

Students' Courses, Reunion, Auction, Meeting of Interest

Visitors at the home of Mr. and Mrs. E. B. Howard were Mr. and Mrs. S. C. Davis of Burford and Mrs. John Edgar of Paris.

A large crowd attended the reunion of the former students of the late St. Albans school on Saturday.

Word was received of the passing of Charles Ford of Guelph last week. Mr. and Mrs. Ford and family were former residents of this community, where they farmed on 17 acres, and later moved to the home on the east side on David Street's upper farm. Since reuniting in Guelph, he has been a member of the Guelph and Family.

Un-University
Garner Bruce returns this week to the University of Guelph to continue his studies in Agriculture Economics, this being his fourth and final year.

After spending a holiday with his parents, Mr. and Mrs. Gordon Aitken, John Aitken has gone to Hamilton, Ontario, where he is employed with the Bell Telephone Company in Guelph.

Yuking Science
Sandra McEwan, who was an honor graduate of Grade 13 at Erie District High School in 1964 and who has been employed at the University of Guelph for the past year, has enrolled at Wellington College, University of Guelph, for the science course.

Hamilton Studies
Brian Robertson, who was also an honor graduate of Grade 13 at Erie District High School in 1964 and who has been employed in an office in Guelph for the past year has enrolled at the Institute of Technology in Hamilton for a course in Industrial Management.

Family Reunion
D. G. and Mrs. Robertson and Brian attended a "Robertson family" reunion and dinner on Sunday evening at the home of Mr. and Mrs. Lloyd G. Robertson of Guelph, when 31 members of the family were present for the happy occasion.

Peggy McCrae entertained several of her playmates on Saturday afternoon on the occasion of her ninth birthday. Games and contests were enjoyed, concluding with a bountiful lunch served by her mother, Mrs. Allan McCrae.

Grandmothers' Meeting
The Opeping Ladies' Aid met at the home of the president, Mrs. Byron Dixon, who welcomed the visitors and members after the summer recess for the special grandmothers' meeting.

Mrs. G. Aitken introduced the new Devotion and Study book for the year, "Missions with a purpose." The first chapter included Scriptures from Exodus 19 and Isaiah 43.

Two solos, "Lord Place my feet on the highest mountain," and "Bless This House" by Mrs. F. Roden were enjoyed.

Mrs. E. Fisher read a chapter from the study book. The roll call, "an old fashioned remedy," brought forth cures, with goose grease and turpentine to onion poultices for various ailments.

A number of ladies plan to attend a Tea at Ballinlap on September 16.

A reading by Mrs. W. Bruce and a contest conducted by Mrs. G. Suter concluded the program.

Mrs. Byron Dixon closed the meeting with prayer and lunch was served by the hostess, assisted by Mrs. C. Storey and Mrs. G. Jackson.

16th Birthday
The 16th birthday of World Christian Fellowship was celebrated by the Everton Christian Women's Fellowship at the home of Mrs. M. Jackson with 16 ladies in attendance.

Mrs. A. Lillis presided and opened the meeting with a poem and prayer.

Baptist Women Resume Activity

With fall fair in the air and summer (if any) behind us, thoughts turn once more to meetings, and for the Baptist women it was the Marion Ridd Mission Circle, at the home of Mrs. Lloyd Bulmer. With the president, Mrs. Charles Landsborough in the chair, members enjoyed a devotional reading, sang a hymn, heard minutes read by the secretary, Mrs. Lott, and had a short business meeting and Scripture meditation.

Mrs. Quoe and Mrs. Lott took over, the subject being the schools and markets of Bolivia. A drawing was made of the Rev. A. B. Reekie, a former resident of Acton, for whom a Bolivian school was named. Prayers were offered by Mrs. J. Ralston for India, Mrs. G. Harrop for Angola, Mrs. F. West for Home Missions and Mrs. M. Helwig for Bolivia.

Following this Mrs. Landsborough spoke of the Mission Band, its aims and objectives and Mrs. Lott gave a brief resume of the Explorers' program. In the hearty singing of the Explorers' hymn "This is my Father's World," the ladies seemed to roll back the years and became once again young teenagers around a camp fire.

By no means the least interesting feature of the evening was the "Talent Table" presided over by Mrs. G. Ralston. Here home baking and candy shared the honors with fresh garden vegetables, jams and jellies. The proceeds from this sale will help to provide a Christmas parcel for Jim and Marion Ridd in India.

A pleasant social hour was enjoyed tea hostesses being Miss Jessie Cules and Mrs. H. Helwig. Mrs. C. Bulmer thanked the hostesses. Mrs. L. Ralston for the use of her home.

CHURCHES

Joan Brooks, Donald Brown Wed at St. Alban's Church

Night Driving Most Dangerous

Every second hour, on the average, someone is killed on Canada's streets and highways. Someone is injured every four minutes. The annual economic loss exceeds 13 million dollars per day, according to All Canada Insurance Federation.

Many automobile accidents occur at night and on the long weekend trips. The Federation, representing most Canadian fire, automobile and casualty insurance firms, recommends these rules for night driving.

- 1) Do not drive when overtired. Stop for coffee or a short nap.
- 2) Do not rely on "wake-up" pills. Their effects are sometimes unsafe.
- 3) In general, drive slower than you would during the day time when visibility is good.
- 4) Keep a special watch for pedestrians in dark clothing.
- 5) Always dim your lights when following another car or approaching other cars.
- 6) Keep well to your own side of the road. Approaching drivers use your lights to help ascertain your own position.
- 7) Pull well off the highway if you must stop for repairs or other reasons.
- 8) Always carry a flashlight or flares for use in emergencies.
- 9) Pump your brakes several times to give a good warning when you are about to stop.
- 10) Signal all turns.

Driver Education Course Starts Soon

The program to train careful drivers in our province got another boost this week. The Acton District High School Board have started the Driver Education course and engaged teacher Clarence Rognvaldson to conduct the training.

The initial meeting of interested students was well attended, 20 being present. A large number of questions were asked and Mr. Rognvaldson answered these and gave each person present a complete brochure on the program.

Classes are to begin with a familiarization session on Friday, September 17 with regular classes to commence on Monday, September 20. Classes are after school hours. Students must be over 16, pay \$10 tuition fee and \$2 for a beginner's permit.

W.M.S. Meeting

The regular W.M.S. meeting was held at the home of Mrs. Mills last week.

Mr. David Roughley has enrolled at Ryerson School of Technology.

Mr. Peter Scholtz is taking a course at Western University.

Mr. Frank Anthony is enrolled at a two year course at O.A.C. Good luck to all.

Last Week Mrs. Ted Brown posted tea and Misses Betty Ann and Mary Lou helped serve at the troupeantea for Mrs. Brown's niece, Miss Sheila Bloor of Malton, in the evening of Sept. 4.

Miss Alice Booth flew home after a year in Holland on Sept. 6. Since her graduation in physiotherapy from university of Toronto she has been on the staff of a Dutch hospital.

OBITUARY

U.C.W. Plans For Anniversary

Ebenezer U.C.W. held an interesting meeting when a film on Trinidad was shown. Mrs. George Robertson read the Scripture.

It was decided to give a monetary donation rather than having a fall bazaar.

The special anniversary (50 years since the church was opened) will be on December 12. Seventeen ladies answered the roll call with the name of a missionary.

The Sunday School was well attended. Mr. Leeman's sermons are dealing with the land of Palestine in our Lord's day. The choir rendered the anthem "Be still, my soul, the Lord is on thy side."

Advance Notice Ebenezer Sunday School and Church will be cancelled one week from Sunday, September 26, for the benefit of all those who would like to attend Eden Mills' anniversary.

In Classroom, Car

This course consists of at least 25 hours of classroom instruction and at least six hours of practice driving in a dual equipped car plus time spent as an observer. The car and its occupants are adequately covered by insurance during the instruction period.

A student must report regularly with class both for the classroom instruction and the in-car training. If he falls behind in attendance or work in either section, he may be dropped from the course.

The aim of Driver Instruction is to develop the knowledge, attitudes, habits and skills necessary for the safe operation of a motor vehicle. Students successfully completing the course will have a fundamental background necessary for expert driving. However, they will need additional driving experience under parental guidance and direction, Mr. Rognvaldson explains.

MEASLES AND THE TELEPHONE

Everybody knows that measles bring spots, but how many people know that measles brought the first telephone numbers into use?

Way back in 1879, when a measles epidemic hit the town of Lowell, Massachusetts, a local physician named Dr. Moses Greely Parker realized that if the town's four operators came down with the measles, telephone service would come to a halt.

Dr. Parker suggested that numbers be used instead of the names of the 1200 Lowell subscribers, so that substitute operators, if they were needed, could learn to operate the exchange as quickly and easily as possible.

We're not told whether or not the regular operators ever did come down with the measles, but we do know that numbers have been a very important part of telephone service ever since!

THE DIRECTORY AND THE TELEPHONE

Early day telephone directories were usually just lists of people in town who had telephone service, with an explanation of how to crank the phone to get the operator's attention. But not anymore! The first few pages in today's phone books are filled with lots of useful information: numbers to call in emergencies, for telephone repair service, for assistance on calls, and to order new services or changes. They give instructions for speeding your Long Distance calls, and a list of Area Codes. These "how-to" pages are there to help you get top value from your telephone service. And that's a pretty good reason for using them!

Here's a little story that should warm the heart of any Acton businessman:

A small-town boy went into the neighborhood drugstore to use the pay phone. The druggist could not help overhearing the lad's side of the conversation, and it was a model of smooth salesmanship.

"Dr. Jones? Doctor, do you need a hardworking boy to take care of your lawn? Oh, you already have a boy. Is he good... I mean does he really know his job? Are you satisfied with his work? You are? OK then... thanks anyway."

The druggist couldn't help expressing his regret. "Too bad, Jim. Sorry you didn't get the job."

"Oh, I already have the job," was the cool answer. "I was just checking up on myself!"
