Halton Shorthorns Sweep C.N.E. Gardhouse Wins Premier Banners

Two strong Halton County Shorthorn herds furnished strong competition at the C.N.E. The herd of R. W. Gardhouse, Milton, won the Premier Breeder and Premier Exhibitor banners, with S. G. Bennett, Georgetown, runner-up in both cases.

The Gardhouse senior yearling bull, Aberfeldy Field Marshall, was named grand champion bull of the show. His sire, Aberfeldy Royal Robin, had won similar honors three years ago. Other Gardhouse wins included: second and third in the youngest bull class; first in yearling bulls third in yearling heifers, second in breeder's herd, first in get of sire, and the three bull class.

Bennett's summer yearling bull, Scotsdale Valhalla, was named reserve grand champion of the show. The Bennett mature cow, Scotsdale Ruth Augusta, was named grand champion female. Her sire, Scotsdale Jupiter, is a former Toronto and Chicago Supreme Champion. Other Bennett wins included: third in oldest bull class, first in youngest heifer class, first in breeder's herd, and

Halton Shows at Ex McCaig Has Champion Jersey

This year's Jersey show at the Canadian National Exhibition was down in the number of head exhibited, due to the reduction in the number of classes under the new Hays classification. Judge of the show was Wm. Gilmore, manager of Wendybrook Jerseys, Swetsburg One.

Donald H. McCaig, Norval, Ont. showed the Grand Champion cow, Norval Acres Favorite Blonde.

Premier Exhibitor Award went to B. H. Bull & Son, Norval, who also tied with Alfred Bagg & Sons for Premier Breeder Award.

Herds from Peel and Halton Counties were well represented at the show. As well as Premier Exhibitor and tied for Premier Breeder, B. H. Bull & Son showed the second prize bull call, Brampton Prince Aimer; the fourth prize yearling bull, Brampton Radarbel; the fourth prize yearling heifer, Brampton Sleeping Beauty; the first prize 3-year-old cow, Brampton Aim R. Carom; the third prize cow, five years and over, Cedar Creek Flossie; and their Breeder's Herd placed second.

D. H. McCaig & Son, Norval, had the Grand Champion cow, Norval Acres Favorite Blonde; and their 3-year-old cow, Edgela Acme Juliet placed second in her class. In the Breeder's Herd class, they came fifth.

Kenneth Ella & Son, Hornby, showed the first prize yearling heifer, Rock Ella Acme Diana, and among other prizes, placed eighth in a class of 28 two-year-old heifers with Rock Ella H. C. Dinah.

Ernest Alexander, Norval, placed 6th in the Open Kiet of Six.

CONGRATULATIONS
Oakville, August 31, 1965.

Dear Mr. Dills:
I would like to congratulate the Acton Free Press on winning second place in the best all-round newspaper class in its circulation bracket. The people of Acton and the surrounding area are, I am sure, extremely proud of the quality of their local paper.

Please extend my congratulations to all the staff of the Acton Free Press who have made this award possible.

My best wishes for the future.
Yours sincerely,
Harry C. Harley, M.D., M.P., — Halton

COUNTY OF HALTON WEED CONTROL NEWS

BY V. E. MCARTHUR
WEED INSPECTOR

Losses from weeds are very high to farmers. It is estimated that they are robbed of about \$200 million annually in Canada. The greater portion of this loss is reduced crop yields. It is true that nothing can be done about this year's crop losses, but after-harvest cultivation will help to reduce next year's weed population.

After-harvest cultivation is an excellent practice in fields that are not seeded to grasses and clovers. Just wait until weed seeds have sprouted, the many varieties can be eradicated by the use of discs and cultivators.

Early fall ploughing may be a bit old-fashioned, however, it will also do a good job of controlling several species.

Applications of chemicals such as 24D etc. also have their place after harvest, since this is when the weeds are in a young, fast growing stage and more susceptible to control. More than one application of 24D is necessary to kill weeds like Bind weed, Plantain, Sow Thistle and Canada Thistle. Another reason for fall spraying is that many weeds such as Papergrass, Pen-wereas, Shepherd's Purse, Fleabane and Wild Carrot are just

Sees Vintage Year For Apple Growers

Around the lower lakes heavily laden limbs of maturing apples promise a vintage year for Ontario apple growers.

Harvest will be slightly later this year, with the first Macs going to market in volume in mid-September.

The good crop of yellow transparent parents and Melbas in August was a foretaste of this year's good apple harvest. It looks as though there will be an abundance of colorful Snow apples for the Halloween season.

Ontario growers and marketers are enthusiastic over the quality of this year's crop. They are sizing up well," says grower Art Kemp of Burlington, "and with some bright sunshine will match last year's colorful crop.

The Ontario apple industry is taking further steps this year to place better quality apples on the market, Mr. Kemp says.

At least one major warehouse and shipper is planning to operate double shifts to harvest and pack when the quality is highest. A good price for juice apples will, it is expected, ensure a market for the lower quality apples and, clear them off the market quickly.

Ontario will put more apples than ever into controlled atmosphere storage this year. Only the highest quality apples are put into this storage to ensure good keeping until the vaults are opened in late winter.

"Quantity may be just a little short of last season; but the climatic conditions so far are cooperating to make this one of the best quality crops we've grown in Ontario," says Mr. Kemp.

HIRE ME BACK
A bank teller skillfully embezzled \$20,000 and did it so neatly that the bank couldn't prove a case. All they could do was fire him.

The next day, the teller applied for his old job. The personnel man was floored at his gall. But the embezzler pointed out: "My wife and I have everything—a home, clothes, new car. Why hire someone who has to start from scratch and might be tempted to steal?"
