

Rockwood NEWS and SHOPPING GUIDE

Trustees Express Appreciation For Fine Work of Leslie J. Ayles

Rockwood — The trustees of the Village of Rockwood met in the Town Hall with all members present. Ken Murray was in the chair for the meeting. The meeting opened with one minute silence in honor of the late village secretary - treasurer, Leslie J. Ayles.

A delegation from the Fire Department was present to request necessary equipment, hose, asbestos gloves etc., in order to maintain their high degree of efficiency. They were instructed to get prices and make the required purchases.

The minutes of the previous two meetings were read and adopted.

It was moved by J. Milne and seconded by Robert Leslie, that the village accounts be passed—total \$344.06, general \$993.12, total \$1,337.18 — carried by Ken Murray.

Correspondence was dealt with. The Bell Telephone have drawn maps showing the numbering of houses in the village.

A letter was received from the township clerk stating that they have made application for a Centennial grant to build in No. 10 school site.

Hydro accounts were passed on motion by James Milne and seconded by R. Leslie, totalling \$1,831.22, carried by K. Murray.

The trustees requested a letter be sent to Mrs. L. J. Ayles expressing their appreciation for the great work her late husband had done on Hydro and in every other capacity as a citizen of the village, and a special thank you to Mrs. Ayles for the efficient work she has done over the past three months under very trying circumstances.

Town Hall Office
After considerable discussion and planning, it was decided that the village business would be transacted from an office in the town hall.

The meeting then adjourned, with the next meeting to be held in the town hall on Monday, September 28 at 7:30 p.m.

6 Halton 4-H Club Members Three-Day Guests of C.N.E.

Six 4-H Homemaking Club members from Halton County participated in the Junior program at the Canadian National Exhibition last week. They were Diana Dolby, Margaret Kingston, Barbara Britton, Dorothy McLean, Carol Leslie and Doreen Harrop.

The girls were selected by Mrs. Kathleen Cosson, the County Home Economist, on the basis of their participation and standard in club work.

Halton 4-H Clubs Holding Final Meetings, Write Exams

The final regular Call and Field Crop meetings of the Halton 4-H Clubs are now being held. Achievement Day, the highlight of the Club year, however remains for these 4-H club members. Their year's work is completed with the exception of preparing and exhibiting of their 4-H projects.

The 24 Grain Club members will each exhibit a peck of grain, and the 12 Potato Club members will show 20 tubers from their 4-H plots. These exhibits will be judged on Thursday, September 24.

ACTON CLUBS
The final meeting of the Acton 4-H Grain and 4-H Call Club was held at the Community Centre in Acton on Thursday, September 3. The Grain Club members wrote their final exam, while the Call Club members had an oral quiz, based on work which they have covered this year.

While in Toronto, the girls stayed at Margaret Addison Residence, Victoria University, as guests of the Canadian National Exhibition. The three day visit included a tour of the Royal Ontario Museum and the Parliament Buildings, the Thursday evening grandstand performance and plenty of time to see all the highlights of the Exhibition.

The Grain Club members will be exhibiting one peck of grain from their 4-H plot at the Acton Fair, September 18.

Wednesday afternoon was devoted to the presentation of exhibits, demonstrations and skits by club members from the various counties and districts.

HALTON CLUBS
The final meeting of the Halton 4-H Call, Grain, Potato and Corn Clubs will be held in the Agricultural Hall at the Milton Fair Grounds on Thursday, September 10. The Call Club members will have an oral quiz and the Field Crop clubs will write their final exam.

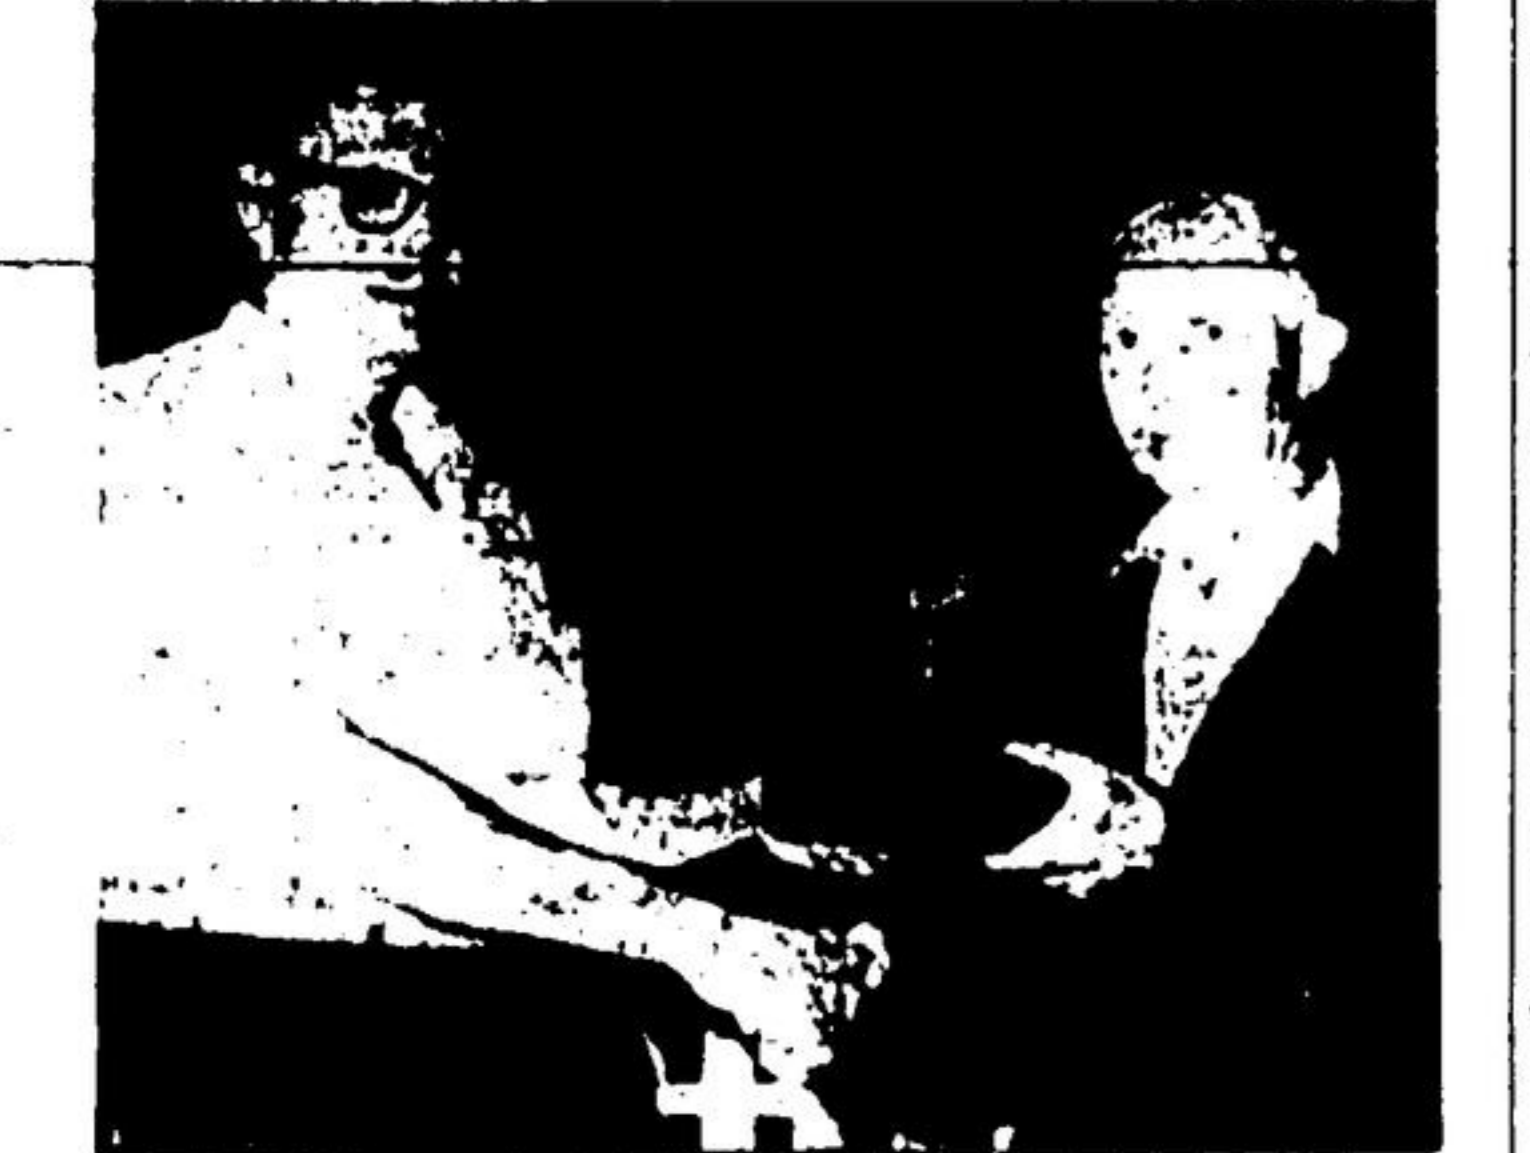

A total of 175 Homemaking Club members from 25 counties and districts in central and northern Ontario participated in the Junior program.

WINS AT C.N.E.
George and L. H. Leaver of Campbellville won a first, two seconds and a third in hog competitions at the C.N.E. this week.

A Leaver sow was first in the show, 18 months and under two year class and Leaver boars were second in the boar 12 months and under 18 months and two years and over classes. Leaver farms also won a third in the sow 12 months and under class.

TRACTOR CLUB
The 4-H Tractor Club will hold their Achievement Day at the Georgetown Fair at 10:00 a.m. on Saturday, October 3.

4-H members will test their skill at driving a tractor and will go over a staked course, and try their final quiz.

HENDERSON MEMORIAL TROPHY for lawn bowling singles competition is presented by Harvey Laverly, representing the family, to Frank Kelso.

Present Trophy To Frank Kelso

Rockwood — The Henderson Memorial Trophy for single competition was at stake at the Rockwood bowling greens recently. There were 14 members from Rockwood and Acton present to bowl-off for the cup.

After three 12-end games, there were only three three-game winners left, with Frank Kelso having the largest overall score. Presentation of the trophy to Mr. Kelso was made by Harvey Laverly, representing the Henderson family.

Obituary

"Tag" Hortop Dies Milling in Family

Owner of Hortop's Mill in Rockwood, Clarence Weir "Tag" Hortop of Main St., Rockwood, passed away in Guelph General Hospital on August 31. He had retired in March, 1962. His death was sudden.

Milling is in the Hortop family. His father was a miller in Everton. His brother operates the Everton mill and Tag Hortop went to Rockwood to take over the mill there 40 years ago.

He is survived by his wife, the former Mae Bolton, his mother, Mrs. W. H. Hortop, Everton, a sister, Mrs. R. Pallraman (Muriel), Guelph, and a brother, Harry of Everton.

Clarence Hortop's Sudden Death Shock

Rockwood — Residents of this area were deeply shocked recently at the sudden passing of Clarence Hortop. Although retired from the feed mill, which he had owned and operated for many years, he still took a keen interest in local affairs.

A member of an early pioneer family who operated their flour and feed mills in Everton and Rockwood, Mr. Hortop was born in Everton and followed the trade of his father. Many will feel the loss of a good friend in the passing of Clarence (Tag) Hortop.

Best Wishes!

With the beginning of another school year, many faces seen during the summer will be missing, but many more will be coming home after summer work or vacation.

Many young people will be leaving for outside points, either as teachers or students, and we wish them all a very successful year, wherever they may be.

Top Place Trebles Labor Day Tourney

Rockwood — Albert Maltby of Rockwood was vice-skip for the top place trebles team at the big Labor Day tournament in Elora. Other members of the team were Bill Spears of Elora, lead and George Brown of Guelph, the skip.

In the three games played, they had a plus 11, plus 12, and plus eight score. The Maltby home is now displaying a new "corner what-not" as Ab's position of the win.

Arts at Guelph September '65

In May, 1964, the Ontario Legislature passed "The University of Guelph Act, 1964" Bill 133 creating the University of Guelph. The university will be developed with the long established Ontario Veterinary College, Ontario Agricultural College and Macdonald Institute.

The University of Guelph will continue the established programs of veterinary medicine, household science, agricultural science, engineering and science.

The creation of the University of Guelph is the climax of growth and development of the original three colleges which started over one hundred years ago. The Ontario Veterinary College was established in 1862, the Ontario Agricultural College in 1874, and Macdonald Institute in 1903. Over 11,000 graduates have received their degrees through these colleges.

At the present time, close to 1,800 undergraduate and diploma student are studying on the campus. This enrollment is expected to increase to approximately 6,000 by 1970.

Admission requirements for the degree courses are Ontario Grade XIII standing in nine specified subjects with a minimum general average of 60 per cent. It may not be possible, however, to accept all students who have the minimum qualifications for veterinary science and household science.

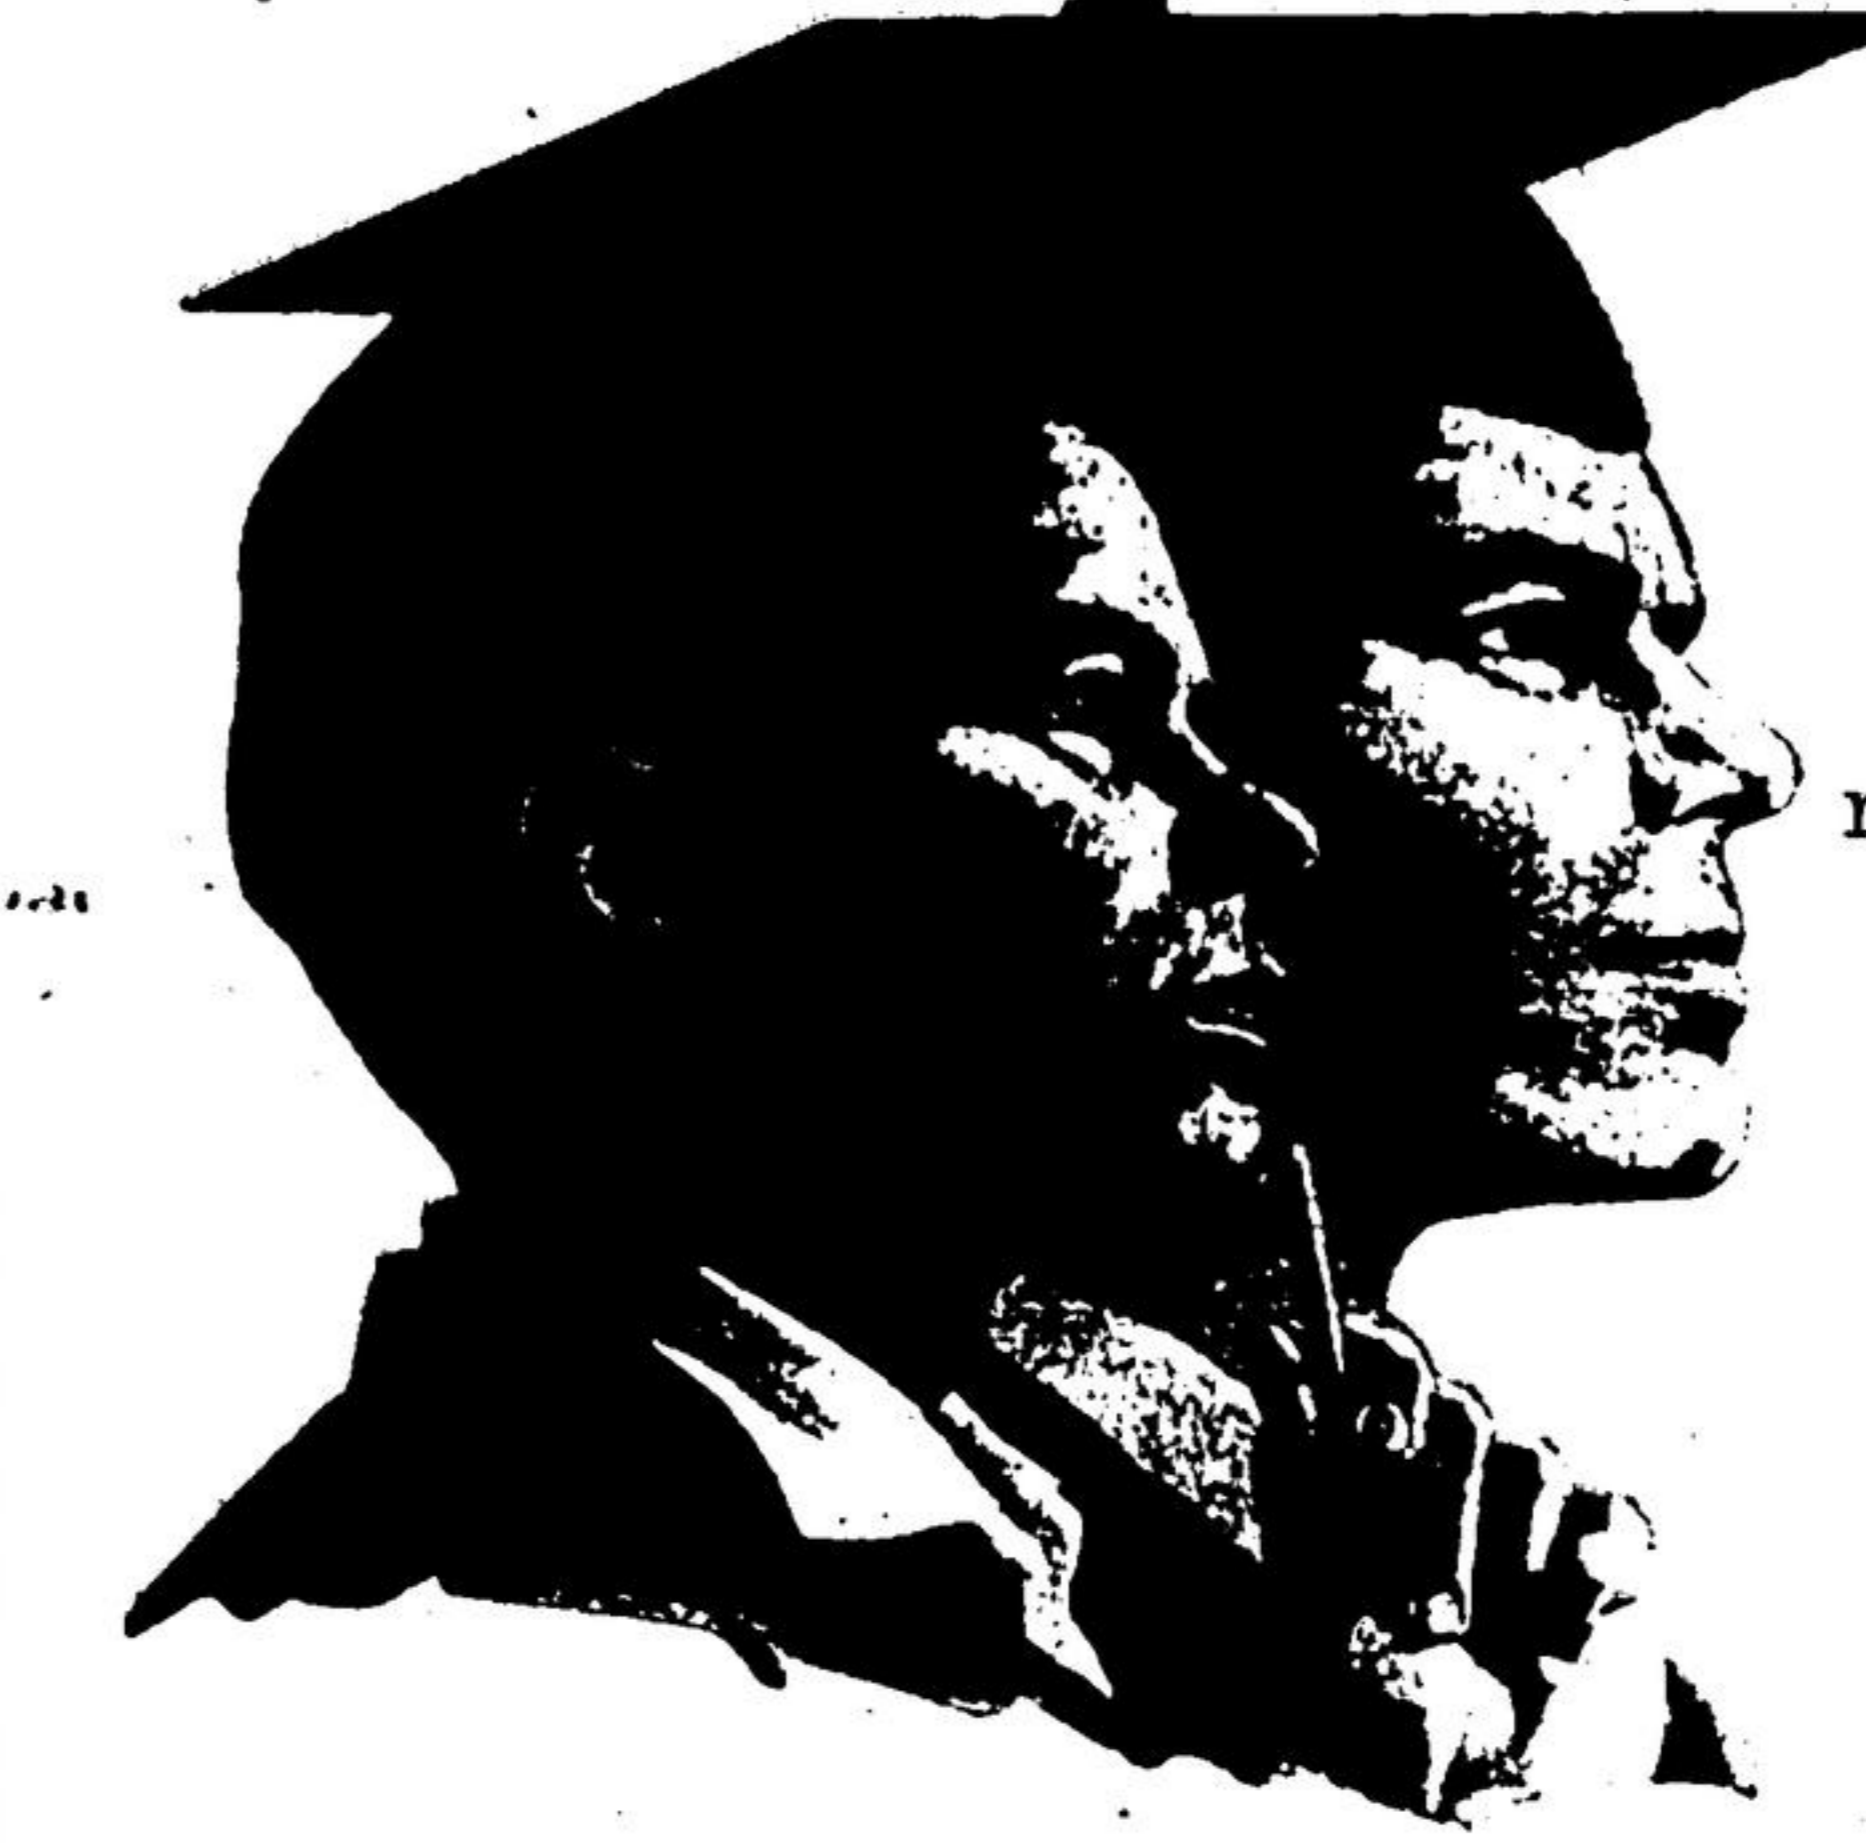

The libraries of the university contain approximately 91,000 volumes and receive annually 1,400 periodicals. This acquisition of books for the Arts program has already begun and several thousand volumes will be available for the first undergraduate class.

Residence accommodation is provided at the present time for 750 students at the three colleges. In addition, arrangements are made for all students to obtain meals at the university.

It is not expected that there will be any major changes in the academic program as described in the 1964-65 College Calendar. For September, 1965, however, the establishment of Wellington College of Arts and Science will see a new Arts program as well

A special message to all parents of boys and girls now in high school

You can guarantee your youngster's College Education in partnership with **MY BANK**

BANK OF MONTREAL UNIVERSITY EDUCATION PROGRAMME
A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. And the cost to the parent is only a fraction of the interest paid on a straight loan programme.

VARIANTS OF THE PLAN
Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from \$1,000 to \$8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs:

OPTION	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS COVER
Plan A	\$49.85	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

HOW THE PROGRAMME WORKS
Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

LIFE-INSURANCE FEATURE
If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.

HOW TO JOIN THE PROGRAMME
See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. Ask for your copy of the Bank of Montreal University Education Programme folder.

P.S. If you need help in financing a student already in University—or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

"The Cereal Shelf" Fall 4-H Project

4-H Homemaking Clubs in Halton County will be re-organized during the month of September for their fall project, "The Cereal Shelf". Before beginning the project, the club leaders from each community will attend a two-day training school conducted by the County Home Economist. This training school will be held on September 15 and 16 in the Bethel United Church, Drummond.

Seek Three Men "Joe" is Clue

Joe, where are you? The Free Press is helping Mary Patashnik of St. Catharines locate three Acton men whose names and addresses she has lost. One, she thinks, was called Joe. Last June, these three men attended a smorgasbord dinner dance for the cancer fund there and they wanted to go back again.

The next smorgasbord is on Saturday, September 12, at the U.A.W. Hall, 45 Carlisle St., St. Catharines, beginning at 8. She has sent along a ticket, which Joe may have at the Free Press office for more information. Or, she suggests, phone her at 684-7979 after 5.

"The Cereal Shelf" is a food study project designed to encourage the use of a variety of cereals in planning healthful and nutritious meals. The club members will gain some experience in wise buying and will learn to make a variety of cereal products ranging from breakfast cereals to casseroles and muffins.

Members Invited
All girls between the ages of 12 and 26 are invited to join the 4-H Homemaking Club in their area. If a community has not had a club in previous years, they may organize one simply by finding two women to act as leaders and four or more interested members.

Additional information may be obtained by calling the Ontario Department of Agriculture of Iice, Milton.

DO IT RIGHT!
Interested in underwater diving? Your Red Cross says join an underwater diving club and learn the correct way. Don't attempt it on your own.
