A bunch of the boys were whooping it up, pardon me, I mean bowling, and amongst them was Ben Agnew's little boy Robert. Robert must have been a good boy, ate his Wheaties for breakfast or maybe it was lunch, cause on this balmy February Saturday afternoon he blasted 134-158-326 for a very hot 1014 triple. Neat, sweet and complete. And that my friends winds it up once again so adios amigos and goodnight Daily City.

## Vacuum Cleaner Given to School

The regular meeting of the Acton Auxiliary for the North Hatton Association for the Mentally Retarded was held at the home of Mrs. Chester Anderson on February 4. Because of bad weather and illness only five members were able to be present, despite the small number, however, a successful meeting was conducted with Mrs. Turkoz, the president, in the chair. The meeting opened with a prayer and minutes.

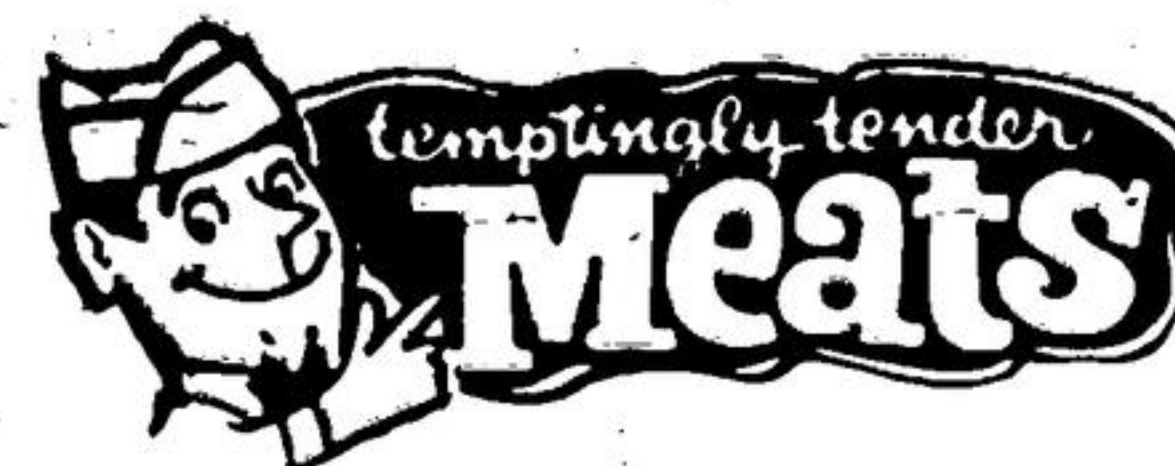

It was with regret a letter of resignation was read from Mrs. Hugh Patterson, the treasurer. She stressed in her letter that the wonderful accomplishments that have been made certainly deserve a great deal of credit, but because of too many responsibilities she was urged to resign. Mrs. C. Anderson accepted this office for the balance of the year.

Mrs. Turkoz reported the vacuum cleaner had been delivered to the school Mrs. Jeffares, principal of the Sunshine School in Hornby, took great pleasure in accepting the gift.

Inquiries for those eligible over 18 years of age in this area were to be made in connection with the Oakville workshop. In view of the O.A.R.C. 12th annual meeting and conference being held the end of April in Barrie, which members will attend, the rummage sale was forced to be brought forward two weeks. A general meeting is to be held on February 18 at the school, everyone is invited to attend. Mrs. Anderson read how mental retardation was an avoid-

able affliction. If the knowledge now available were applied, the terrible toll of mental retardation could be cut in half. The meeting adjourned and lunch was served.
