.There is plenty of talk about the need for more industry in countless Ontario communities. This community is no exception. But in one community it was possible to fell a story recently about how a few citizens, 28 years ago, had done something successfully towards attracting turer of fiberglas products officially opened its what is needed? industry.

This is how the story was recorded in a Midland paper:

vided the driving force for a group of 50 Midland men who pooled their hard-earned cash to pur-

structure could be rented, leased or sold to an industry which would provide jobs for district people. First, however, it had to be renovated and repaired, and this required a minimum of \$10,000.

country still was in the thross of one of the worst depressions the nation has ever experienced. There were not too many spare dollars pround. In \$100 and \$200 lats, however, the ductions. All to what avail? required amount was subscribed.

"Their faith in the venture was not in vain. A year later the building was sold to a leaside textile firm, which subsequently employed 100 people.
