Consumer Credit Subject At M.Z. Bennett H. and S.

Parents attending the general meeting of the M. Z. Bennett Home and School Association Wednesday, April 7 had the pleasure of hearing chorale numbers from the Halton Music Festival provided by children of Grade IV and members of the senior choir.

After hearing the minutes of the previous general meeting and the treasurer's report, members were informed that a fund raising project taking the shape of a bake sale would be held on May 8 at the school.

It was announced that Mrs. Gloria Coats would represent the Home and School Association at the Halton Music Festival to be held at the Robert Little School on April 14, when presentation of a trophy would be made.

President, R. Drinkwater, introduced Tom De Vries who chose to speak on the subject of Consumer Credit. Mr. De Vries informed the group that this was, indeed, an important matter where thoughtful parents could advise and guide their growing children of its benefits and pitfalls, especially as a large part of our disposable income was now some form of credit of some form or other. A lively question and answer period ensued.

Mrs. Jeffries, Principal of the School for Retarded Children, will be the guest speaker at the next general meeting scheduled for May 19.

After adjourning, refreshments were served by the social committee headed by Mrs. Gwen Bannan.

Plan Kitchenette For Knox Meetings

New cement floor has been poured in the newly-lowered Knox basement and partitions are going into place in washrooms and the new kitchen. New steps have been constructed for the rear exit from the basement.

Daughters of Knox decided to underwrite the cost of providing kitchenette facilities in the small room adjacent to the newly built auditorium upstairs behind the gallery. This multi-purpose auditorium will seat groups of from 15 to 50, so the Daughters of Knox decided to provide facilities for serving lunches there.

The plumbing for the new kitchenette is in. A special congregational meeting will be held Wednesday, April 21 to discuss changes in the plans and completion of the entire project.
