

TOURNAMENT HOSTS, Acton I.G.A., won their first two games but lost a 2-1 heartbreaker to Galt Gores in the semi-finals. Bat boy Harry Lawson Jr. is in front. From the left in the front row are D. Tosh, Dan Arbic, Gary Masales, Denis Gibbons, Phil (Scotty) McCristall, manager and tourney chairman Harry Lawson. Back row, Wayne Marshall, Pete Lawson, Harold Townsley, Frank Daley, Carl Leybourne, Gord Fricker and Ross Spicer.

Roberts Fashions One-Hitter Merchants Blast Corinna 6-0

Veteran left-hander Jack Roberts fashioned a brilliant one-hitter on Sunday afternoon as Campbellville Merchants moved within one victory of O.H.A. Intermediate "C" finals by blasting Corinna 6-0.

The crafty curve-balling ace was at his best as he faced only 28 batters over the nine-inning route, striking out four and not walking a man. Getty's single to open the fourth inning was the only Corinna safety in the contest and he was wiped out on the front end of a double play. Two other batters reached base on an error and another on a fielder's choice. One Corinna runner reached third but the rally was killed when a fly-ball was caught to end the inning.

The victory in the opening game of the best of three series sets the stage for the second contest to be played in Corinna on Saturday afternoon at 4 p.m. The third game if necessary, has been tentatively set for Sunday afternoon in Corinna. The Ontario finals will probably start on either September 25 or 26.

At Wingrove's two-run home run over the right field fence after a single by Ken Moore, gave the Villagers a 2-0 lead in the fourth inning of Sunday's game.

With one out in the bottom of the sixth Earl Cairns doubled and scored on Stan Henderson's single. Bill Elliott was hit by the pitcher and Joyce singled to lead the bases. Stu King's double drove in two runs and Jack Roberts singled to tally another and give the Merchants a 6-0 lead.

Getty had Corinna's only hit while hard hitting Stan Henderson led the Campbellville attack with three hits. Al Wingrove homered, Earl Cairns and Stu King doubled and Ken Moore, Don Joyce and Jack Roberts all singled.

Galt Gores ...

(Continued from Page 4)
receipts of a draw won by Jim Higgins, Evelyn Cole and George Cooper, all of Acton.

Tournament chairman Harry Lawson, afflicted with many king sized headaches making arrangements for the event, thanked all who helped make it a success. He was especially grateful to Maxwell Nellis who skinned the hardball diamond and town officials and workmen who cooperated in the venture. There was no charge for either.

THE McISAAC FAMILY on Friday celebrated their 40th year in the garage business in Acton. A crowd gathered for the occasion when Mr. McIsaac gave away 50 silver dollars during draws. Mr. and Mrs. McIsaac are shown with sons Barry and Kenneth. All are active in the business.

"TENACIOUS TIGER"

Not often does an outdoor writer have reason to refer to a speckled trout as a "tenacious tiger", but that's the title of an exciting article appearing in a recent issue of Field and Stream. For his story, Mel Ellis canoed through the virgin wilds of Ontario's Lake Superior Provincial Park and its myriad seldom fished lakes and streams, a trip necessitating no less than 27 portages. His article is illustrated by on-the-spot photos taken by Robert Muckleston, chief photographer of Tourism and Information. And, needless to say, the fishing was right out of this world.

Faulty spark plugs can waste as much as one gallon of gasoline in every 10.

Gideons, Baptist Minister Conduct Services of Worship

The last church service in the July and August schedule of church services was held on Sunday afternoon, August 29. This schedule had been drawn up under the auspices of the Oakville-Milton Camp of Gideons International.

This last service was conducted by a group representing the Founding Members of Winnett Memorial Baptist Church in Oakville. The service had as its leader, Stan Wright, a member of the Oakville-Milton Camp, and the sermon was delivered by Rev. Harold Bayham, minister at the Church mentioned above. Joan Bayham was the organist. A group of five singers sang duets and a selection for all five. Wendy Sweeting and Douglas DeLong sang one duet and Barry Sweeting and Victor Runkel sang the second duet. These four singers with Barry Bayham added singing added much to the inspiration of the service.

Art Sweeting read the Scripture Lesson which was verses 111 of Psalm 103. Mr. Bayham's earnest and thoughtful sermon was based on verse 31 of Chapter 40 of Isaiah.

Mr. Bayham began his sermon by asking his congregation the questions, "Do you ever feel tired and weak? Do you ever wish you were young again?" He painted a word picture of an eagle on a crag at the top of a mountain. He then compared an over-coming Christian, that is, a Christian who overcomes his difficulties to the eagle which mounts up into the sky from its resting place.

Mr. Cules began his sermon by saying that the Christian life should be a joyful life and that Jesus gives joy to the Christian in order that the Christian's strength may be renewed if we have not the joy that springs from the love of that Jesus gives us, it may be because we have sinned. If we have this joy we show it in love for others.

Several of the men and women residents of the Manor enjoyed being the guests of the Steam and Antique Preservers Organization over the Labor Day weekend. They found the various activities very interesting and amusing.

COUNTY OF HALTON WEED CONTROL

WEEDS CAN BE BEAUTIFUL. We are often reminded these days of the importance of having proper attitudes. For example, to be a safe driver on the highway, one must have the right attitude, or to get along well with other people, generally we must have the necessary attitude. So it may well largely depend on our attitude or frame of mind, if we are to see anything of beauty in a weed.

To the farmer, a weed is usually a plant out of place, and to the urban dweller, weeds are often a source of discomfort from hay fever etc. Aside from these facts, if we can control our attitude and look for beauty in a weed, we can find it. Here are a few examples of how weeds can be beautiful.

At the O.A.C. in Guelph, you

will find a special bed of weeds. They are labelled as to variety, carefully cultivated and cared for. While this is, of course, an exhibit for educational purposes, it is generally admitted by visitors in July that it is attractive looking and compares very favourably to other flower beds as a beauty spot in the college grounds.

Lovely Wild Carrot
Housewives are using the flowers of weeds quite a lot for bouquets for their living room tables. Frequently, I have seen ladies picking rose-eye daisies and brown-eyed Susans etc. for this purpose. One of the most recent for. While this is, of course, an exhibit for educational purposes, it is generally admitted by visitors in July that it is attractive looking and compares very favourably to other flower beds as a beauty spot in the college grounds.

The Queen Anne's Lace, which is naturally white, responds quite quickly to this treatment and will turn to the desired color in a couple of hours.

Engage Mac Anderson New Nass. Assessor

Mac Anderson was engaged by Nassagawaga Council as Town ship assessor in a meeting held last week.

Mr. Anderson begins his duties on September 16. He has been an employee of King Calcium Products for the past 12 years.

Council also approved mailing copies to all ratepayers of the proposed zoning by-law. The copies are to be in the mail this week, clerk Cal MacInivere reported, with objections to be received until October 1.

Issue Debentures
A third reading was given the debentures by-law authorizing the sale of \$40,000 in debentures to cover the two room addition at Brookville School. The 20 year debentures will carry interest coupons of 5 1/2%.

Ontario Hydro will be asked to install five street lights at Brookville, council decided. The lights will be similar to those erected in the vicinity of the race track.

Relocate Road
The Road superintendent was authorized to purchase the necessary land for relocation of the Given Road through the east half of lots three and four in Concession Four. A price of \$200 an acre was approved.

Approval for payment of \$6,314.68 in road accounts, \$2,612.70 in building accounts and \$1,206.28 in general accounts was given.

Hold Junior Plowing Match

The J. E. Whitelock Memorial Trophy, awarded annually to the highest scoring contestant in the Halton County Plowmen's Association Match was won Saturday by John Breckon of R.R. 2, Burlington.

John, competing in Class 1 for plowmen between the ages of 14 and 16, out-pointed five other contestants to win the coveted J. E. Whitelock Award, presented by Halton and Peel Trust and Savings Company in memory of the former Halton Agricultural representative.

Four plowmen competed in the senior division for the right to plow in the International Plowing Match on Thursday, October 14 and Bryan Marshall of R.R. 4, Milton and Larry Pickett of R.R. 3, Georgetown, were the winners. Bryan had a score of 129 and Larry a score of 119. The two other contestants in the senior division for plowmen between the ages of 16-21 were Brian Bessey of R.R. 2, Hillsburg, who finished third and Brian Cargill of Campbellville.

In the junior class there were only two contestants and John Breckon finished first with the high score for the day of 141 and Roy May of R.R. 4, Milton, finished second with the second high score of the day, 130.

The first prize winners in each division received \$20 each while second-place in each division was worth \$15 and third prize was good for \$10. The prize money is donated jointly by the Halton Plowmen's Association and the Halton County Junior Farmers.

Site of this year's match, held under sunny skies, was the Brock Harris farm on the Appleby Line just south of 10 Sideroad. Judge

for the contest was George Howstraiser of Kitchener.

The three junior directors on the Halton County Plowmen's Association executive, Harold Thompson, Bob Kerr and Ed Segsworth, were in charge of arrangements for the match on Saturday.

ONTARIO'S FAMILY STATION

Ageless Problem

These two contrasting paragraphs on the ageless problems of traffic are quoted by the Ontario Safety League from the Royal Bank monthly letter.

Hadrian, who was Roman emperor from 117 to 138, boasted "I reduce the insolent crowd of carriages which cumber our streets, for this luxury of speed destroys its own aim, a pedestrian makes more headway than a hundred conveyances jammed end to end along the twists and turns of the Sacred Way..."

When the Russian moon rocket circled its target one morning, stalled commuters were backed up as usual for half a mile at the intersections of Highway 401 and 11 outside Toronto. It was painfully evident that while the world was well into the Space Age, this six-year-old section of Highway 401 at least had never caught up with the Automobile Age.
