beautifully... just beautifully

The 1965 Pontiac is new. Completely new. It's excitingly longer and wider. Dramatically sleek and low, with a breathtaking beauty that promises adventure in every racy line. Pontiac '65 has a perimeter frame. It's roomier and quieter than ever. There's a new wider track that gives Pontiac steady-as-a-rock stability; new, easy handling; and a smooth, comfortable ride. What else is new for '65? Lots. Fashion-styled fabrics and sumptuous interiors. Thoughtfully improved convenience features. Curved side windows. Low profile tires. Wraparound front bumper. Plus a host of other good things that makes Pontiac the car to be seen in for 1965.
