and Larry McPhail each had three hits. Stan Henderson homered and singled. Jack Roberts doubled and singled and Elmer Dredge and Bill Elliot each singled.

Joe Hill, Ken Forsyth, Petrie Wheaty, Cole, Bud Hill, Parks and Cronkright all singled for Cannifton and Brennan doubled.

Footnotes: The usually strong Campbellville team (numerically) had only four extras for one reason or another. They were without Joyce, Fetter, Zuleros, Buck and Nicholson.

Chapter Told Of U.N. Seminar

The September meeting of the Duke of Devonshire chapter of the I.O.E. was held at the home of Mrs. W. Agar, Arthur St., on Tuesday evening with the regent Mrs. H. R. Force presiding. Reports of the committees were read, the regent reporting on the grade eight banquet she attended in June.

Mrs. Reed, the educational secretary, spoke on two of the new universities in Ontario and what it will mean to the young people and also to the communities in which they are situated. The theme of her talk was Don't Kick Our Kids Around.

Mrs. Rogers and Don Long were the guests of the evening. Mrs. Rogers outlined the work and study of the United Nations club in the Acton high school and outlined the study for the Waterloo seminar. Don Long told of the excitement and challenge of the seminar and named a few of the subjects which were debated — the Cyprus problem, South Africa, disarmament and racial discrimination and said how interesting it is to compare their findings with those of the actual United Nations. He said it certainly creates an interest in world affairs that sticks with the students.

After the talks Mrs. Rogers showed slides of the United Nations building in New York and its gardens.

CLOTHES ON FIRE

The person whose clothes catch fire usually instinctively runs out of the house. He should be stopped — tripped, if necessary, and made to lie flat on the floor, rolled in a rug, blanket or other heavy cloth to smother flames. He should be placed face down to prevent flames from licking up to his eyes or respiratory organs. It is always difficult for the victim in an emergency to remember what to do but this action in case of fire could save his life by preventing the fanning of the flames in the wind.

Put teeth into your ideas if you want them to bite.

Weed Inspector Urges Barberry Eradication

The fourth meeting of the Acton 4-H Grain Club was held on Thursday August 27 at the farm of Calvin Aitken, R.R. 3, Acton.

During the business session, which was chaired by vice-president Janet Aitken, plans were made to enter a float in the Acton Fair parade and Walter Trussenaar was selected to represent the club at the Tractor Safe Driving Competition which is being sponsored by the Halton Safety Council and held in conjunction with the Junior Ploughing Competition on September 12.

Bruce Huff, who was in charge of the program conducted the members on a tour of the farm in search of common weeds and foreign plants which they collected and later identified.

The special guest of the evening who was introduced by club leader Norm Brazda was Halton County Weed Inspector, Vern MacArthur of Lowville. Mr. MacArthur's address to the members was based on the common barberry or buckthorn which is found growing on many farms along fence rows, creek beds and in neglected pastures. The barberry bush, the speaker pointed out, is the alternate host to the spores of stem rust to oats which takes a heavy annual toll on cereal crops in Ontario.

One barberry bush he stated, is capable of harboring 64 billion spores, which when windborne can infect grain crops within a radius of one hundred miles. In the spring, the spores move to the growing grain and in the form of a red brown rust attack the plant, breaking down the cells.

The Romans used asbestos as wicks for oil lamps.

At the conclusion of the meeting, Walter Trussenaar expressed the appreciation of the club to Mr. and Mrs. Aitken for their hospitality.

The members judged a class of seed barley and each gave oral reasons on their placings. Mr. Huff acted as official judge.

Stampede Sponsored By Georgetown Lions

For those who wish they had travelled west to the Calgary Stampede but didn't, there is some consolation — part of the stampede is coming to Georgetown park Saturday, September 12.

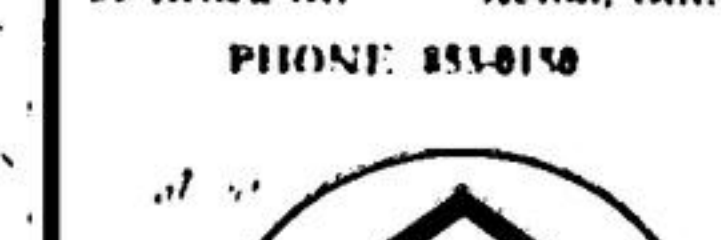

The big attraction will feature chuck wagon races starting World's Champ Cliff Haggert of Clinton, British Columbia and a two-hour stampede show which will include many western stars and riders.

The event is sponsored by the Georgetown Lions Club which hosted the Ontario Western Horse Association rodeo three years ago.

RECORD AT KEISO
The Keison Conservation Area at Milton Heights saw its busiest weekend of the season when hundreds of carloads of swimmers, boaters and picnickers arrived there Saturday and Sunday. It was the first warm weekend in the past six weeks, and on Sunday alone, 470 cars paid to enter the area, representing about 1,800 persons. The swimming pool and wading pool were jammed to capacity at the height of Sunday afternoon.

V. O. N.
The Victorian Order of Nurses was founded in 1897 by Lady Aberdeen, wife of the then Governor-General as part of the Queen Victoria Diamond Jubilee; the V.O.N. has started several Canadian hospitals, now has output of about 100 offices across Canada.

During the Past 20 Years Feeding Efficiency . . . Profits . . . Results HAVE IMPROVED AMAZINGLY!

20 YEARS AGO	TODAY
It required 6 to 7 lbs. of feed to produce one dozen eggs.	It takes only 4 to 4½ lbs. of feed per dozen eggs.
It required 12 to 14 lbs. of feed, 12 to 14 weeks, to grow a 3¼-lb. broiler.	It takes only 9-10 lbs. of feed and 9-9½ weeks, to grow a 3¼-4 lb. broiler.
It required 6 lbs. of feed to produce 1 lb. of turkey.	It takes only 4 lbs. to produce 1 lb. of turkey.
It required 1,000 lbs. of good Western grain to produce a 200 lb. market hog.	It takes less than 600 lbs. of today's Formula Feeds and less time to market a 200 lb. hog.

Supersweet FORMULA FEEDS HAVE BEEN ONE OF THE PACE SETTERS IN THIS AMAZING TRANSITION . . . BUT WE'VE RETAINED THAT IMPORTANT OLD-FASHIONED INGREDIENT "CUSTOMER SATISFACTION"

... A DESIRE PRESENT 20 YEARS AGO AND OUR CONSUMING AIM TODAY
