What Gives A CLASSIFIED "MAGIC" Power Response?

Is it because so many of the ads are very small?

Is it because they are printed near the back of the paper?

Is it because so many of them are printed in small type?

Is it because everything advertised is "cheap?"

Is it because so many of them are grouped together? Obviously the answer to each of these questions is "Not"

CLASSIFIED ADS Get Quick Response

BECAUSE

The People Who Read Them Are Looking For Something

The Success of the CLASSIFIED AD is based on the NEEDS and WANTS of the People and the NEEDS and WANTS of the many thousands of readers served weekly by the ACTON FREE PRESS are many and varied!

It has become a habit of the Canadian public to turn to the Classified Ada FIRST in search of some of their most basic needs . . . housing, transpertation, home furnishings and appliances, tools with which to earn a living, emplayees to help run your home or business, or even skilled technicians to render any needed service.

When you place a Classified Ad to sell some item you no longer need, someone is waiting for your ad to appear! Someone needs that item and is searching the classified ads to find it!

That is why Classified Ads Seem to Have a "Magic" Power to Bring Response
