

IT'S ALWAYS A CHIMP'S DELIGHT when he can taste his own meal first, and these youngsters are no exception. All the delicious that make a buffet dinner a treat were available and youngsters ate heartily. Shown enjoying the meal are George Adams, Joyce Bonar, Richard Hunt and Carl Bickers.

## Sunshine School Students Prepare, Serve, Then Eat Monthly Buffet Luncheons

Jellied salads, sliced meats and all the other delicacies that make a buffet lunch enjoyable were prepared, served and eaten by the senior students at Sunshine School, Hornby, on Thursday. The one-month luncheon is only one example how these mentally retarded are taught to act out the practical experiences which they meet each day. School principal Mrs. R. P. I. Jeffares noted.

The whole idea of the buffet lunch is to give the youngsters experience in preparing and enjoying meals. Now that they know how to act at such a lunch, they will not feel awkward or embarrassed when they take the situation in public, the principal said.

The complete menu was prepared by the youngsters who showed considerable talent in the kitchen. Louise Wellwood and Bill Parry prepared potatoes for the potato salad. Richard Hunt made a cabbage salad while Carl Bickers and Joyce Bonar worked on a fruit salad. George Evans and

Carl Gaves sliced meats. The luncheon was held at a table which Bill Parry used as a table. Everyone worked together and all was ready by the time lunch hour arrived. Even the table had been set by the students.

The only unhappy part of the day came when Carl Gaves stood as the picked contents for a salad. As the children washed and lined up they were joined by three other students, Kenny Serritt, Billy Gaulty and Johnny Tomara. Many of them went back for seconds and helpings. They were obviously pleased with what they had accomplished.

Joyce Bonar collected dishes and served everyone cake. Please and thank yous were prompted by the youngsters who showed considerable talent in the kitchen. WRONGWAY DRIVERS  
The Ontario Safety League says that about eight per cent of fatal expressway accidents in the U.S. are caused by wrong way driving. About four out of 10 wrong way incidents occur because vehicles are entering at off ramps. To reduce these hazards, a new sight and sound warning system is being tested in California. The moment a wrong way driver's vehicle touch an inductive sensor buried in the ramp, payment of a 12-inch red light goes on at both ends, a blaring siren and an omnibus red sign. "Go Back - You are on the Wrong Way" becomes visible.

## History of Ebenezer Church Recalled on 50th Anniversary

Rev. W. L. Linton, minister of the church, commemorated the 50th anniversary of the church by giving a most interesting account of the history of the church.

The church was organized on November 22, 1893. The original site of the church was on the corner of the Acton Free Press and Lane streets. The original building was a small wooden structure which was used as a school until 1915. The church was then moved to its present site on the corner of the Acton Free Press and Lane streets.

The church was built by the congregation and the first service was held on November 22, 1893. The church was then known as the Ebenezer Baptist Church.

The church has since grown and now has a membership of about 100. The church is a member of the United Methodist Church.

**MADE IT!**  
Three gentlemen appeared at the railroad station alcoholically propelled. As they reached the platform the train began to move, all three staggered toward it. The station agent and porter managed to bundle two of them aboard, but they didn't get the third gentleman on the train. He stood sadly on the platform, watching it disappear.

"Too bad, mister," the agent said. "Wish you could have got aboard."

"Yeah," replied the man, "my friends'll be sorry too. They were seen me off!"

Every man carries with him the world in which he must live.
