**Arena Estimates, Expenditures Jibe  
Costs Reflect Wide Use Last Year**

"We were out less than one per cent in our estimates for last year's expenditures," remarked former chairman John Goy after secretary Joe Hurst read his 1964 financial statement to members of the Recreation Committee at their regular meeting Thursday.

The committee's disbursements for the year—totalled \$29,473.41. Receipts totalled \$29,433.74. Most of the figures reflected the growing role of the community centre in the committee's planning.

The municipality turned \$5,925, the largest amount, into the revenue column with a grant of \$2,710 provided by the province of Ontario. Largest money maker for the community centre last year was curling, which contributed \$2,856 to the coffers. Hockey, exclusive of the intermediate hockey club, realized receipts of \$2,470.37, almost \$300 more than budgeted for.

Public skating receipts exceeded the budget figure by \$739.48 for a \$2,339.48 figure. The intermediate hockey club contributed \$1,011.96, recreation registrations \$341.50, down almost \$500 from the \$815 estimated. Advertising netted \$500 and figure skating \$301. Total receipts, exclusive of capital fund, totalled \$20,215.41, well over estimates.

Disbursements, because of an inflated water bill, exceeded the amount budgeted. Biggest item was salaries, which amounted to \$5,403.40. Labor costs totalled \$2,800.40, hydro came to \$2,790.98, while water almost doubled the \$1,300 budgeted for by reaching a \$2,503.30 figure. Ice maintenance cost \$1,509.49, heating \$1,017.77, building maintenance \$630.39 and administration \$801.93.

The deficit, forecast by the

chairman during the year, amounted to \$3,100, but it will be reduced by donations which have not yet been received from local organizations.

who loaned the machine to the committee for their use this season without any strings attached.

"We're obligated to give Mr. Thompson an answer on what we intend to do," said Mr. Goy. "We've got an ice-making machine, but it won't be worth \$5,000 without a tractor to pull it," commented Mr. Lovell.

Mr. Thompson will agree to any type of reasonable program we can come up with," said chairman Goy. He suggested payments could consist of an initial payment of \$1,000 and a payment of \$500 in September of this year. Next year's budget would look after the remainder.

Cost of the tractor is \$2,425 but additional equipment installed to make it suitable for use with the Schomberg ice machine brings the total cost to \$2,981.67.

It was agreed to enter into a rental agreement with Thompson Motors for rental of the tractor for \$500 and further that the chairman and secretary enter into negotiations for its purchase.

New secretary Owen Coultrup was introduced to the committee by retiring secretary Joe Hurst. Mr. Coultrup begins his duties February 1.

and losing the third contest, and narrowly edging another rink for this coveted place. They also brought home propane burners as prizes.

Meanwhile on the same day, Alex Zhebnoff's bonspiel-hardened crew of George Williams, McBlow and Lorne Deberthier were in Alliston. They spent having a fine time and witnessing some spectacular curling.

The second half of this season's curling program got well launched this week, and Acton's avid ice-beaters began their fourth year in the roarin' game. Competition was keen and fellowship warm as personnel was shuffled about in new rink alignments. Below are the standings to date:

A noteworthy feature of this draw was Bill Coon's 7ender vs. Frank Van Wec's team in which Coon's side won 12-5. Frank unfortunately was not able to be present to witness it!

**MAYOR JOE GIBBONS** of Georgetown officially welcomed representatives from the immigration Department Thursday of last week as they opened a branch office to serve the northern section of Halton County. This provides an extension service for this area. Seated front row left to right are field officer Jim Buchanan and Mayor Gibbons, back row left to right are Tom Reid, district settlement officer and Jack Cardwell who is officer in charge of the Halton, Wentworth and Brant counties area.

**Planning Report**

R. E. P. Berens, chairman of the Halton Planning Association, urged members of Halton County Council Tuesday to have every municipality represented in the work of the association.

He reviewed for county councillors the origin of the association and outlined the program of the group for 1965. Meetings will be devoted to individual municipalities and documents such as the "Halton Regional Study", prepared by students on town planning at the University of Toronto, will be studied.

**Icy Road Blamed  
Car Hits Train**

A combination of snow and fog was blamed for a train-car accident during the weekend when a Lincolnton area woman's vehicle received an estimated \$200 damage at the Eastern Ave. C.N.R. crossing.

Constable Merv Harness investigated and reported the car driven by Mrs. Helen Lindsay was unable to stop on slippery roads as a freight train was backing across from a siding. No injuries were sustained by the driver of the car.

**TV, First Dance  
Roes' Agenda**

Country Hoedown at 8 p.m. Friday on Channel 6 will draw a larger audience than usual this week with the guest appearance of Mr. and Mrs. Harris Roe among the dancers. They were in Toronto rehearsing early Tuesday morning and will be in Toronto again on Friday to practice all afternoon.

On Saturday Mr. and Mrs. Roe hope to see the successful inauguration of an Adult Couple's Club for square dancing in the Robert Little school. Several have asked Mr. Roe what to wear and he says "For the ladies low shoes and wide skirts make for comfortable dancing. For the men we suggest a sports shirt with long sleeves if possible. Many people have found that light soft shoes such as bowling shoes or even house slippers are just the thing."

The incipient group was first called a "Modern" square dance club and, says Mr. Roe, the word "modern" seems to have slowed some people's enthusiasm. "The traditional dances will be called but in such a manner that the call may be heard and understood so the novice square dancer will in most cases find it easier to follow the call. The experienced dancers are not in the habit of listening too closely to the call," he said.
