## Chapter Loses Three Members in Summer

The Duke of Devonshire chapter met at the home of Mrs. D. Leslie, Bower Ave., on Wednesday, September 7. Mrs. H. R. Leese, the Regent, presiding. A minute of silence was observed in memory of three members who have passed away during the summer months Mrs. C. L. Poole, Miss M. Mainprize and Mrs. L. Hamilton are sorely missed by the members.

Mrs. Leese described the graduation banquet which she attended in June. Members volunteered to tag during the two fair days, September 17 and 18 to raise funds for educational purposes. Plans were outlined for activities during the coming months and articles for a book are being prepared.

Tom McKown gave a most interesting account of the United Nations seminar held at Waterloo College in June. Acton's four delegates represented France this year and Tom explained the time and effort that the delegates spend accumulating information not only for the country they represent but also that of the other countries they must know to be able to debate effectively.

The study and research of this group sparks a tremendous interest in world affairs and the part the United Nations can do in resolving differences.
