Agricultural Limestone Increases Soil Value

Agricultural Limestone is ap-plied to soils to increase their pH value. As the pH value of a farm drops, the acidity increases and crops such as alfalfa do not grow well. These acid soils are low in calcium and sometimes Magnesium as well.

Only Limestone is capable of correcting the acidity and sup-plying calcium. As the pH is raised closer to the neutral level of 7.0, soil microorganisms thrive better and many of the nutrients in the soil and more readily avail-able to the plant. An abundance of Calcium in clay soils is the first step in the promotion of good soil structure.

You're getting old if you re-member when Phil LeSueur won the "B" aggregate at Waterloo with a nine game pinfall of 2361. That winds it up once again, my friends, so adios, amigoo, and goodnight, Daly City.

Manor Auxiliary Planning Bazaar

The Halton Manor W.A. met on Wednesday, April 7. Mrs. Allen opened the meeting and had the Manor Prayer said in unison. Mrs. Allen thanked the ladies who took the block printing course, and a special thanks to Mrs. A. Wilson and Mrs. Locke for their work on Summary Day.

Plans for the spring bazaar were discussed and conveners ap-pointed for the penny table, handicrafts, homebaking, candy and tea tables. Donations for any of these tables, especially baking and candy will be appreciated.

Mrs. Childs and Mrs. Randall offered to be lunch hostesses for the next meeting. After the meet-ing, Mrs. Hill served refresh-ments.

Grade 12-A Wins Magazine Contest

Sponsored by the student coun-cil at Acton district high school a magazine promotion program was won by grade 12-A. Students in this grade will be treated to a dinner as their reward.

The sales promotion plan en-tered by each grade was a huge success and caused a lot of ex-citement throughout the school among various grades. A large toy lion was awarded daily to the room having the largest sales and this was carried from class to class by any of the winning grade students.

As well as the daily award, in-dividual salesmen or salesladies received prizes and a pass to a school dance. Pennants, toy ani-mals, a tape recorder and record player were among the many prizes handed out.

Money made from the sales will be used by the student council for equipment and other projects sponsored by the council.
