

# Nassagaweya Applies for Grants For \$7,100 Centennial Projects

Formal application for Centennial grants has been lodged by Nassagaweya Township for park development and improvements.

The project will include work on parks at Campbellville, Brookville and Eden Mills and will total \$7,100, of which \$2,368 will be paid by the township.

Plans call for improvements to the park area at Campbellville by the addition of a half acre from the present school property and the installation of playground equipment. Expenditures in the area are estimated at \$1,300.

At Eden Mills, funds will be provided for a pump and wash-

rooms on the present park area, as well as some landscaping and shrubbery. Title to the land will be obtained by the township. Expenditures of \$1,300 are anticipated in this area.

A two-acre park area and ball diamond will be developed at Brookville adjacent to the new township offices. The estimated \$3,500 will cover levelling, grading, construction of a baseball backstop and general improvements to the area. At this site, a field stone cairn with a suitable plaque will also be erected at an estimated cost of \$1,000.

The township share of the centennial project funds has been included in the 1965 mill

rate and will not be debentured.

Final approval was received recently for the \$40,000 capital expenditure on the addition of two classrooms at the Brookville School and construction on the project will be proceeding.

Council Monday accepted with regret the resignation of George Goldstraw as township assessor, effective June 1.

The road superintendent was instructed to have a parcel of land at the intersection of the First Line and 30 Sideroad surveyed and purchased for future road improvement.

Problems with improperly placed culverts from township roads led council to insist that before a building permit is issued approval must be obtained from the road superintendent regarding the size and location of the culvert to be installed. This will apply to the property owners having access from roads maintained by the township.

# Name Department Heads At H.S. Board Meeting

High school board members Monday evening approved staff appointments from principal down to subject chairmen for next term.

Principal E. A. Hansen will again head the staff next year and Joseph Bray was named as assistant principal in place of Michael Bevan, who goes to England next term on an exchange basis.

Department heads include R. J. Lambourn for the English department and Mr. Bray in charge of science. Subject chairmen appointed include commercial, W. H. Soules; geography, C. L. Rogvaldson; languages, J. B. Lavis; mathematics, W. D. Costa; and physical education, R. K. McCallum.

Trustees wished Mr. Bevan every success in his venture next term and hoped his experiences would be an asset to the Acton school when he returns.

**Motor Mechanics**  
Approval was given to convert one of the rooms in the new addition adjoining the present industrial arts room into an area for motor mechanic instruction on an experimental basis. Cost of the conversion is estimated around \$500.

Two bids for painting at the school were received and board members agreed to discuss details of the contract with the successful bidder, J. B. Frank, at an estimated cost of \$468.12.

**Greenhouse Again**  
Ever since it was first installed several years ago, the greenhouse has constantly been a source of discussion. Monday night was no exception when property chairman Kerwin McPhail grinningly informed colleagues the school had a greenhouse but it would be awfully cold there next winter unless a heating system was installed.

Board members had been requested several months ago by assistant principal Michael Bevan to consider some kind of heating system as plants and flowers were being killed by the frost.

Lately the subject was broached again and at that time the assistant principal appeared to have a change of mind and urged the board not to spend too much money on the greenhouse.

Tuesday, Mr. Bevan repeated this statement but suggested the property committee contact the new agriculture inspector for ideas on how the greenhouse could be heated economically. The property chairman will also contact the local hydro commission for estimates for electric heat.

**Dress for Fall**  
Trustees expect the proposed type of wearing apparel for boys and girls will be worn when the fall term begins.

It is also hoped the driver training course can be started at that time.

Finance chairman Chester Anderson wondered why two lathes used in the shop classes hadn't been overhauled prior to ordering a new one at a cost of \$900. He reported the vocational committee had inspected the lathes and suggested they could be overhauled for an approximate cost of \$250.

Principal E. A. Hansen said the shop teacher was of the opinion the lathes were beyond repair. Trustee Tom Watson noted the members of the vocational committee were in a position to know what equipment was repairable. The committee is comprised of several industrialists. Board members agreed three lathes were necessary in the shop room.

Accounts totalling \$25,217.14 were approved for payment.

# First Communion Sunday For 27 at St. Joseph's

Sunday of Pentecost is a very important feast in the Catholic Church because it is the confirmation of the promise of our Lord to His apostles that He would send the Holy Spirit (the Third Person of the Blessed Trinity) to enlighten and instruct the apostles of His Church to be able to go forth fearlessly and preach Christ crucified as our Lord and Saviour.

Last Sunday was the beautiful feast day throughout the entire Catholic world and it is one of thanksgiving and joyful celebration.

**27 Children**  
For the Parish of St. Joseph's, Acton, it was a double occasion for rejoicing and thanksgiving because at the 10:30 Mass 27 children of the parish received their First Holy Communion. Nineteen boys and eight girls were instructed and prepared by their pastor, Father Morgan, for this joyous occasion.

The little girls all dressed in white with veils and wreaths and the boys wearing a white ribbon on their arms with a white flower in the lapel of their coats, marched from the hall into the church while the congregation sang a very appropriate processional hymn for Pentecost Sunday, "Come Holy Ghost."

The pastor congratulated the children and their parents on the happy event and laid emphasis on their duties and obligations of not only accompanying their children to Mass but also frequently partaking with them at the Banquet of the Last Supper.

After Mass the children were enrolled in the Confraternity of the Brown Scapular by which they were placed under the protection of the Mother of God and exhorted to live chaste, humble and charitable lives, as their exemplar, our Blessed Mother.

On returning to the hall the First Communion class were photographed wearing their Scapulars and holding their First Communion Certificates, by the parents and friends, and the press (Their photograph appears on Page B4).

**Altars Decorated**  
The altars were lavishly decorated with both cut and plant flowers for the beautiful Feast of Pentecost and First Communion Sunday. The children's choir sang the Offertory, Communion and Recessional hymns during and after Mass directed by the or-

ganist Miss Irene Mulholland. The young ladies assisting the children were Misses Kathy Kenney, Rosemary O'Rourke, Mary K. Gibbens and Helen Marolt.

**Afternoon Ceremony**  
In the afternoon Father Morgan and the parishioners gathered to Little Dublin Cemetery (St. Joseph's) where there was held the annual decorative and religious ceremonies in remembrance of the dead.

the four closest numbers, will be put in a hat and redrawn. Persons holding these numbers on their programs are asked to telephone 853-2010 between 7 and 12 a.m. and 1 and 5 p.m. or 853-0147 between 7 and 9 p.m. leaving their name, address and telephone number.

**IF YOU HOLD No. 276 CONTACT IMMEDIATELY**

**PLANTING ORNAMENTS** at graves of servicemen buried in Dublin cemetery Sunday were members of Acton Lions Club and Acton Boy Scouts, represented (above) by George Lockerman and scoutmaster Roy Hawkins. The planting took place after the annual Decoration Day ceremony at Fairview cemetery.

**Added Expenses**  
Council approved a by-law applying for supplementary road expenditures of \$10,000 on construction and \$2,000 on maintenance due to the severe winter conditions.

Municipal employees Calvin McIntyre and Mrs. Vera Cockram were enrolled in the Ontario Municipal Employees' Retirement System.

The gravel pit license of Chas. Mitchell was renewed and general accounts totalling \$1,322.49 were approved for payment. New building accounts of \$7,193 were also approved.

# Circle Informed Of Children's Aid

On Monday evening members of the Baptist Mission Circle journeyed to Milton and held their June meeting at the home of Mrs. Bryan Harris, Queen Street.

The president, Mrs. Lambourn opened the meeting with an article on going forward with prayer.

During the business session reports were received on a parcel sent to Mr. and Mrs. Ruid in India, and money sent to White Cross work. Arrangements were made for the annual picnic to be held in mid July at the home of a former member, Mrs. Lloyd Hilyer of Guelph.

Mrs. Chapman gave a fine devotional talk on John 15th chapter. Marg Bailey spoke on "Wanted a Missionary Heart" and impressed on the members that a missionary heart was a growing heart, a glowing heart and a going heart. The meeting closed with a season of prayer for the Home and Foreign Missionary work.

Lately the subject was broached again and at that time the assistant principal appeared to have a change of mind and urged the board not to spend too much money on the greenhouse.

Tuesday, Mr. Bevan repeated this statement but suggested the property committee contact the new agriculture inspector for ideas on how the greenhouse could be heated economically. The property chairman will also contact the local hydro commission for estimates for electric heat.

**Dress for Fall**  
Trustees expect the proposed type of wearing apparel for boys and girls will be worn when the fall term begins.

It is also hoped the driver training course can be started at that time.

# New Teachers Named for AHS

High school teacher Joseph Bray has been named as principal, Acton District High School for the next term. He replaces Michael Bevan, who is leaving on a year's exchange in England, replacing a teacher who will come to Acton high school for a year. Mr. Bevan leaves New York City with two children on August 18 and will teach biology and basic sciences at William Pitt school at Waltham Forest in Essex, north-east of London. Since his son, injured in an accident at Ridley College, will be having a cartilage repair operation this summer and his oldest girl is taking nurse's training, his wife will go to England later. He'll be living near Ron Lewis' mother, who is expected to visit here again this year.

He is replacing Miss Rosemary High who comes to A.D. H.S. She arrives on the Franco-nia on August 6 and will be boarding at Pilkington's. Mr. Bevan has arranged for her to take a course in conversation, to acquaint her with Canadian science, before school starts.

New teachers engaged at the high school for next term include Miss High, who will teach science; Miss M. K. Juhász of Sudbury, who will teach history and guidance; I. H. McGillivray of Weyburn, Sask., who will teach commercial and history; Miss L. Ostrowski of Toronto, who will teach history; A. Sharaf of Egypt, who will teach English; Mrs. M. J. Stockdale of Nanapan, who will teach girls' physical education, and Mrs. K. R. Walker of Guelph, who will teach French.

Teachers leaving the staff this year include Mr. Bevan, who will be on an exchange basis for a year; Miss Sonia Moulton; Miss Dianne McConnell, who will take a post graduate course at the University of Toronto; Ron Hamm, who will teach in Hamilton in order to take night courses at McMaster University; and Miss Marilyn Way, who is getting married.

# Peter Glynn Given Engineering Degree

Peter Glynn, son of Mr. and Mrs. John R. Glynn of Limehouse graduated from Royal Military College of Canada at Kingston on May 28, with his Bachelor of Engineering degree, and regular commission as a Lieutenant in the Canadian Army, Royal Canadian Electrical and Mechanical Engineers.

Born in Toronto, October 14, 1944, Peter moved with his parents to Limehouse as a child and received his public school education at the Stone School, S. S. No. 16, graduating to high school, Georgetown, at 10 years of age. He attended Royal Roads Military College at Victoria, B. C., for two years, prior to completing his course at R.M.C., Kingston. During his final year, he participated in sailing, judo, water polo and rugby. Presently, he is taking an officers' training course at Camp Borden. He won an achievement award as a member of the team for inter-collegiate sailing regatta.

Canada's first postage stamp, the "three-penny beaver" of 1851, depicted a beaver in a forest setting. It was designed by Sandford Fleming.

# RECIPE OF THE MONTH

**QUICK CHERRY CRUNCH**  
A dessert delight for easy summer dining.

Heat oven to 325. Mix graham wafers (crushed-to-fine-crumbs), sugar, cinnamon, butter and salt. Sprinkle three-quarters of crumb mixture over the bottom of an eight inch or nine inch cake pan. Pat down gently with the bowl of a spoon. Spread the Canada Choice cherry pie filling over crumb base. Then sprinkle on remaining one-quarter of the crumb mixture. Bake for 30 minutes. Serve warm with cream. Serves 6.

16 graham wafers (crushed-to-fine-crumbs)  
1/2 cup brown sugar  
1 tsp. cinnamon  
1/2 cup melted butter  
1/4 tsp. salt  
1 20-oz. can Canada Choice cherry pie filling.
