ANNOUNCEMENT

856-9584

cover dependent children to 21st birthday

Beginning September 1, 1965, benefits under the Ontario Hospital Insurance "Family" pre mium will be extended to cover eligible unmarried, unemployed dependent children until they reach their 21st birthday (rather than to the 19th birthday as in the past). This will apply, also, to the supplementary 'semi-private' coverage for which some residents remit additional premiums to private carriers through the Com-

Separate premiums will be required when such dependants reach age 21, or marry, or become regularly employed. Applications for registration are available in hospitals, banks, Province of Ontario Savings Offices and

Commission offices. The Family premium, however, will cover a person over age 21 who is dependent upon the insured parent or guardian because of physical or mental infirmity, provided he or she was the Insured parson's dependent before ago 21.

Refund of Premiums

An unmarried, unemployed person who will now become eligible as a family dependant under age 21 because of this new regulation, and for whom separate premiums have already been prepaid beyond September 1, 1965, as entitled to a refund of premiums back to that date. Refunds must be requested as this is the only means of identifying those eligible. The form at the bottom of this announcement is for the convenience of Pay Direct members in claiming this refund. Premiums prepaid through a group (other than as an employee) will be refunded through the group.

Note:

Commission literature is being changed to show the new age limit. In the meantime, please read all references to age 19 in existing pamphlets as "age 21".
