Youngsters Register Summer Playground

Registration forms are being filled out for the summer playground and swimming program. The playground program will be held at the park July 5 until

August 13. This year the swimming program will be divided into two sections. Section number one will begin July 5 until July 23, and the second section will start July 26 until August 13. Swimming classes will be held at the park pool for anyone de-

siring to learn to swim. Forms at Schools Forms for registering were distributed through the schools and seat home to parents with the children. Recreation director Harris Rue is asking that all forms be returned to either the school principal or the Commupity Centre by June 17 to he may divide the children into various

age groups. The summer playground program is open to all children from the age of vix up. Any child who is not yet six but has been in kindergarten a year is also eligible to register

Leaders Needed A successful playground and swimming program that provides fun for the children re quires a continuing group of leaders, points out recreation director Harris Roe. In order that this leadership may be built up to provide more and better programs for luture years, the Acton Recreation Committee is operating one program this

summer at Prospect Park In addition to one week of local training, most of the leaders will spend a second week at a leadership training camp oper ated by the Recreation Direct ors' Association of West Central Ontario.

Similarly, while the swimming

leadership is being built up, this

program will be kept small. Be-

ginners and judpoles will be handled at the park, while the more advanced awimmers may receive instructions at George-In order to build up the future swimming program, volunteer leaders anywhere from 16

to 60 are required to take swim-

ming courses during the winter

tal expected. About 8,100 letters containing leaflets, a package of seeds and a personal letter from the campaign chairman, were sent out to resia-50 dents of Acton, Georgetown and Milton. The chairman was pleased with the response from Acton and Milton citizens but was disappointed with amount raised in Georgetown. Totals for the towns so far are \$488 from Acton,

\$737 from Georgetown and \$677 from Milton. Proceeds from the campaign will go toward the start of an adult training workshop for the mentally retarded of the North
